# Mack Denies FCC Vote Pledge

## Kohler Employee Joined UAW After 'Threat' Will Retain Job; Repays Borrowings

### Union Asks Statements Be Checked

Miesfeld Tells Probe He Would Have Faced Beating If He Balked

WASHINGTON (AP)—Herman Miesfeld, a Kohler Co. employee, testified today he joined the United Auto Workers Union under a threat he would be beaten if he didn't.

Miesfeld made the statement to the Senate Rackets Investigating Committee at the second day of its public hearings into the 45-month-old UAW strike against Kohler, manufacturer of plumbing fixtures.

Joseph L. Rauh, counsel for the UAW, immediately demanded that Miesfeld's testimony be checked against statements Miesfeld made in other investigations of the Kohler strike and that it be seriously considered for perjury charges.

### Reserves Ruling

Chairman McClellan (D-Ark.) reserved a ruling, pending a check of testimony Miesfeld said he had given at hearings of the National Labor Relations Board and Wisconsin Employment Relations Board.

Miesfeld testified that Emil Mazy, secretary-treasurer of the UAW, and Don Rand, an international representative, were present when he was threatened.

Miesfeld said he opposed the strike, and was captured by union pickets while attempting to cross the picket line. He said he was taken to a soup kitchen, he union maintained outside the Kohler, Wis., plant, and told that it was either sign up with the union or get beat up.

He said he signed, but never did pay dues and "I wouldn't know" whether the union regards him as a member.

### Long-Range Row

The Senate Rackets Committee's public hearings already had set off a long-range row in which Sen. Goldwater (R-Ariz.), a committee member, and President Walter Reuther of the United Auto Workers called each other cowards and hypocrites.

The committee is seeking to determine whether the Kohler Co., manufacturers of bathroom fixtures at Kohler, Wis., or the UAW is to blame for violent acts in their 3½-year-old strike dispute. The company and union each has accused the other, and conflicts developed even in the first day's testimony.

A long-standing feud between Goldwater and Reuther flared up again when Reuther, at a news conference, called Goldwater "a political hypocrite and a moral coward."

### Pianist Wins Appeal Case

SYDNEY, Australia (AP)—An appeals court today set aside the conviction of world-famous Chilean pianist Claudio Arrau for offensive behavior in a Sydney men's room last June.

Appellate Judge Charles Roony found that the offense had been proved. But he said it was of a trivial nature and recorded "no conviction."

Arrau, then in Australia on a concert tour, was fined \$500 (£120) by a magistrate last August. A detective testified the pianist winked at him in the men's room of a Sydney park. Arrau's lawyer contended the wink resulted from an eye ailment.

The pianist left Australia soon after his conviction. He is now on a concert tour in the United States.

### Army Probes Mistreatment Of Boy Accused Of Stealing

SEOUL, Korea (AP)—U. S. Army investigators today questioned a Korean boy whose confinement in a small, nail-studded box as punishment for stealing from an Army base raised a storm of criticism in South Korea.

The Army said it did not yet know whether charges would be filed against the military personnel responsible for putting the boy in the box and flying him 25 miles by helicopter.

Korean police refused to let newsmen talk to the boy, 13-year-old Kim Chung Nyon, until he was taken to a U. S. Army hospital, where he was pronounced in satisfactory condition, and then to an Army criminal investigation unit.

Glimpsed at the police station, the boy looked haggard and sullen. Investigators today questioned a Korean boy whose confinement in a small, nail-studded box as punishment for stealing from an Army base raised a storm of criticism in South Korea.

NOT RESIGNING—FCC Commissioner Richard A. Mack smiles as he takes papers from a briefcase at the witness table today before testifying at the special House subcommittee probe of Federal Communications Commission affairs in Washington. He told newsmen he was not going to resign. Behind him is his attorney, William Porter. (AP Photos)

### Senator Raps Report, Asks Cut In Taxes

Douglas, D-Illinois, Takes Exception To Economic Committee

WASHINGTON (INS)—The Congressional Economic Committee—less one loudly dissenting member—agreed with President Eisenhower today that a tax cut is not yet needed to stem the current recession.

Sen. Paul Douglas (D-Ill.), a trained economist and finance committee member, took issue with his 12 other colleagues and said a four billion dollar tax cut now for low and middle income groups is the "quickest and best way" to turn the tide of business.

Douglas said the "real danger at the moment is that of a cumulative breakdown in the economy." He warned that the "forces of breakdown can snowball and avalanche" and said the "time to act has arrived."

Differs On Priorities

The Democrat stressed that he differed with the joint committee majority only on the "priorities" of its 52-page report recommends to overcome the "serious recession."

The committee majority laid down these guidelines:

- Federal monetary action should be "used without hesitation" against the economic slump.
- Their report saw "no reason why the monetary authorities should hold back on supplying additional reserves."
- Federal spending should be accelerated on water resources, projects, highways, urban renewal, public buildings, schools, public assistance and expanded unemployment compensation.
- If these steps fail to work against recession, "tax reduction will be in order, but such action is not now recommended."

### Gas Rate Boost Case To Resume

CHARLESTON (AP)—The Public Services Commission resumes next Wednesday its hearing on a petition by Manufacturers Light and Heat Co. for gas rate increases.

The company is seeking an additional \$1,315,000 annually from its 48,000 customers in West Virginia's Northern Panhandle. The higher rates actually have been in effect under bond since last Nov. 6.

### Wood Alcohol Fatal To Nine

NEW YORK (AP)—Nine persons have died here this week from drinking wood alcohol.

Detectives have been assigned to locate the source of supply before more lives are claimed.

Four men and two women died after attending a Sunday night party in Harlem.

Three men, not known to have attended the party, died yesterday.

The victims were Puerto Ricans.

### Graf Zeppelin Captain Plans New Dirigible

FRANKFURT, Germany (AP)—Max Pruss, captain of Germany's famed prewar Graf Zeppelin and Hindenburg, today announced plans for construction of a new 200-passenger airship to put his country back in the dirigible business.

"Our new Zeppelin is ready in blueprint," Pruss said. "Large airships have a great future. We know the Americans are working on atomic-powered Zeppelins."

Noninflammable helium gas to inflate the dirigible, he said, has been promised by the U. S. Interior Department on the condition the airship is used on the North Atlantic route.

Pruss, now 66, was in command of the Hindenburg when it went up in flames after an explosion while landing at Lakehurst, N. J., in 1937. The disaster killed 36 persons and ended Zeppelin transatlantic service.

The new craft would be capable of carrying 200 passengers plus 70 tons of freight across the Atlantic at a cruising speed of 100 m.p.h., Pruss said. Zeppelins are very economical to operate, he said.

### Historical Famed Wharf In Maine Leveled By Fire

BOOTHBAY HARBOR, Maine (AP)—Historic and nationally famed Fisherman's Wharf burned today in a blaze that threatened other valuable shore-front property.

The fire, which started from an undetermined source, was estimated unofficially to have done \$500,000 damage to a year-old motel, restaurant, bar and hardware store.

Stores of ammunition, paint, oil and other hardware exploded throughout the blaze, endangering firemen and passers-by.

The town was the site of the filming of the musical "Carousel" and Fisherman's Wharf was prominently featured in the film, though no actual filming was done there.

### Sievers Agrees To \$36,000 Pact

ORLANDO, Fla. (AP)—Roy Sievers, the 1957 American League runner-up, today accepted the highest salary offer ever made by the Washington Senators—a reported \$36,000.

Sievers came to terms in a telephone call from his St. Louis home to club President Calvin Griffith.

Sievers reportedly got \$19,000 last season, when he hit 42 home runs and batted in 114 runs to pace the league in both categories.

### Missile-Plane Industry Told To Up Tempo

Air Force Warning Cites No Contracts For Any Which Lag

WASHINGTON (AP)—The Air Force told the missile-aircraft industry today to quicken the tempo of production, warning that there will be no contracts for those firms which fail to keep the pace.

Lt. Gen. C. S. Irvine, the Air Force's chief for materiel, said, "Companies have got to stop thinking up ways to stay in the old fashioned horse-and-buggy habit of long production runs."

Irvine chose as the forum for his warning the third annual Jet Age Conference of the Air Force Assn., which includes in its membership representatives of 319 firms dealing directly or indirectly with the Air Force.

### Fall Short Of Needs

In a speech prepared for the AFA, Irvine said missiles being developed for present requirements "fall far short of the needs that must be met in the near future." This means, he added, "that our scientists and engineers serving the Air Force and industry, working together, must progress as far in the next five years as we have in the past 50."

"Since the major share of the production engineering burden falls on the shoulders of industry, this means that plants and factories must move toward better methods, tooling and techniques at a far greater rate than they have in past emergencies."

Must Keep Pace

"Those that cannot keep the pace cannot expect much in the way of Air Force business," Irvine said.

Discussing the broad problem of technology and production in the United States, Irvine said: "In comparison to the rate of progress which the Soviets are achieving, we are not yet doing as much as we have to do; the procedures we have been following, even when speeded up, are not cutting the time factor fast enough; new ideas, new methods and attitudes are absolutely necessary."

### Jet Trainer Crashes

ANNAPOLIS, Md. (AP)—An Air Force jet trainer crashed into a tree and burned on a farm in Southern Anne Arundel County last night after its pilot had parachuted to safety.

The pilot, Lt. Col. Edwin A. Schneider, was not hurt.

### Caused Aircraft Warning Derelict Blimp Breaks Loose, Found Deflated

LAKEHURST, N. J. (AP)—An information officer at the air station, said the blimp apparently broke free after being rocked by gusty winds.

Two sailors were injured when they jumped from the gondola as the lighter-than-air craft broke loose. The sailors were not identified.

The ship, officially described as a derelict of the M4 class, is about 300 feet long and carries 725,000 cubic feet of helium.

Built about 15 years ago, it has not been flown for more than a decade and was used primarily for gathering experimental data, the Navy said.

### Crash Of British Airliner Kills 34

MANCHESTER, England (INS)—Thirty-four persons were killed today when a chartered British airliner carrying a party of 39 auto dealers and three crewmen crashed in thick fog into a desolate snowbound hill.

The first news of the crash was carried by the plane's co-pilot. He floundered through deep snow to get help at the "Winter Hill" television transmitting station about 15 miles northwest of Manchester.

TV engineers cared for the co-pilot and other survivors who managed to reach the station unaided.

### NATO Units Study Summit Parley Plans

PARIS (AP)—The Permanent Council of the North Atlantic Treaty Organization announced today that it has assigned special "working groups" to study the possibility of an East-West summit conference.

The working groups are made up of experts from the 15 NATO member countries and are under the immediate supervision of NATO Secretary General Paul Henri Spaak and the permanent representatives.

Look To Coordinate Policy

The announcement indicated that the West has decided to turn at least some of the complex problem of preparation for a possible new summit conference over to NATO. Presumably the idea is to coordinate the Allies' policy on questions likely to be discussed at a conference for the guidance of the United States, Britain, France, and any other NATO participants.

The permanent representatives who make up the NATO Council all represent their individual governments and have ambassadorial rank.

### 10 Dead, 70 Others Hurt In Twisters

JACKSON, Miss. (AP)—Tornadoes bombarded 13 areas in Mississippi last night, leaving destruction and nearly 80 dead, dying and injured persons.

Searchers moving into the devastated areas found 10 dead and about 70 injured. Two died of their injuries in a hospital early today.

Shattered buildings and shredded farm lands dotted a 140-mile long area in central and east Mississippi that stretched from Canton, 20 miles north of Jackson, and Poplarville, 120 miles to the south.

Five of the dead were in the hard-hit rural area between Richton and Waynesboro, near the Alabama line. Three were at the Farm Haven community near Canton, one near Jackson and one near Walnut Grove, 40 miles east of Canton.

One of the Farm Haven victims was Sally Day, a Negro woman reported to be 110 years old.

The first twister reported was in the Jackson area.

Mrs. Leland Bolton, a 27-year-old housewife of the Luckney community east of here, said she was setting the table for supper when the rains and hard winds came.

"It sounded like a million bells," she said. "All I could think about was my babies and family. Only the good Lord saved us. An icebox held off the falling debris when the roof fell in."

The twister also hit in the Fannin community of the same area, killing 3-year-old Cathy Jones.

### Florida Hit By Tornado

TALLAHASSEE, Fla. (AP)—A tornado struck near DeFuniak Springs early today and strong winds lashed other sections of northwestern Florida.

The Florida Highway Patrol said the tornado cut a 200-foot path through an area five miles south of DeFuniak Springs.

Capt. A. D. Cosson said apparently no one was injured in the storm. He said one small house was knocked down and another was lifted off its concrete foundation. Cosson said the tornado was confined to a small area.

Winds also increased at sea. Small craft warnings were hoisted around the entire coast of Florida except along the Panhandle.

A weak cold front was expected to produce showers in most areas with temperatures not so warm in the north. South Florida should feel little effect from the cold front, the Weather Bureau said.

### Ike Signs Debt Limitation Hike

WASHINGTON (INS)—President Eisenhower signed into law today the five billion dollar temporary debt limit increase which Congress approved at his request.

The measure boosts the limit to 200 billion dollars from 175 billion for a period ending June 30, 1959.

### Kennedys Have Son

WASHINGTON (INS)—Senate Rackets Committee Counsel Robert F. Kennedy announced today his wife, Ethel, gave birth this morning to an eight-pound son.

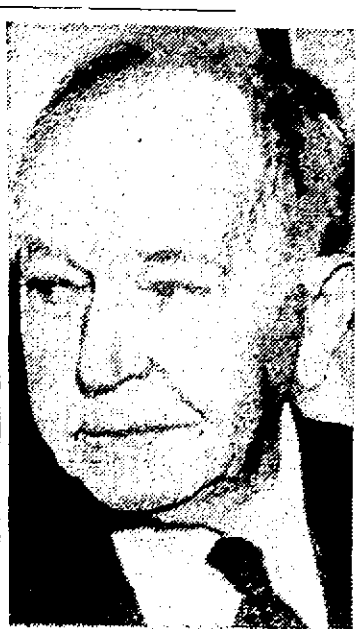

### Use Of Alcoholic Beverages Cited 'Serious Threat'

NEW YORK (AP)—The governing board of the National Council of Churches says "the use of alcoholic beverages is a serious threat to the health, happiness and welfare of many people and to the stability of families and communities."

Nowhere does the board's statement call drinking sinful. But it says that alcoholics are "persons in need of diagnosis, understanding, guidance and treatment."

The statement on "The Churches and Alcohol" was made yesterday on the first day of a two-day meeting of the board. The board is the policy-making agency of the National Council, a federation of 34 Protestant and Orthodox denominations with 38 million members.

The board said there is a need for churches to establish clinics to treat alcoholics and conduct educational programs on all phases of drinking.

### House Group Lauds Thrift Of Treasury

Appropriations Unit Recommends Cuts In Departments' Funds

WASHINGTON (AP)—The House Appropriations Committee today commended the Treasury Department for "a valiant effort to stem the tide of ever-increasing government costs and employment."

Then it recommended a nominal cut of \$2,240,000 in the department's request for \$699,357,000 in new appropriations for the fiscal year starting July 1.

The committee's praise of the report sending to the House floor for debate next week a bill to finance the Treasury and Post Office departments for the next year.

### Post Office Cut

It recommended \$697,127,000 for the Treasury Department, \$3,302,000,000 for the Post Office Department and \$1,481,000 for the U.S. Tax Court.

The Tax Court got what it requested. The Post Office Department was cut \$19,121,000 but was allotted 77 million dollars more than it was given this year. The Treasury Department's fund was \$2,440,000 less than the agency received this year. It asked for \$200,000 less.

### Permanent Funds

In addition, the bill continues permanent appropriations and trust funds estimated to total \$23,600,000,000. One of the larger items in this category is \$7,800,000,000 to pay interest on the national debt.

The committee criticized the Coast Guard for having restricted its budget for Coast Guard Reserve programs and for not having used fully the funds provided for this purpose last year.

It approved the entire 32½ million dollars requested to finance the Internal Revenue Service.

### Reads Kefauver Letter

Before letting Mack go ahead, Harris read into the record a letter he said he had received last night from Sen. Kefauver (D-Tenn.), whose name has been brought up in connection with Katzentine's bid for the channel.

There was testimony earlier in the hearings that Florida friends of Mack had contacted the commissioner, at Kefauver's request, on behalf of Katzentine.

In the letter, Kefauver said Katzentine had been known to him for many years and it was pleasing to him when he heard the FCC examiner had recommended Katzentine get the channel.

Then, Kefauver said, it was disturbing when Katzentine told him he had heard the examiner's ruling would be reversed and that Katzentine's support for him in the Florida primary was substantially responsible for the reversal.

### Opposed Appointment

Kefauver commented that he had vigorously opposed the appointment of then Chairman George McConaughy to the FCC. He said he spoke to Commissioners Robert T. Bartley and Frieda Hennock and asked them to consider the case on its merits.

Kefauver said that in no case did he discuss the Channel 10 matter with his wife, Ethel, gave birth this morning to an eight-pound son.

### Will Retain Job; Repays Borrowings

Giving Up Interest In Agency Which Has Insured TV Applicant

WASHINGTON (AP)—Richard A. Mack said today "of course" he will not resign from the Federal Communications Commission. He swore he was not "influenced or swayed" by appeals from friends in a contested television license case.

Mack further told a House investigating subcommittee under oath that he is getting rid of his interest in a Miami insurance agency which wrote the insurance on the successful applicant in the contest for Miami's TV channel 10.

Mack said that it was only last Monday when he read the newspapers that he knew this agency, Stembler-Shelden Insurance Agency, Inc., had obtained the business from Public Service Television, Inc.

### Repay Borrowings

Mack acknowledged borrowings totaling \$4,900 since 1950 from Miami Attorney Thurman A. Whiteside. He said all but \$250 has been repaid and declared:

"Mr. Whiteside has never in his life attempted to use any financial obligation of mine to influence my actions, either private or official."

A Republican member of the committee said earlier that Mack should resign immediately; and if he didn't, should be removed from office.

### Reversed Examiner

On a 4-2 vote, the FCC reversed an examiner's recommendation (and gave the TV license last year to Public Service. The examiner had recommended that it go to radio station WKAT, owned by A. Frank Katzentine.

Mack came before the House committee with a 4,000-word, 13-page statement which he received permission to read.

Before he started reading, Mack told Committee Chairman Harris (D-Ark.): "I want to apologize if I may seem a little nervous this morning but you can well understand."

Harris nodded and said he could.

Mack said he would do his best to explain in the statement questions which committee members may have in mind and then would answer questions.

### Reads Kefauver Letter

Before letting Mack go ahead, Harris read into the record a letter he said he had received last night from Sen. Kefauver (D-Tenn.), whose name has been brought up in connection with Katzentine's bid for the channel.

There was testimony earlier in the hearings that Florida friends of Mack had contacted the commissioner, at Kefauver's request, on behalf of Katzentine.

In the letter, Kefauver said Katzentine had been known to him for many years and it was pleasing to him when he heard the FCC examiner had recommended Katzentine get the channel.

Then, Kefauver said, it was disturbing when Katzentine told him he had heard the examiner's ruling would be reversed and that Katzentine's support for him in the Florida primary was substantially responsible for the reversal.

### Opposed Appointment

Kefauver commented that he had vigorously opposed the appointment of then Chairman George McConaughy to the FCC. He said he spoke to Commissioners Robert T. Bartley and Frieda Hennock and asked them to consider the case on its merits.

Kefauver said that in no case did he discuss the Channel 10 matter with his wife, Ethel, gave birth this morning to an eight-pound son.

### Teen-Age Science Wizards Reveal Variety Of Gadgets

WASHINGTON (AP)—Interested in an automatic door-opener stuns... gas-powered scooters powered by a washing machine... solar-heated greenhouses... motor—or a household intercom an atom smasher machine that system "to save mother steps" can be built for \$150... a teen-Get in touch with some of the nique for computing orbits of teen-aged scientific whiz-kids who Sputniks... a burglar alarm showed up today as finalists in the annual Westinghouse science talent search.

They're full of ideas on such complex subjects as "the dimensions of right triangles with integral sides" and "the nutritional value of algae." But you'll also find quite a number who have already used their scientific know-how in developing some pretty useful, down-to-earth gadgets.

Among their projects or ideas are: A cleaner for mimeograph ink in an automatic door-opener stuns... gas-powered scooters powered by a washing machine... solar-heated greenhouses... motor—or a household intercom an atom smasher machine that system "to save mother steps" can be built for \$150... a teen-Get in touch with some of the nique for computing orbits of teen-aged scientific whiz-kids who Sputniks... a burglar alarm showed up today as finalists in the annual Westinghouse science talent search.

## Senate Okehs 5-Cent Stamp In Close Vote

49-42 Vote Reflects Party Line Split In Temporary Measure

WASHINGTON (AP)—The Senate, after nailing a temporary 5-cent letter stamp into a postal rate bill, pushed ahead today to consider rate increases on other classes of mail.

Splitting largely along party lines, the Senate voted 49-42 last night to retain in the bill a provision to raise the present 3-cent rate to 5 cents for nonlocal letters. The 5-cent stamp would be in effect for three years.

### Victory For Ike

The vote was a substantial victory for President Eisenhower, who had asked for the 5-cent stamp. Republicans held their ranks almost intact to keep the provision in the bill. Most Democrats backed an unsuccessful move to eliminate the section.

The matter will still have to be thrashed out in conference with the House, which voted last year for a 4-cent letter rate.

The postal rate increase legislation appears to be over its big hump now in the Senate.

### Five Demos Join GOP

Forty Democrats and two Republicans supported an amendment of Sen. Monroney (D-Okla.) to knock the 5-cent stamp provision from the bill. Forty-four Republicans and five Democrats joined to beat the amendment.

The effect was to retain the section calling for a 5-cent rate on nonlocal letters between July 1, 1958, and June 30, 1961, with a 4-cent stamp for local letters. The permanent rate would be 4 cents.

The 5-cent stamp is calculated to bring in an extra 175 million dollars for each of the three years. This money is earmarked in the bill for spending on modernization of post offices and postal equipment.

### Victory For Love

LANSING, Mich. (AP)—Michigan lawmakers struck a blow for love and romance yesterday. By a 22-16 vote, the House killed a bill post office appropriations. The bill to raise the cost of a marriage license in Michigan from \$2 to \$3 today, was particularly critical of Post Office maintenance of its big fleet of trucks and accident record.

The committee, headed by Rep. J. Vaughn Gary (D-Vermont), ordered staff members into the field to check many of the nation's 38,000 post offices. The staff members reported: "The staff met with difficulty in obtaining access to files committee was because there was outside Washington which appeared a 'duplication of effort' on the only stemmed from headquarters of Congress, Sunnyside, pointed out a House government. It also was reported that in one operations committee was scanning regional office staff members, the Post Office problem at were forced to allow a Post Of- of the same time.

PITTSBURGH—Firemen aboard an aerial ladder are outlined against choking clouds of smoke during a fight against a general alarm fire in Pittsburgh's produce district yesterday afternoon. Three buildings were wrecked. (AP Photos)

## Probers Charge Postal Unit 'Hindered' Inquiry

WASHINGTON (AP)—A House official to be present when House investigators accused the Post Office Department today of using "deliberately designed" tactics of "inordinate delays," "broken promises" and "deliberate" stamp to hinder a probe of the U.S. mails.

The charges were contained in a staff report of an appropriate subcommittee considering a bill post office appropriations. The report, released for publication today, was particularly critical of Post Office maintenance of its big fleet of trucks and accident record.

The committee, headed by Rep. J. Vaughn Gary (D-Vermont), ordered staff members into the field to check many of the nation's 38,000 post offices. The staff members reported: "The staff met with difficulty in obtaining access to files committee was because there was outside Washington which appeared a 'duplication of effort' on the only stemmed from headquarters of Congress, Sunnyside, pointed out a House government. It also was reported that in one operations committee was scanning regional office staff members, the Post Office problem at were forced to allow a Post Of- of the same time.

It also was reported that in one operations committee was scanning regional office staff members, the Post Office problem at were forced to allow a Post Of- of the same time.

## 'Kwi Bridge' Movie Grabs Globe Award

HOLLYWOOD (AP)—The picture, "The Bridge Over the River Kwai," grabbed off top honors last night at the annual "Golden Globe" awards of the Hollywood Foreign Press Association.

The film was voted the best of 1957. In addition, its male star, Alec Guinness, won a "golden globe" for the best dramatic performance by an actor, while its director, David Lean, took the award for the best direction.

Tony Curtis and Doris Day won "Honorary awards" by finishing first in a popularity poll conducted in 38 countries. Other "golden globe" awards included: Best dramatic performance by an actress—Joan Woodward in "The Three Faces of Eve"; Best performance by an actor in a musical or comedy—Frank Sinatra in "Pal Joey"; Best performance by an actress in a musical or comedy—Kay Kendall in "Les Girls"; Best musical or comedy—"Les Girls"; Best supporting performance by an actor—Red Buttons in "Say a Little Prayer"; Best supporting performance by an actress—Elsa Lanchester in "Witness For The Prosecution."

The staff met with difficulty in obtaining access to files committee was because there was outside Washington which appeared a 'duplication of effort' on the only stemmed from headquarters of Congress, Sunnyside, pointed out a House government. ## Rebels In Cuba Hit Buses, Bank

### Ike Memorial Library Fund Drive Begins

ABILENE, Kan. (AP)—Business and political leaders from across the nation came to Abilene by special train today to inspect plans for the Eisenhower Memorial Library and kick off a fund-raising campaign for it.

The three million dollar library will be across the street from publicized match since rebels President Eisenhower's boyhood home in Abilene.

Benjamin J. Fairless, president of the American Iron and Steel Institute, former president of U.S. Steel and chairman of the U.S. executive committee for the library, said he hopes construction can start this year.

More than 200 were invited to the meeting of the Eisenhower Memorial Library Commission.

Gov. George Docking of Kansas, a Democrat, and Harry D. Byrd, Republican national committeeman for Kansas and a former U.S. senator, are co-chairmen of the commission.

The President expressed enthusiastic support of the project in a letter to Docking, saying: "It seems to me that libraries of this kind are a most desirable method for preserving presidential papers. Such documents have a direct association with the history of our nation and they should be permanently available for study. It was for that reason, and my long personal association with Kansas, that I expressed my intent to designate this library for custody of my papers."

The strawberry is the only fruit that has its seeds growing on the outside.

## Youth Troubled By School Problems Takes Own Life

MISSION, Kan. (AP)—The question was propounded in an English class at Shawnee-Mission High School yesterday and it had of his bills.

It added: "I see no possible future in which E. B. White lure for me. Most of my trouble, reflected upon Walden Pond in Massachusetts and the sojourn there of Henry David Thoreau, the great writer-philosopher."

"What's in Walden Pond?" asked Loren E. Simpson, the teacher.

"Water," said Larry P. Yeakle, 17-year-old junior, a quiet, strapping big boy—6-feet 2, 190 pounds. The class laughed.

Larry was found shot to death last night in his bedroom. Dr. R. D. Grayson, county coroner, said it was a self-inflicted wound. There was a note. Larry in-

## Rains, Wind Hold Up Test Of Vanguard

CAPE CANAVERAL, Fla. (AP)—Heavy rains and an unfavorable wind forecast blocked the Vanguard rocket launching program today, at least until next week. They thus crowded one U.S. space program against another.

The Army is waiting to launch a second Explorer satellite, atop a Jupiter-C four-stage rocket, as soon as the Navy puts up its three-stage Vanguard with a 6.4-inch satellite sphere in its nose.

Repeated rainfall has flooded parts of the low, flat missile test area and forced workers to keep the 72-foot Vanguard rocket "buttoned up" under protecting cover to hold moisture away from the test vehicle's many delicate instruments, fittings and connections.

This has so delayed the preparation of the rocket for firing that informed sources said a Vanguard launching this week was out of question.

### Stocks Slightly Lower

NEW YORK (AP)—Stocks were irregular with slightly lower tendency in early trading today.

## Jewish Leaders Gather To Open Fund Campaign

MIAMI BEACH, Fla. (INS)—More than 1,000 Jewish community leaders gathered in Miami Beach today for the opening of the United Jewish Appeal's 1958 national inaugural conference.

The three-day meeting begins tomorrow and closes Sunday. The conference will be climaxed by the national inaugural dinner honoring William Rosenwald of New York, a founder of the UJA.

The UJA will attempt to raise a \$100 million rescue fund exclusively to cover transportation and initial settlement costs for some 60,000 Jewish refugees streaming out of Europe and the Middle East. At the same time the organization will push its regular campaign for funds to provide welfare, medical and rehabilitation services for another 535,000 Jews in the U. S., Israel and other countries.

### Delegates Files

CHARLESTON (AP)—Del. Chester R. Hubbard (R-Ohio) of Wheeling filed today for Republican nomination for the State Senate from the 1st District.

Corsets were first introduced in France about the time of the French revolution.

SENATE WITNESS—Mrs. Myrtle Lerner of Miami Shores, Fla., testified yesterday at the Senate Rackets Committee hearing into alleged collusion between labor unions, coin machine operators and gangsters to control coin machines. Mrs. Lerner denied she had any records of the Chicago Coin Machine Operators Association. The committee has been seeking her husband, Hyman Lerner. (AP Photofax)

New Hospital Head Named

HARRISBURG, Pa. — Dr. Gerald R. Clark, chief of the male admission service at Norristown State Hospital, will become acting superintendent of Somerset State Hospital March 17.

He was named yesterday by the State Welfare Dept. to replace the late Dr. Hilding Bengt. The post pays \$14,657 annually.

Westinghouse To Start New Plant Construction

TRAFFORD, Pa. — Westinghouse Electric Corp. will break ground Saturday in this Westmoreland County community for construction of its new, multi-million-dollar power circuit breaker plant.

Westinghouse hopes to complete the facility and have it in operation late next year. The plant will employ about 850 workers.

TO INDONESIA — Career diplomat Howard P. Jones, of Nyack, N. Y., is the new U. S. Ambassador to Indonesia.

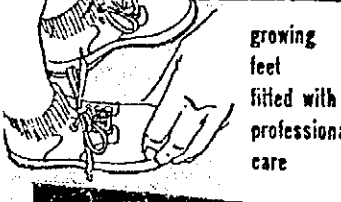

Somerset-Bedford Area Gets Additional Snow

SOMERSET, Pa. — Winter-weary residents of Somerset, Bedford and Cambria Counties faced another cleanup job today following an estimated three inches of snow.

Light rain turned to sleet, then to snow last night and early this morning, coating highways with a dangerous glaze. The three counties had just about completed mopping up after bitter storms of two weeks ago.

Highways crews reported considerable progress in clearing main highways, though secondary and rural roads were still treacherous this morning.

Appeals Lost By Group In Integration Cases

BALTIMORE — Negroes try bus with white students "purely to upset local school board because of race."

Decisions in two Southern Maryland counties have lost their appeals to the State Board of Education.

The board held special public hearings Feb. 6 on the cases, one in St. Marys County, the other in Charles County. Yesterday, after a lengthy closed-door meeting, the board upheld the county boards of education in both cases.

Girl Scouts To Hold Four Dinners Here

Cumberland Council, Girl Scouts of America, will sponsor four dinners this year instead of the usual two for parents and daughters of Browne, intermediate and senior scout troops.

Due to the increase in the number of girls and adults interested in the Girl Scout program here, it is no longer possible to hold annual parent-daughter dinners for the entire council, said Mrs. George J. Miller, president. This year, four neighborhood dinners that it did not have the right to hold will be held.

District 1, West Side, will hold a parent-daughter dinner at St. Mary's Hall March 6 at 6 p. m. Mrs. Fred Hamilton is chairman and Mrs. Joseph Levens is ticket chair.

District No. 11, Northeast and LaVale parent-daughter dinner will be held March 13 at 6 p. m. in St. Mary's Hall. Mrs. Byron Bonebrake is president and Mrs. Merle Zembower is ticket chair.

District No. 111, South Cumberland-Wiley Ford dinner will be held at St. Mary's Hall at 6 p. m. on Saturday, March 22. Mrs. George Hurly is dinner chairman and Mrs. James Courtney is ticket chair.

The Cresaptown neighborhood dinner will be held at Cresaptown Methodist Church, Thursday, March 27 at 6 p. m. Dinner chairman is Mrs. Ralph Phillips, and Mrs. Walter E. Smith is ticket chair.

School Leader Plans To Retire

GREENSBURG, Pa. — James Hughes, superintendent of Westmoreland County public schools, plans to retire in July after a record 37-year tenure as an administrator in the county school system.

The 66-year-old Greensburg resident last night announced his retirement from the \$11,000-a-year post. He became superintendent eight years ago after serving as assistant for 29 years.

The school board announced applications for the post are being accepted immediately and expressed hope of naming a successor by April 8.

## OUR COUNTRY

The union of hearts, the union of hands and the flag of our Union forever—Morris.

## No Medals, Please

IT IS ALWAYS advisable to look hard for motives when a Communist government like Red China's announces its intention to pull its armies out of an occupied land. Without waiting for a comparable decision from the United Nations Command in South Korea, the Chinese say they will do just that with their forces—said to number 350,000—in North Korea. The deadline they set is late 1958. One very practical reason for the move comes readily in mind. The Communist Chinese unquestionably would like to be relieved of the financial burden of maintaining heavily equipped units in the field.

SECONDLY, the Reds have been campaigning recently for what they term free elections looking toward a united North and South Korea. It could be that this announcement is not serious but is in fact only a propaganda maneuver to promote the election objective. If the move is seriously planned, there is another aspect the United States and others in the U.N. Command must consider. A withdrawal of Red forces would put strong pressure upon the U.N. to take out its units—mostly 30,000 Americans.

BUT OUR DIVISIONS would have to retire to American soil, unless some arrangement were made for basing them in such a place as Chinese Nationalist Formosa. Communist armies, reduced in size or not, would stand just across the Yalu River from Korea, ready to spring back at a timely moment. It's the same problem we face if we should ever agree to pull out our NATO forces from Europe. We would retire across the ocean, while Russian armies would plant themselves either in satellites hard by the West or on native soil within swift traveling distance of Europe's free lands. Maybe the Red Chinese plan will, as some suspect, come to naught. But even if it is acted upon, let's not rush to pin any good conduct medals on Communist leaders in Peking. We can be sure their purposes are selfish, and very likely they are hostile.

## Change

IT IS QUITE apparent that American education has run afoul of many contradictions in our society. The switch from so-called old-fashioned methods to those called progressive has not been made under ideal conditions, but rather under those of life, with all of its pressures. The child is a young human being. His interests should be stimulated and quickened by education. To train him so that he will be a better citizen, and to introduce a conception of learning by doing, is not evil, any more than manual training courses have been evil. But conditions in society at large and, specifically, in many homes have militated against a successful application of these ideas. This is especially the case in some big cities today where a number of pupils come from homes and neighborhoods where the idea of the dignity of the child is almost non-existent. Some of these children come from a sub-culture or a different culture; they are the product of social and personal conditions strikingly different from those found in city life. Many of these children are taught what is false to their direct experience. They can only be bewildered and confused. The values which are embodied in the content of what they are taught often do not operate in their home, street and neighborhood life. This is one factor in what seems like a current educational mess. We must note that there are many more factors besides this one producing educational problems. We must think of these rather than in terms of a general argument about the merits of the old-fashioned versus the progressive.

## A Leader Emerged

A CENTURY AGO the nation began to suspect that a new leader was looming up. In 1858 a fairly prominent Illinois politician named Abraham Lincoln was picked to oppose a great national figure, Sen. Stephen A. Douglas, who had twice narrowly missed the Democratic presidential nomination. The debates between the two made Lincoln a national figure. Thereafter, more and more persons began to think of him as a presidential possibility. Eighteen sixty saw the realization of this dream. A century has passed since Lincoln won national prominence. Once again, the nation nears a time when the presidency will be open once again there will be need for strong and dedicated leadership in a time of national peril. Perhaps it is too much to expect that another man of Lincoln's caliber will emerge to match the need, but one can hope.

AFTER SITTING through a few television plays ground out on short order by modern authors we are thankful for resurrection of those old-time movies.

## White House Wires Are Badly Crossed

WASHINGTON—President Eisenhower is in one of those losing streaks well known to horse players where the gee-gees just won't run for you.

Nobody expects that events outside his control—a change of heart in the Kremlin or a spontaneous outbreak of full employment—will cure it for him. Therefore, the manner of his meeting is the major topic of Washington.

The events of the last few days show the pattern that is emerging. In the presence of unprecedented private and public criticism, the Eisenhowerers are carrying on as usual with ample and frequent vacations interspersed with sporadic bursts of leadership and White House ceremonial.

WHITE HOUSE public relations have correspondingly deteriorated. Wide praise for Press Secretary James C. Hagerty has been replaced with the comment that "good ball players make great managers."

The White House staff is getting its wires crossed in a manner strongly suggesting that Hagerty is not the only one losing his head under pressure.

Once it seemed to politicians that the President had a built-in antenna to the mood of the American people. They do not know why he is not more responsive to the unemployment figures and the Soviet successes.

Peter Edson

## Any Idea On How To Stop Business Slump?

WASHINGTON—(NEA)—Many of the suggestions now being made in Congress and out, on how to pull the country out of its business slump, put considerable strain on common sense.

Where you end depends a good bit on where you start.

For instance, suppose you begin with the premise that the United States will have to spend three or four billion dollars extra the next few years, to build more missiles and space ships.

Now the common-sense answer for that would be that taxes should be raised to provide the money to pay for them. This would be in line with the traditional concept that the American people will always make any sacrifice necessary to save their country.

You hear very little of this talk around, however.

What you hear instead are many proposals to cut taxes—so

Some think he knows the facts but is stubborn at the wrong time. Others suggest that his staff sheltered him so long from the political and economic realities that they have difficulty now with their hints that a change is in order.

FOR EXAMPLE, reporters at the scene believe—though they cannot prove it—that Hagerty blew his top on the Arizona trip because he had tried and failed to dissuade the Eisenhowerers from making it. He had already had a bad week. There was so little work and activity in Georgia it proved impossible to maintain the impression that a "Georgia White House" existed, with the President in touch with the day-to-day pace of events.

Hagerty has been singularly successful in creating that impression in the past, sometimes when the grounds for it were extremely nebulous. The press, of course, has turned with the country to a more questioning temper. The White House staff work was embarrassingly exposed by the National Food Conference developments here.

HAGERTY told reporters in Georgia recently that the President was breaking his date to speak at the conference break-fast because his plane might be delayed by bad weather.

But Charles Shuman, who was presiding at the conference, an-

as to restore national prosperity, of course.

Where would a tax cut leave us? It would leave us with three or four billion dollars less money in the Treasury with which to buy three or four billion dollars worth of missiles.

In short, it would leave your Uncle Samuel six to eight billion dollars deeper in the red.

AS A SECOND exercise in economic gymnastics, start with the proposition that the way to cure the depression is to cut taxes.

Who would benefit by that? Why, the people who pay taxes, naturally.

But do the unemployed pay income taxes? Of course not.

Well, then, how will a tax cut help the unemployed?

A third little exercise in getting all mixed up starts with the assumption that the only thing

out of dismissal of Roy L. Maphis, president of Local 1110.

## Glancing Sideways

NEW YORK—Writing a column from New York—or anywhere else, probably—is an odd business. Of all the several thousand items you have mentioned in 90 days you discover by the mail coming back that two struck the greatest response: inquiries for the name of the exceptional washer you mentioned, the one that doesn't advertise, and certifications that a great many present adults had happy childhoods, the present New York cult for pretending otherwise, notwithstanding. Which would seem to prove that most washers do not please their buyers and most people are not candidates for psychiatry.

THE STORY in the papers the other day of the Greek who perfected an atomic gadget which was brushed off by our arrogant, smug graduate scientists, only to be dug out of dusty files years later to save us \$70,000,000 in defense spending, brings to mind the useful and profoundly germane story of the huge trailer truck, transporting an enormous storage tank to the factory of the tank's purchaser.

The whole works got stuck under a highway bridge and a noisy, irritated hassle broke out between highway police and State highway engineers—should they cut the tank to pieces with acetylene torches and free the truck that way or should they cut the bridge in two and free it?

A TATTERED little boy of 12 years, standing by, waited for a moment of silence in the fierce arguments and said: "Why don't you just let the air out of the truck tires?"

The humble Greek, with no pretentious engineering degrees or scientific stature, merely let some air out of the truck tires, so to speak, and provided a shortcut to an atomic problem which saved us a whole of a lot of money. Simple thinking works faster, sometimes.

A CASE in point is extrapolated (the language's most annoying word) by Jack Campbell who edits a science magazine. He points out that we built the huge, costly Savannah River plant to lick a problem in the hydrogen bomb perplexity, but the Russians did it cheaper and faster; they changed the fissioning fuels. Which causes Mr. Campbell to pose an interesting possibility: he concedes that the Russians stole our atomic and hydrogen secrets, but adds that when the papers containing the secrets reached Moscow the Reds probably took

one look and said: "Oh, we bypassed that problem ages ago," and threw our outdated secrets in the wastebasket.

ANYBODY need a three-story country hotel without any walls but having a spectacular center staircase? It was the set in "Winesburg, Ohio," which probably will be closed by the day this appears.

Lovely Peggy Buchanan, of Waco, saw the opening with me and was not fascinated by the play (as who was?) but confessed some fascination and bewilderment over what she recognized inside seven intelligent minutes as a veritable "First Night Jungle" that exists at all Opening Nights.

Beautifully clad and smiling women and polished gents, all knowing each other by first names, prowling this jungle dropping empty words of false friendship, carrying spiritual claws and fangs, all and sundry being tamed denizens but nonetheless lethal. Behind each smile a speculation, behind each merry greeting a Borgias-like thought, behind each hand clasp a furtive wish to dagger.

ALL SORTS OF jungles from real to concrete to blackboard to Madison Avenue have been celebrated in print, but the definitive work on the world's most smooth and mortal jungle has never yet reached publication.

It contains sleek leopards and deadly cobras, serpents with innocent faces and swift, flashing fangs. But it is accounted fun to be part of this uncaged zoo.

YOU MAY ADD to the Happy Childhood membership Marie Shepherd, of Maplewood, N. J., who is a singer, concert comedienne, monologist, and in addition to a career has a son in the Air Force overseas and two children in high school. The kids are having happy childhoods, too.

Which brings to the surface a constant reminder from self-appointed guidance counselors that children of performers grow up warped and unhappy. That is complete, utter and practicing nonsense. They are as merry as grigs, and children of writers are the same, as witness the four explosive boys born to Jean Kerr, author of "Don't Eat The Daisies." She has been warned that she is doing hideous things to her young by writing about them but, sensibly, she has ignored the warnings. And now a final question: what are grigs and are they always merry?

(McNaught Syndicate, Inc.)

## Frederick Othman

## Here's Nice Easy Touch

WASHINGTON — Thurman A. Whiteside, the Coral Gables, Fla., counselor, is my boy. He lends money, interest free, to members of the human race.

He doesn't bar anybody just because he happens to be Richard A. Mack, a member of the Federal Communications Commission. Money-lender Whiteside, whose blue eyes looked especially large and guileless through his extra-wide horn rims, pointed out to a Congressional investigating committee that though Mack had become a commissioner, he still was a human being and hence entitled to loans.

THIS BROAD minded attitude toward money appealed to me. Attorney Whiteside can expect my application for a loan next time I find myself short.

The Congressman, led by Representative Oren Harris, took a dimmer view of Whiteside's interest in his fellow man. They clung to the old-fashioned view that questioned the lending of money to a Federal commissioner while he's considering your own case.

WHITESIDE bitterly denied any such idea. He said he did not, either, represent National Airlines when he suggested to Commissioner Mack that its officers were fine gentlemen who deserved to be awarded television Channel 10 in Miami. Their attorney had tried to hire him for \$10,000, but Whiteside would not take pay. He said he'd just try to be helpful for free.

That's when he phoned Commissioner Mack, recommending the airline people. Along about this time he also was lending the commissioner a little more money.

The Congressmen had the cancelled checks showing that Whiteside had lent Mack \$2,650 after President Eisenhower appointed him to the commission. Whiteside said he'd also lent Mack several thousand dollars before

Elysian fields of prosperity it would not lead to.

Public works programs would primarily aid the construction industry. But this industry isn't particularly suffering.

January 1958 construction levels were higher than a year ago. Private building construction was up slightly. Public construction of highways, schools and sewers was up six per cent. Non-farm housing starts were up 11 per cent. Non-farm housing starts were up 11 per cent.

So a great big public works program would give a shot in the arm to industry that isn't sick. And it would do nothing for heavy and hard goods manufacturing and transportation—the major industries in which there is most unemployment.

## Hal Boyle

## Reporter's Notebook

NEW YORK—Have you been saving up pennies to finance a vacation to the moon? Well, if you have, now is a good time to stop, break open your piggy bank and spend the money on the nearest blonde. You'll have more fun.

Like millions of red-blooded Americans I, too, was eager to make a pioneer voyage to the moon. I was, that is, until I did a little research on the earth's only original, or pre-Russian moon.

Although I consulted such standard works as the Encyclopedia Britannica, I found their articles on the moon a bit too advanced for a mere tourist. After all, who knows what a synodic month is? Or a draconic month?

And what does it mean to you to be told that on the moon the darker parts of Oceanus Procellarum reflect only an eighth as much light as the Crater Aristarchus?

THE REAL BLOOD curdling facts about the moon, however, are fully bared in a little volume called "The Young Scientist's Fun-book, for Boys and Girls age 10 to 15."

From this lunar Baedeker for the bare-foot scholar, I learned:

The moon is no place for insomniacs. The nights there are two weeks long. So are the days.

The moon is no place for music lovers. Because it has no atmosphere, you can't hear a sound of any kind. In one way this is an advantage. You could sit three feet from a rock 'n' roll band—and not even be aware it was playing.

The moon is no place for people who like to keep their feet on the ground. Because its gravitational pull is only a sixth that of the earth, you'd have trouble avoiding floating every time you went for a walk.

THE MOON IS NO place for people who like to drink highballs. It has no water—not even enough for a chaser.

The moon is no place for romantic people who like to look up at the twinkling stars. Seen from the moon, the stars don't twinkle—just burn. And the earth looks like a big blob of eerie bluing.

When you get right down to it, the moon simply is no place for ordinary people at all.

It isn't true that sleeping in moonlight will make you addled—as the old legend says—but anyone who pines to voyage to the moon to get away from the cares of earth is certainly deluded.

The next time you get a chance, take a good long look at the man in the moon. Do you think he's smiling? He isn't. It's an optical illusion.

Actually, his mouth is wide open, and he's crying. "Help!"

(Associated Press)

## George Dixon

## Washington Scene

WASHINGTON — Secretary of Labor James P. Mitchell had an easy out the other day when a batch of newspaperwomen thought they had him up against the wall at a press conference. One of the reporters, speaking for all, asked him: "Why doesn't the government put women in the top positions?" Secretary Mitchell merely took the cigarette out of his mouth and pointed it at Mrs. Alice K. Leopold.

This stopped the newspaper ladies cold because Mrs. Leopold has one of the most important posts in Washington. Her official title is Assistant to the Secretary for Women's Affairs and Director of the Women's Bureau, but she is actually Secretary of Labor so far as the nation's 22 million working women are concerned.

Actually this press conference was not Mr. Mitchell's. It was Mrs. Leopold's. She held it in her office which she has just done over in cyclamen pink. And the reason for the Secretary of Labor's presence was that he just happened to drop in to look at the new decor.

He was going to bow out with a few flattering words, but my fair colleagues started to move in on him. He said that everything he could tell them, Mrs. Leopold could tell them better—and escaped while they were preening themselves on his wily admission of feminine superiority.

IT WAS QUITE a press conference, and the reason I attended was that I had been tipped off that Mrs. Leopold has some ideas about mature women. I have some ideas too, and wanted to see if they coincide.

Mrs. Leopold, whom I found to be a tall, attractive woman in mid-maturity, with a flare for dress, and a striking band of white in her dark hair, said that one of her projects is to lure "more mature" women back into schoolteaching.

She said that a lot of wonderful school-ma'ams have retired, but that the nation desperately needs them back on the job now. She informed us that she is working up a program which should bring an estimated 10,000 out of retirement.

So they need not be afraid that time has dated them academically; they are to be offered refresher courses before re-entering the schoolroom. These courses, Mrs. Leopold said, will bring them as up to date as this year's fledglings.

Mrs. Leopold kept reiterating that she wanted "the more mature women," and I heard a voice, which I identified as my own, ask: "How mature?" she replied: "Well—over 40." I asked her if she meant "well-over forty" or "well—over forty." She replied that the ones she was aiming at were in excess of two score, but that she wasn't mentioning setting any age-ceiling limits.

THEN SHE HANDED us an arresting statistic. She said the average age of the woman worker in this country today is forty. I know some women who won't admit to being average.

Mrs. Leopold said that one-third of all adult women are working today. She added that better than a million are in high-level jobs as managers, officials, or owners of their own business. Women, she said, are making fantastic response to the nation's call for more scientists.

She was asked if she thought women were being utilized to the full in science.

"No," she replied, "nor men either."

Several of the newspaperwomen asked, with what seemed more than professional interest, if being a working wife did not tend to have a disruptive effect upon the home life. Mrs. Leopold replied that many women have found a way to work it out.

I asked her if she had, "No, I haven't," she confessed. "I work in Washington; my husband, Joseph, an advertising executive, lives in New York—but every so often we try to remedy some of the disruption by meeting in a place we have in Westport, Connecticut."

(King Features, Inc.)

## Judy Garland And Sid Luft Are Separated

HOLLYWOOD — (INS) — Singer Judy Garland and actor's agent Sid Luft have separated after nearly six years of marriage.

The former child star who won international fame with her jingling voice and winning way said yesterday the separation was final and that she will file for divorce.

The couple parted briefly in 1956 but reconciled.

They have two children, Lorna and Joe.

Miss Garland formerly was married to composer David Rose and director Vincent Minelli, by whom she had a daughter, Liza.

Luft previously was married to actress Lynn Bari. They had a son, John.

## Princess Margaret May Visit U. S.

LONDON — A visit by Princess Margaret to the United States this summer is under top-level consideration in London.

The pretty, 27-year-old princess has long wanted to see America, a country she reads about avidly and admires.

She is due in Canada July 12 for a 24-day official visit. It would be easy for her to take a side trip south of the border.

No British-American consultations about a visit are known to have taken place on any official level. A U.S. stopover apparently is still an idea rather than a project being actively planned, but protocol considerations and other aspects are already being thought about in high places.

Under consideration are such questions as:

Would the British Commonwealth countries which Margaret has not yet visited feel slighted if

the princess visited the United States first?

Since Margaret is not a head of state, but has high status as the sister of the Queen, where should any invitation originate?

Would teen-agers and others in America, whose sympathy for Margaret grew after she renounced Peter Townsend, stage frantic welcoming demonstrations that would embarrass the princess and the crown?

On the other hand, would there be any unwanted effect on American opinion if the princess goes to Canada without paying a courtesy call across the border?

Such questions would be weighed carefully here before any moves were made to arrange a visit.

SAIGON — (INS) — South Vietnam President Ngo Dinh Diem announced today he will visit the Philippines for five days late next month.

It also was reported in Saigon that he will visit Nationalist China later this year.

## House Votes Against Slots In River Boats

By GEORGE ROWEN

ANNAPOLIS — The next play is up to the Senate today on Maryland's withdrawal from the slot machine game in Virginia.

The House of Delegates voted 106-8 last night to prevent Maryland counties from issuing slot machine licenses to piers and a floating casino off the Virginia shore of the Potomac River.

The Senate has an identical bill on next to last reading scheduled for this afternoon. Sen. Phoebus (R-Somerset), the sponsor, said he will strive to have it passed and also will push for speedy enactment of the House version.

The overwhelming House vote came in the face of strong protests that Maryland was pulling Virginia's chestnuts out of the fire.

"If there's blame for the situation, it's not solely Maryland's," said Del. Robinson (D-Balto 4th).

"I'm not going to say we're evil, but Virginians are fine people and we have done them a wrong."

He explained that the Maryland attorney general had opined that the Virginia Legislature "could have ended the situation had they so cared."

"No pier may be built except by permit from the circuit judges of Virginia."

He also questioned why the bill was prohibiting issuance only of slot machine licenses to establishments accessible directly from Maryland soil.

The establishments also have been issued licenses to sell liquor by the drink from Maryland counties. Such sales and slots are illegal in Virginia.

"We're bowing to Virginia on day and film censorship, gambling, but standing headstrong on sales by the drink," argued Robinson.

Del. Mandel (D-Balto 5th) complained that "we're so concerned about the morals of the Virginia lost working time, sales, income people, and don't care what happens to the people in our neighborhood."

"You can go across the street and play the same slot machines. The slots are legal in Anne Arundel, site of the state capital, and three other Southern Maryland counties."

"It's the most inconsistent thing I've seen," said Mandel.

Two efforts to stall off passage of the bill failed before the House passed it on to the Senate.

The House may soon face another gambling issue arising from a local cause. A bill to ban the sport of jai alai with parimutuel betting already passed by the Senate was released last night by the Rules Committee.

It will have to move through the Ways and Means Committee before reaching the floor. The proposed ban is aimed at a license for jai alai granted in Anne Arundel and which is being fought in court.

The House after a dozen years finally passed last night a statewide roadside billboard ban. It applies only to expressways of which there are but three now in the state, between Baltimore and Washington, Frederick and Washington, and Towson and the Pennsylvania State line.

Billboards will not be permitted within 500 feet of such highways.

The Senate also passed a bill to keep thoroughways clear of adjacent construction. It would prohibit commercial establishments except on the planned Northeastern Expressway paralleling route 40 to Delaware.

Both houses moved other roads bills to give county governments some voice in planning. The delegates set up for passage a bill permitting the State Roads Commission to change priorities if local officials consent. The Senate measure would require the commission to consult with officials on policies affecting their areas.

The House was in an unfavorable mood on another legal holiday and film censorship.

It rejected designating May 1 as "Loyalty Day" after Del. Simpkins (D-Somerset), judiciary chairman, pointed out it would cost the state thousands of dollars in about the morals of the Virginia lost working time, sales, income people, and don't care what happens to the people in our neighborhood.

An effort to revive a bill to censor films for children under 17 failed by a 70-41 vote.

Radar stations in England and Antarctica have revealed that auroras, a luminous phenomenon of various colors in the sky, occur simultaneously in the Northern and Southern hemispheres.

# BEFORE YOU BUY YOUR POWER MOWER... ASK ABOUT SEARS SERVICE

Before you buy a so-called "bargain" mower, check these three important extras combined only in the Sears line of quality power mowers.

### GUARANTEED QUALITY

Every Sears mower bears a full 1 year guarantee. Engine guaranteed 90 days to be free from defective parts and workmanship. CRAFTSMAN MOTORS GUARANTEED 1 FULL YEAR.

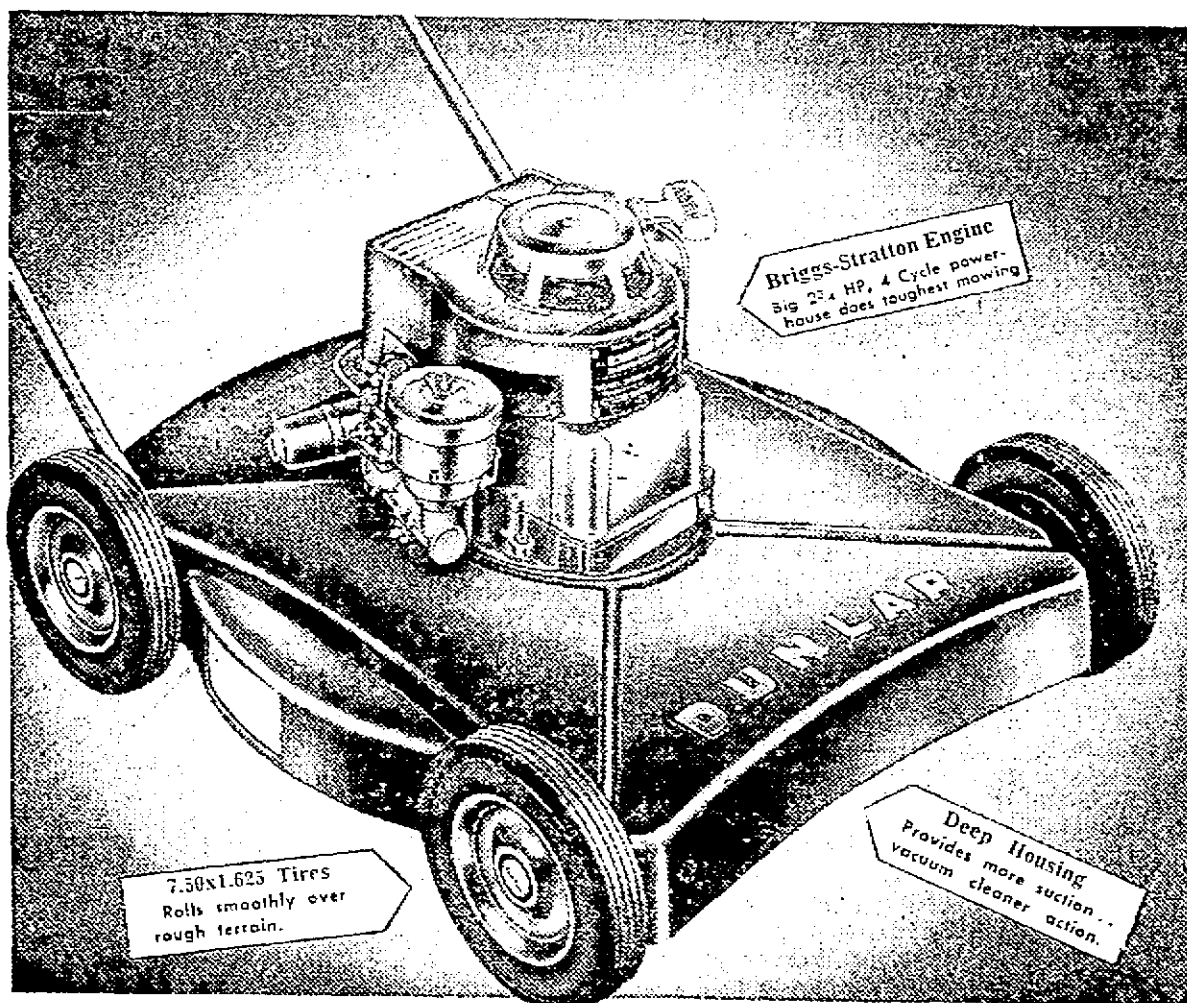

### NATION-WIDE SERVICE

More than 2,000 factory-trained mechanics in over 500 convenient locations will keep your mower in tip-top shape for years to come. Remember too, that all Sears mowers have parts availability for 10 years.

### SEARS LOW, LOW PRICES

Shop around. You'll discover that no one can give you more for your money than Sears. Guaranteed quality, nationwide service, and the best mowers available are all yours in the one bargain-priced package.

## Post-Nuptial Shower Held For Mrs. Kenneth Rapson

A post-nuptial shower and party were given in honor of Mrs. Kenneth Rapson last night by Mrs. Helen Wilson and Mrs. Catherine McNeil, at the home of the bride, 214 Emily Street.

The former Miss Jean Kaiser and Mr. Rapson were married at St. Patrick's Catholic Church, February 14.

The bridal motif was combined with the Valentine theme in the decorations and appropriate games were featured.

Guests were Miss Rose Snyder, Miss Helen McCray, Miss Roberta Barbe, Miss Mary Ann Sommerkamp, Miss Betty Sowers, Miss Jane Crites, Miss Joan Kuhlman, Miss Eileen Mitchell, Mrs. Charlotte Deter, Mrs. Elsa Welch, Mrs. Eva Brewer, Mrs. Thelma Johnson, Mrs. Fred Goss, Mrs. Faith Walker, Mrs. Betty Minnick, Mrs. Ruth Keefe, Mrs. Ursula Kuhlman, Mrs. Vivian Stahl, Mrs. Wanda Keller, Mrs. Sandra Wagoner, Mrs. Eleanor Rapson, Mrs. Clem Rayson and Mrs. Lillian Mitchell.

## Frailty-Feigus Team Winners In FMP Game

Ten tables were in play at the full master point game of the Potomac Valley Bridge Club Tuesday at the Woman's Civic Club house. The average score was 108. Topping the field were Mrs. William A. Frailty and A. J. Feigus.

Mrs. Frailty and Feigus scored 131 points to lead the North-South section of play. Runnersup were Mrs. Norman W. Taylor and C. William Bailey, 125 1/2; Mrs. Mary Deal and Mrs. Emmett L. Jones, 122; and John R. Wilkinson and Norman W. Taylor, 119.

Top scorers, east-west were Mrs. Joseph Wood and Mrs. Irvin Pariser, 124; Mrs. George Bottorff and Mrs. Russell Bortz, 119 1/2; Mrs. William Snyder and William A. Douglas, 113; and the teams of Mrs. Ralph Nevy and Mrs. Milton Gerson, and John A. Mohrly and Lester Deenen, tied with scores of 112 1/2.

The Western Maryland Bridge Club will begin play in its "Knock-out of Four" tournament today at 8 p. m.

## Study Course To Begin

A study course, using the mission book, "Look, Look The Cities," will be held jointly by the Second, Bedford Road Chapel and Grace Baptist Churches tomorrow at 7 p. m. at Second Baptist.

Teachers are Mrs. Fern Wilson and Mrs. J. C. Ledbetter.

## Class Project Selected By EUB Group

Mr. and Mrs. Forrest Snider were hostess to the Bible Searchers Class of the First EUB Church. The meeting opened with prayer by Rev. E. E. Miller. Mrs. Sue Wilson led devotions and Mrs. Ethel Cook gave the treasurer's report.

The class has decided to renovate the Sunday School room. A committee, chosen to estimate the cost, includes William Brake, chairman, Richard Cook, Milton Johnson, Fred Goss, Mrs. Faith Walker, Mrs. Betty Minnick, Mrs. Ruth Keefe, Mrs. Ursula Kuhlman, Mrs. Vivian Stahl, Mrs. Wanda Keller, Mrs. Sandra Wagoner, Mrs. Eleanor Rapson, Mrs. Clem Rayson and Mrs. Lillian Mitchell.

A Valentine party followed the business meeting. The house was decorated for the occasion. Baby pictures of the class were mounted on large red hearts, and members tried to guess their identity. Mrs. Alma Johnson had the highest score.

Rev. and Mrs. E. E. Miller and the hostess' mother, Mrs. Bucy, were guests.

Attending were Mr. and Mrs. William Brake, Mr. and Mrs. John Wilson, Mr. and Mrs. Nelson Estep, Mr. and Mrs. Milton Johnson, Mr. and Mrs. Richard Cook, Mr. and Mrs. Whitney Linaburg, Mr. and Mrs. Wayne Warren, Mrs. Donald Bradley, Mrs. Ruth Moore, Mrs. Helen Silvious, Mrs. Norma Smith, Mrs. Estelene Shanholtz, Mrs. Freda Green, Mrs. Bernice Norris, Gus Cook, Frances Estep, Linda Moore, Jeanette and Charles Linaburg, Deborah Green, Joyce and Sue Norris, James Snider, and Sharon Warren.

## Seniors Will Present Comedy

The senior class of St. Mary's High School will present a comedy in three acts, "Business, Merely Business," Sunday and Tuesday at 8 p. m. in the church hall. A double cast, under the direction of Sister Xavier, will alternate performances.

The casts include Linda Travis, Donna Swartley, Judy Lee, Patricia Pisaneschi, Blanche Brink, Helen Moore, Caroline Keen, Mary Catherine Rose, Janet Weaver, Patricia Griffin, Conetta Brehm, Elaine Egan, Judy Sneathen and Ruth Andrews.

All reservations for the annual Girl Scout Parent-Daughter dinner March 6 are to be made by March 1. Mrs. Fred Hamilton, general chairman, announces. The dinner is for Brownie, intermediates and senior scouts of District 1. It will be at St. Mary's hall beginning at 6 p. m.

**TIME FOR HAIR**—This is the time to start getting your hair ready to look its best under the new spring clothes and turbans. If it needs oil treatments after the dryness of winter, you've plenty of time for them now. This girl starts with her weekly shampoo (left). But she gives herself a thorough scalp massage

at the same time. After a brisk toweling to remove excess water, she sets her hair while it's slightly damp and finishes the drying process (center) with a home hair dryer. The dryer leaves both hands free for a manicure. She brushes her hair into a soft hairdo that will look well (right) under turban or cloche.

## Members Local BPW To Attend State Meeting

The state board meeting of the Business and Professional Women's Club in Baltimore Saturday, will be attended by several members of the local Business and Professional Women's Club. It is to be held at Upland Community House. Miss Grace Daniels of Pennsylvania, first vice president of the national federation, will speak.

Miss Orpha Bonita Pritchard, state first vice president; Mrs. Kathleen Burke, local president; Miss Anna Nicht, state parliamentarian; and Miss Gerardine Pritchard, state chairman of public affairs, will give reports.

Miss Dorothy Manley, recording secretary of the local club, will attend the convention site committee meeting and Miss Theresa Nicht will represent the Cumberland club on the nominating committee. Mrs. Ethel Northcraft, first vice president of the local club, also will attend the board meeting.

The Uplands club will be hostess club and begin activities with a coffee hour at 9 a. m. The board session is to begin at 10 a. m. A second session will follow the luncheon.

## Projects Reported By Iota Epsilon

A total of 104 work hours in the health department and work on the police records for the department were reported at the meeting of Iota Epsilon Chapter, Tau Phi Lambda of the Supreme Forester Woodmen Circle Monday night. The work on the records was done in the health department preceding the business session.

Members have been urged to attend a meeting tomorrow at the Crippled Children's League to work on the Easter seals. At that time the date for the rush party will be set.

Following the work on the police records, Mrs. Hazel Kemp entertained with an informal social at her home, Myrtle Street. Refreshments were served.

Attending were Miss Juanita Prime, Miss Jacqueline Day, Miss Ina Jean Grim, Mrs. Patricia Hunter, Mrs. Alice Johnson, Mrs. Anna Lee Snyder, Mrs. Lillian Hannas, Mrs. Mary Alice Millholland, Mrs. Betty Dean, Mrs. Margaret Hartman, and Mrs. Jane Frederick.

John Humbird School Parent-Teacher Association will hold a covered dish supper and bake sale tomorrow from 5 until 7 p. m. in the school cafeteria. Mrs. Wilbur King and Mrs. Daniel Roone are co-chairmen.

## Shorty Hairdos Designed To Set Off Spring Hats

By ALICIA HART, NEA Beauty Editor

The cloche and sidesweeping hats of the 20's will be featured this spring in an array of lovely colors. And since smooth, short, close-fitting coiffures are attractive and comfortable under the deep-set crowns, they, too, have come into their own.

There is a wide range of styles to choose from in short hairdos—deep waves and swirls that can be arranged to emphasize your best features, or short, fluffy waves that can be pulled into thick bangs.

Many of the new hair styles are just long enough to clear the collar, with soft curls peeking out from under the back brim of the cloche. And a mighty pretty effect it is, too!

Best of all, these new coiffures are delightfully casual and can be cared for at home—but only AFTER a professional has done the original cutting and shaping. Remember that if you give in to the temptation to whack away at your own tresses, it may take months to repair the damage.

If you have very straight hair, you'll find it much more manageable after you've had a permanent, whether you give yourself the wave or have it done at a beauty salon. Your hair will have more body and hold the setting longer.

Most important of all, remember that your hair can never look its best if it's not shining and clean. Never skip your weekly shampoo, and wash your hair more often than that if it becomes dingy looking from city air laden with soot.

It's a good idea to brush your hair thoroughly before you wet it. This will remove surface dust, loosen dandruff and stimulate circulation in the scalp.

When you wash your hair, apply your shampoo generously, working up a rich lather. Then rinse it and shampoo it again. In the last rinsing, when your locks are squeaky clean, it's fun to put on a few drops of your favorite toilet water. Your hair will be pleasantly fragrant. Your setting will be more effective if you use a hair dryer, or towel your hair until it is only slightly damp before you pin it up.

If you want your hair to be manageable, yet still look springy and newly washed for a special date, try washing it about two days before. It's about the only time after a shampoo that you can be fairly certain it will look just as you'd hoped it would. And whatever you do, don't spare the hairbrush!

There's a pretty new hair style for every pretty new hat this spring. So give yourself a "new" look for the new season.

## Wolf-Beane Wedding Told

Miss Virginia A. Beane, formerly of Westernport, daughter of Robert L. Shaw, Vale Summit, was married to Robert William Wolf, Hanover, Pa., in a double ring ceremony performed February 22, in Protestant Community Church, Baltimore, by Rev. C. K. Maile.

Mrs. Shaw was escorted by her nephew, Rev. Virgil M. Seaker Jr., Mrs. Sylvia L. Seaker was matron of honor.

Mr. Wolf is employed by Glenn L. Martin Company, Baltimore, where the couple will reside.

## Committees Named By New Head Of Ladies Shrine Club

Mrs. L. Newton Evans, new president, presided for the first time at the business meeting of the Ladies Shrine Club Tuesday at Masonic Temple, and appointed committees for the coming year. Mrs. Joseph A. Gross and Mrs. Margaret Johnson, 500; Mrs. Edith Shillingburg and Mrs. James Orr, dominoes, and Mrs. Arthur Apsey and Mrs. Howard John J. Robinson and Mrs. John K. Earson were named to the sick committee; Mrs. Robert Derham, was named to the sick committee for Westernport, and Mrs. Charles Hager to the sick committee for Frostburg. Mrs. Lawrence Shaffer was appointed welfare chairman.

Refreshments were served by Mrs. J. Louis Shaffer, chairman, assisted by Mrs. William A. Cooley, Mrs. Ruth Purucker, Mrs. Mary Twigg, Mrs. James Hatfield, and Mrs. Kenneth Shafer. Ninety-three members attended. Cards and dominoes were played following the business session. Mrs. Elda Schell.

## Teen-Aged Beauties Vie

MOBILE, Ala. (AP)—Eighteen pretty high school seniors will be judged today on personality, poise, charm, appearance and intellect to open the first Junior Miss America Contest.

The opening competition will be followed tonight by an appearance in evening gowns and tomorrow night by a talent elimination.

The finals will be held Saturday night. The winner will receive a \$5,000 scholarship. She will also serve as queen of the annual Senior Bowl Football Game in Mobile next January.

Contestants have to be 18 or under.

The entrants include Gale Linda Dawson, Silver Springs, Md.; Phyllis Ann Whitenack, Bluefield, W. Va.

Home gardeners in the United States spend over 800 million dollars annually for seeds and potted plants.

PROMOTED — Abdel Hamim Amer, above, has been promoted to marshal and named commander-in-chief of the United Arab Republic armed forces by Colonel Nasser.

## Supervisors Confer With Commissioner

W. Va. Institution Heads Swap Views; Discuss Problems

CHARLESTON (AP)—The new commissioner of public institutions Harold Neely, has begun a series of informal meetings with administrators of 14 institutions under his jurisdiction.

Assembling yesterday for a general exchange of views and discussion of common problems were heads of the state's six penal and correctional institutions.

Neely said he would meet today with superintendents of eight other institutions, including tuberculosis sanitariums and charitable establishments. Business managers of all the institutions under the department's control will come to Charleston Friday.

A primary topic to be laid before the business managers is a proposed new inventory control system Neely hopes eventually to put into effect at all of the institutions.

He said the system would be undertaken first at Pinecrest Sanitarium in Beckley and at the Women's Prison at Pence Springs, Summers County. The program will center primarily on foodstuffs, but also will cover fuel and other operating supplies.

Neely said it was felt that closer controls and checks on foodstuffs should lead to more efficient use and clear the way for re-distribution among institutions of any excess supplies which might accumulate at a particular facility.

It also is hoped the farm programs at the institutions can be revamped somewhat along the lines of actual food needs as shown by monthly or quarterly inventory reports.

George B. Vieweg Jr., state commissioner of finance and administration, will meet with Neely and the business managers to explain the inventory control idea.

B'Nai B'Rith Plans Election Tonight

Officers of Western Maryland Lodge, B'Nai B'Rith, will be elected at a meeting today at 8:15 p. m. in the vestry of Beth Jacob Synagogue.

Harry Kauffman, who will preside, said the new officers will be installed at a meeting next month.

ALL QUIET AT PRESENT—James Hermann, 12, points to damaged record player in his home after Dr. J. Gaither Pratt, left, assistant director of Duke University's parapsychology laboratory, came to the Hermann home to check on reports of bottles blowing their tops, and furniture crashing to the floor. Record player was reported to have flown 12 feet through the air and crashed against a stairway. Parapsychology deals with reported supernatural ability of humans, including "extra-sensory" perception. (AP Photofax)

## Envoy Calls For Summit Meeting

Russia in recent weeks has repeatedly requested a "summit" conference with the U. S. In the following exclusive interview, Soviet Ambassador Mikhail A. Menshikov tells why the Kremlin considers such a meeting so important.

By RUTH MONTGOMERY

WASHINGTON—INS—New Soviet Ambassador Mikhail A. Menshikov asserted in an exclusive interview that the way to end the cold war is to hold an immediate summit conference, and expand trade and foreign exchange programs between Russia and the United States.

The new-style "smiling" envoy also told this correspondent that Russia's "greatest problem" is the "same one shared by America: To avoid war and end the armaments race."

During a lengthy private visit in the upstairs sitting room of the plush Soviet Embassy, the affable diplomat who has revolutionized Russian diplomacy with his "courageous calls" on U. S. officials, said he doubts that the sharing of "drinks" between Soviet and American diplomats can help much to solve their mutual distrust.

The blue-eyed, greying ambassador said his country prefers to hold a summit meeting in which "several heads of nations from each side" participate, but that Russia is not averse to holding a two-power meeting exclusively with the U. S.

"To end the cold war, several things should be done," he mused. "A summit meeting should be convened right away, and then all kinds of exchanges should be established between our countries in every field, and at every level. All of this will help create an atmosphere of understanding and trust. This will pave the way for friendliness and co-operation."

Asked if he would be willing to see an exchange of "impressionable" students, he nodded vigorously. "Including students and teachers and artists and outstanding people in all the cultural and economic fields."

The ambassador, throughout the prolonged interview, spoke English readily without the aid of an interpreter. In fact, no one else was with us in the closed room except for a maid who entered briefly to bring a tea-tray.

Asked what he considers Russia's greatest problem today, Menshikov hesitated only briefly before replying: "It has the one common problem of all countries... to avoid war. This can be done providing all nations undertake certain steps to stop the armament race."

He spoke with apparent conviction, and then in milder tone added that Russia has several other problems "which it is on the way to overcoming."

One of these, he confessed, is the housing problem. With pride, he added that houses are now going up at a greater rate than ever before.

## W. Va. Limestone Viewed

WASHINGTON (AP)—Gov. Underwood briefed West Virginia's congressional delegation yesterday on efforts to attract underground industries to limestone strata areas of the state.

Underwood was host here to the state's six members of the House of Representatives and West Virginia's two senators.

Accompanying Underwood to Washington were Director Don Crisp of the State Industrial and Publicity Commission, State Geologist Paul Price of Morgantown, and other state industrial representatives.

Underwood told a recent news conference of his hopes that limestone areas such as Preston, Mingo, Randolph and other counties might be used in future development of bomb-safe underground industrial plants.

He explained today that industries which might be interested have close connections with such federal agencies as the Defense Department and the Department of Commerce.

# New Russia Ambassador Talks It Up

## Menshikov Spreads Gospel In Stressing Better Understanding

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP)—The new Soviet ambassador to the United States, looking like a small-town banker in his Western clothes and expensive Italian hat, has lost no time spreading his gospel.

The gospel—as expounded by Mikhail Menshikov, 55—is better understanding between East and West, more cooperation, more trade, more friendly relations all around. He's an expert on trade.

He's done a lot of talking since his arrival here Feb. 6—both to newsmen outside the doors of offices he's visited and in interviews—but so far he hasn't said anything his bosses in the Kremlin could be angry about.

Talks In English

He talks in English, which he knows well. He started talking immediately after he landed in a 500-mile-an-hour Russian jet plane. He marched right up to a battery of microphones.

Those first words at the airport set the pattern for practically everything he's said since: "I have been sent to your country by my government as an ambassador of peace, friendship and cooperation."

There's quite a switch between the way he handles newsmen and the way his predecessor Georgi Zarubin did it. Menshikov talks for publication although what he says is pretty much what he said before.

Zarubin went in a lot far off-the-record statements. But where Zarubin spoke broken English, Menshikov is fluent with it. Even the difference in the appearance of the two men is a switch.

Menshikov looks like a kind of happy salesman. The dark and somber Zarubin looked almost like a character out of a mystery novel.

Visits Dulles

Menshikov lost no time visiting Secretary of State Dulles, with whom he exchanged pleasantries. Then he visited President Eisenhower and stayed half an hour. Most ambassadors presenting their credentials at the White House stay about 10 minutes.

But this was just a starting point for Menshikov. Next he called on Vice President Nixon, explaining afterwards that Soviet policy is to "establish personal contacts" in different fields and among "leading personalities."

Next he bobbed up in the office of Eisenhower's No. 1 right-hand man Sherman Adams. Asked if he didn't think this was a bit unusual, he smiled and said: "I am not very familiar with protocol."

He plans to call on the various members of Eisenhower's Cabinet, will visit a number of American cities, and soon will make a speech at the National Press Club. It's customary there, after a speaker finishes, for him to answer questions. No doubt Menshikov will follow the custom.

It's a safe bet he can handle himself well enough not to get into trouble.

He's spent a lifetime in the fields of trade and commerce. And his knowledge of English came from 13 years in places where it's spoken. He was ambassador to India four years, was three years with the United Nations in New York, and was a Russian trade expert in London six years.

Senator Sees Road Slow-Up

WASHINGTON (AP)—The chairman of the Senate roads subcommittee says there will be a "more drastic slow-up" of the federal super highway program than presently anticipated.

Sen. Albert Gore (D., Tenn.) made the statement yesterday after learning that 26 states have reported they can use up to \$1,250,000,000 more to push the program forward this year.

The administration plans to stretch out that \$1,660-million super highway program to 29 years or more because of increased highway costs and a legal prohibition against borrowing money to pay for the road building.

The senator made public a letter from the American Association of State Highway Officials that two states—Arkansas and Ohio—already have exhausted available funds for the interstate program and seven more will have by next July.

Dr. Kaplan Foresees Exchange Of Data

TOWSON, Md. (AP)—Dr. Joseph Kaplan says cooperation among nations during the International Geophysical Year may promote a freer exchange of scientific information in the future.

Dr. Kaplan, chairman of the United States Committee for the IGY, told a Goucher College audience last night that he believed nations of the world are "beginning to realize the fact that science is something that will have to be carried out on a separate basis."

Man Confirmed

WASHINGTON (AP)—The Senate confirmed yesterday President Eisenhower's nomination of Herbert Barnes as U.S. Marshal for the District of Delaware.

# State Fares Well Despite Recession

Balanced Economy Between Industry, Agriculture Helps

By BILL JOHNSON  
RICHMOND, Va. (AP)—Virginia, thanks to an economy balanced between agriculture and diversified industry, is not feeling the effects of the 1958 recession to the extent of many other states.

Unemployment is much higher through the first of this year compared with 1957, but most experts look for a sharp drop in the number of jobless within the next several months.

In Virginia, 65,000 were without jobs Feb. 1 compared with 51,700 on the same date in 1957. Some areas reported unemployment 50 per cent higher than Feb. 1, 1957.

In Winchester, 1,305 persons have filed job applications, compared with 301 a year before. Richmond had 6,300 put of work, the highest number in several years. At Norfolk, job applications totaled over 3,500 compared with slightly under 2,000 a year earlier.

Martinsville, in southside Virginia, had about 500 seeking jobs, an increase of 200. At Charlottesville, more than 600 are unemployed compared with 455 the year before. The Fredericksburg area experienced a 50 per cent increase in unemployed with 1,031 out of work.

But while unemployment was up, many areas also reported an increase of total employment. This was true in Richmond, Lynchburg and Bristol.

Three main reasons were given for the increase in the number of unemployed. The unstable economic condition in the rest of the country is beginning to be felt in Virginia. The unusually severe winter curtailed outdoor activity such as construction, and transients from other states have come to Virginia seeking employment.

The cold winter also affected many industries. Railroads, for instance, faced with a decline in passengers traveling south, were forced to lay off men, and restaurants which cater to tourists found their business dwindling almost to the vanishing point.

Some immediate bright spots are apparent, however, in Richmond, at least 1,500 new workers will enter the area during the year. The Richmond Quartermaster Depot and the shift there of the Reynolds Metals sales office and the Seaboard Air Line Railroad headquarters.

At Winchester, fruit growers were hard hit by last summer's drought and apples, which comprise the largest single segment of the farm income in the area, had a low-price low-volume year. A number of plants in the Winchester area have laid off workers and cut the work week, and a box manufacturing plant in Frederick County has been closed because of lack of orders.

The Virginia State Employment Service predicts, however, that the unemployment claims in the Winchester area will be reduced by 30 per cent within the next two months. The VSES says by that time unemployed seasonal workers will again be back on the job.

Arson Possibility Studied In Pittsburgh

PITTSBURGH (AP)—Fire officials are investigating the possibility of arson in a general alarm blaze that caused an estimated \$100,000 damage to four brick buildings in the city's wholesale produce district.

James Belknap, chief investigator for the Fire Prevention Bureau, said a number of persons were seen in the vicinity before the blaze erupted yesterday in the 1700 block of Penn. Ave. More than 100 firemen battled the fire several hours before bringing it under control.

TESTIFIES — Mrs. Alice Tracey informed senators yesterday that she was "stomped on" while trying to crash a picket line at the struck Kohler Company plant in Kohler, Wis., in 1954.

In her testimony before the Senate Rackets Committee, Mrs. Tracey said she worked at the plant for 31 years but had never joined the United Auto Workers Union, which called the strike.

# Underwood Gets Post

CHARLESTON (AP)—Gov. Underwood has agreed to serve as West Virginia director of the Governor's Eisenhower Museum and the Presidential Committee for the Eisenhower Presidential Library fund.

The governor also said today he has named Stanley C. Morris, Charleston attorney, as West Virginia manager.

Four equity suits have been filed in Allegany County Circuit Court. The bills of complaint are titled:

Betty L. Byars against Robert L. Aldridge, Ruby put additional police on the streets there. Now I think we also need a number of pocketbook snatches and other robberies.

Underwood has asked Morris to represent him at that meeting against Ray S. Tabor.

Those attending will be taken on a tour of the already completed Eisenhower Museum and the President's old family home.

# Fund Asked To Fight Crime

WASHINGTON (AP)—President Eisenhower yesterday asked Congress for \$192,000 to deal with "a serious increase in night time crime" in Washington.

The money, included in a request for \$1,162,000 additional appropriations, would be used to pay overtime to members of the District of Columbia police force.

Police Chief Robert V. Murray has asked for \$100,000 to pay for additional police on the streets there. Now I think we also need a number of pocketbook snatches and other robberies.

Underwood has asked Morris to represent him at that meeting against Ray S. Tabor.

Those attending will be taken on a tour of the already completed Eisenhower Museum and the President's old family home.

# GOP Ire Raised By Benson Defense

WASHINGTON (AP)—Resentment had no idea of ousting Benson flared among rebellious Midwest and little thought of interfering with the secretary's farm policies. One or the other has been sharply worded defense of Secretary of Agriculture Benson.

As two GOP House members prepared to carry on belt protests against Benson's farm policies to the White House later today, Rep. O'Konski (R-Wis.) told newsmen: "So far, I've been unimpressed we only need a new secretary of agriculture."

Now I think we also need a number of pocketbook snatches and other robberies.

Underwood has asked Morris to represent him at that meeting against Ray S. Tabor.

Those attending will be taken on a tour of the already completed Eisenhower Museum and the President's old family home.

# Princess Grace, Rainier Set Visit

MONTE CARLO (INS)—Princess Grace and Prince Rainier of Monaco plan to visit the U. S. in May or June and hope to bring little Princess Caroline with them.

A high palace source said details of the visit are being worked out with the princess's mother, Mrs. John Kelly of Philadelphia, who is in Monaco to be with her daughter when her second child is born next month.

Underwood has asked Morris to represent him at that meeting against Ray S. Tabor.

# Final Short Meet Of Legislature Believed In Sight

ANNAPOLIS (AP)—Legislative sentiment appeared to be snowballing today toward making this the last 30-day session of the Maryland General Assembly as it is now run.

Both the House and Senate have tentatively approved bills to change it for the first time since the short, even-year session, was inaugurated in 1950.

The reason: They're fed up with a deluge of bills many members feel have no business in a budgetary session and are frustrated at the lack of time to study the budget and develop a tax program.

This feeling was spurred even higher by yesterday's report that finance committees face the prospect of raising 3 million dollars more in revenue than when they started work on the budget Feb. 7.

**Cannot Avoid Increase**  
Leaders of both the Senate and House finance committees have conceded this practically eliminates any hopes they had of avoiding major increases in both the sales and income taxes.

The blow came from a Board of Revenue Estimates report that because of continued drops in sales and income tax collections during the current recession estimates must be revised downward by \$2,205,000.

Added to it was an announcement that Gov. McKeldin's supplemental budget to be submitted today will total more than one million dollars, chiefly because of increased welfare aid.

The two houses won't get around to the tax problem until next week but they're working now on legislation to extend future 30-day sessions so more time will be available to study the budget and tax programs.

## Two Plans Offered

The House wants to set up an annual 60-day session replacing the 90-day sessions now held in odd-numbered years and the 30-day sessions in even years.

The Senate leans toward expanding present short sessions to 45 days and restricting them entirely to the budget and local bond issue matters.

Leaders of the moves feel confident the two houses will get together on a recommended change and submit it to the voters in November. As a constitutional amendment, it would require their approval.

Present 30-day sessions were set up primarily to take care of the budget and tax matters, emergency legislation and matters in the general public welfare.

More and more they have been cluttered with local problems in the guise of state-wide legislation, which the attorney general has ruled must qualify of the short session.

## Controversial Program

In 1956 the House of Delegates struggled through days and nights of hearings on Baltimore's transit problems on top of their other business.

This year both houses are beset with controversial gambling legislation — to ban jai alai (primarily affecting Anne Arundel County), to outlaw slot machines on the Potomac River (primarily affecting Charles and St. Mary's counties), to transfer Pimlico's horse racing dates to Laurel.

Numerous other bills also crowd into committees of each house. These come at a time the Legislature is facing its biggest tax problem in history: How to bridge a 41 million dollar gap between recommended spending and expected revenue.

"This session of the Legislature has grown to be a huge, terrific farce," said Sen. Bertoldi (D-Balto 1st) in urging the Senate yesterday to approve his bill restricting short sessions to the budget and bond programs.

## Hodge-Podge Session

Sen. See (R-Allegany) called it "one of the most hodge-podge 30-day sessions I've witnessed."

Tax increases facing the State would have come anyway because of the current national recession. But legislators feel they could have lightened the impact through a more thorough screening of the budget than they've been able to develop.

Sen. Turnbull moved last night to have the 30-day session extended. (Continued on Page 20)

## Soloist Listed For Concert By Civic Orchestra

The soloist for the concert to be presented by the Cumberland Civic Symphony Orchestra Tuesday at 8:15 p. m. at Allegany High School will be Richard Bain, a harmonica virtuoso with the United States Navy Band at Washington.

Wilton Sykes, conductor, said Bain is world famous for his artistry on the harmonica.

Tickets for the concert may be obtained from members of the organization at the Sykes Music Store and from members of the Women's Civic Club, Allegany County Historical Society, Sacred Heart Hospital Auxiliary and Cumberland Chapter of Hadassah.

# Snowfall In Garrett Far Above Normal

Total 37 Inches  
Beyond Average With  
Some Winter To Go

Garrett County, as everyone knows, is experiencing its roughest winter in many years, and State Roads Commission figures show the snowfall at Oakland is way over the average.

R. E. L. Putnam, District 6 SRC maintenance engineer, reported Oakland has had 111.75 inches of snow, not counting yesterday's. The average for that area is 74.84 inches for a full winter. That is nearly 37 inches over the normal.

And at Accident 97 inches of snow have been recorded. The average there is 75.84 inches.

**Most In 17 Years**  
According to SRC statistics for Garrett County, that section is having more snow than it has had in the past 17 years.

At Oakland, there were 3.75 inches of snow in one storm in October. November's five storms left five inches of snow while five storms in December deposited 15.75 inches.

January had 42.75 inches in 11 storms and up to February 18, this month had 44.5 inches in six storms.

At Accident, the one snowfall in October deposited three inches; five in November left four inches; five in December, 16.25 inches; January, 11 storms, 35.5 inches; and February, six storms and 33.25 inches. This was a total of 97 inches in 28 storms.

**15 Below Zero**  
Low temperatures during the months this year at Oakland have been: October, 26 degrees; November, 8; December, zero; January, 7 below; and February, 15 below.

At Accident the lows have been: October, 25; November, 14; December 2; January, 1 below; and February, 6 below.

The closest winter to this year, the 1950-51 winter when Oakland had 102 inches.

Other totals for the county seat of the state's ice box have been: 1939-40, 77.45 inches; 1940-41, 79.2 inches; 1941-42, 53.35 inches; 1942-43, 95 inches; 1943-44, 62 inches; 1944-45, 64 inches; 1945-46, 64 inches; 1946-47, 94 inches; 1947-48, 68.5 inches; 1948-49, 64.5 inches; 1949-50, 71.75 inches; 1950-51, 102 inches; 1951-52, 58.5 inches; 1952-53, 87.5 inches; 1953-54, 82 inches; 1954-55, 98.75 inches; 1955-56, 98 inches; 1956-57, 79.75 inches; 1957-58 (not complete), 111.75 inches.

**Cost Kept Low**  
And despite the heavy snows, the State Roads Commission in Garrett County and other parts of District 6 in Washington and Allegany counties, set some sort of a record in the February 15 storm.

The cost of snow removal on state highways in the District as a result of this storm amounted to \$35,000.

Robert O. Bonnell, chairman of the State Roads Commission, attributed the low cost to good organization and equipment.

Other district costs showed District 5 comprised of Anne Arundel, Calvert, Charles and St. Mary's Counties, expending \$165,000 to clear the February 15 snowfall.

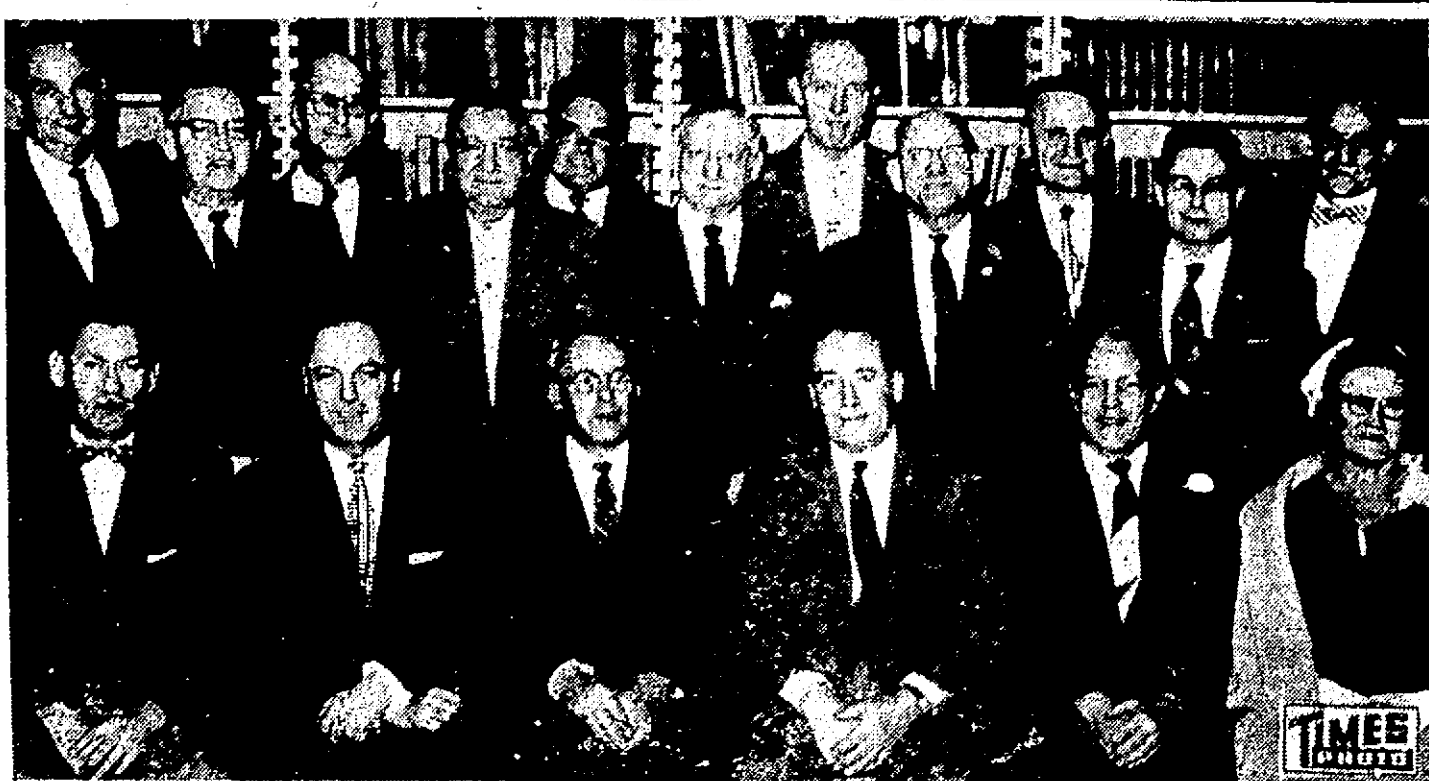

Other district costs were: District 1, Dorchester, Somerset, Wicomico, and Worcester counties, \$10,000; District 2, Caroline, Cecil, Kent, Queen Anne's and Talbot counties, \$66,000.

District 3, Montgomery and Prince Georges Counties, \$125,000; District 4, Baltimore and Harford counties, \$145,000; and District 7, Carroll, Frederick and Howard counties, \$70,000.

**Chapel To Conduct  
Favorite Hymn Sing**

Bedford Road Baptist Chapel will furnish a favorite hymn sing at 7:30 p. m. service Sunday, with both the adult and youth choirs of the church participating.

The hymns were selected from a census taken among members meeting, said another meeting of the congregation earlier this year.

**LOCAL 1874 INSTALLS** — The newly elected officers of Local 1874, Textile Workers Union of America, were installed last night by William Pollock, New York, president of the international union. He is shown seated, third from right. Above, sitting, left to right, are Francis Harvey, warden; Charles F. Davis, secretary-treasurer; John G. Thomas, president; Pollock; Carl P. Ryan, vice president; and Mrs. Lillian Burch, executive board; and standing, same order, Ralph Cline, international representative; James F. McGann, trustee; Stanley Morgan, executive board; John Small, trustee; Floyd Grady and Ira W. McBride, executive board; Earl Walker, trustee; Robert Blair and Joseph Barley, executive board, and Charles H. Rizer and Robert Jones, trustees. Cline, of Washington, is with the TWUA's synthetic yarn division.

# White House Change Urged By Pollock

Textile Union Head  
Says Ike Offers Hope  
With No Action

The general president of the Textile Workers Union of America told members of Local 1874 here last night that all labor is getting from the White House is hope and no action.

William Pollock, New York, made the statement during a speech at the installation of the new officers of the local representing workers at Amcelle Plant of Celanese Corporation.

He said he has appeared on three or four occasions before Congressional committees in regard to the situation that exists in the textile industry, an industry which is "very sick."

**Cites Employment Drop**  
He pointed out that from a peak of 1,200,000 workers, the industry now employs 856,000.

In regard to the effects of imported textiles from Japan and other countries where they can be produced cheaply, Pollock said his organization is not against reciprocal trade.

If there were no reciprocal trade agreements, between the United States and other nations, business would be stymied, he declared.

But, Pollock added, he feels there should be a check made on the methods used for setting the balance of trade between this country and others.

He definitely felt that the country needs a "Roosevelt or a Truman" in the White House to put the nation back into good shape.

**Discouraged With Ike**  
Pollock said labor is discouraged with President Eisenhower because of his attitude toward business, which is on a gradual decline.

The president also noted, in reference to current contract negotiations between Local 1874 and Amcelle Plant, that there is hope of a pay increase.

The Amcelle Plant employee's average wage is \$1.94 an hour, and he added "prospects are good that it will rise even higher in the near future. I'm judging by our success in negotiations for Celanese workers at Rome, Ga., and Rock Hill, S. C., where agreements have been reached."

**Conference Held**  
Yesterday a preliminary meeting on negotiations by the local and the Celanese Corporation was held at the plant at which time the union's proposals toward a new agreement were outlined in detail.

Ralph Cline of Washington, TWUA Synthetic Yarn Division chairman, who attended the meeting, said another meeting of the congregation earlier this year.

(Continued on Page 22)

# 'Missing Link' Sought In Blood Bank Recruitment

While anthropologists carry on a never-ending search for the missing link in the chain of evolution, a similar search goes on here the year 'round for the missing link in the chain of humanity represented by the Red Cross blood program.

The search is at a high pitch as it is every month when the Red Cross bloodmobile is due here from Johnstown, Pa., regional headquarters — and it's due Monday, when it will accommodate donors from noon to 6 p. m. at the Eagle's Home on North Mechanic Street.

Tuesday it will move to the Allegany Ballistics Laboratory, where it will be in operation from 11 a. m. to 5 p. m. in what is expected to be another successful blood collection program among ABL employees.

In the meantime, members of the Red Cross donor recruitment committee are hot on the trail of the "missing links" — those who have overlooked signing up for the life-saving program in which "free blood is freely given."

"The great chain of humanity has always been bound together by blood," Mrs. Norman W. Taylor, blood recruitment chairman, said today, "and the links of the chain have become stronger through the Red Cross blood program that was first requested by the Army and Navy during World War II."

Many people remain missing links in the chain until, through illness or accident, they receive free blood from the local blood bank. Automatically, without a request, the blood that was donated by friends and neighbors is given to them free of charge. And p. m. by Rev. Jacob H. Snyder, pastor of Kingsley Methodist Church. Interment will be in the Rose Hill Cemetery.

The family will receive friends at the funeral home from 2 until 4 p. m. and 7 until 9 p. m.

**Mrs. Grover L. Ketterman**  
Mrs. Estelle F. Ketterman, 53, wife of Grover L. Ketterman Sr., 501 1/2 Glenwood Street, died this morning in Sacred Heart Hospital.

A native of Petersburg, W. Va., she was a daughter of the late Felix and Ida Lewis Swick.

Besides her husband, she is survived by four sons: Grover L. Jr., James F., Phillip and Richard Ketterman, all of this city; four daughters, Mrs. Georgia Snyder, New York City; Miss Shirley E. Ketterman, Mrs. Bessie Burton and Miss Betty Ketterman, all of this city; two brothers, Noah Swick, Petersburg, and Felix Swick, this city, and four sisters, Mrs. Mary Whetzel, Keyser; Mrs. Dora McElfresh and Mrs. Laura Crawford, both of this city, and Mrs. Verna Lahman, Petersburg.

The body is at the Stein Funeral Home where the family will receive friends from 2 until 4 p. m. and 7 until 9 p. m.

**Mrs. Martha C. Simmons**  
KEYSER—Mrs. Martha C. Simmons, 68, of RD 3, died last night. (Continued on Page 22)

# Groups Plan Correlation Of Facilities

Program Outlined  
In Event Flood  
Should Hit Sector

Plans for correlating the facilities of the Allegany County Red Cross disaster committee. Representing that unit were Francis R. Torrington and Thomas B. Finan, co-chairmen, C. M. Sanner, chairman of the Red Cross Chapter; Mrs. George W. Legge, executive secretary of the chapter, and Mrs. Morris Rosenbaum, who acted in an advisory capacity, having had experience in such work during the 1936 flood.

Wallace Ullery, city clerk, attended as assistant to Nuzum in flood emergency activities affecting the city.

**Inventory Taken**  
A number of committees were appointed to assist with problems which will arise in the event of a flood, and an inventory taken of supplies which will be immediately available. It was reported that churches and the Allegany County Board of Education will be contacted in a request for buildings which might possibly be used as headquarters for operations in the event of an emergency.

Mrs. A. Hammond Amick will be in charge of a food and shelter committee; Mrs. John R. Wilkerson, for food and canteen service; Ullery and Mrs. A. G. Walther, shelter and registration; Dr. Thwaites, chairman of the Red Cross first aid committee, will be in charge of the emergency aid station.

Mrs. Marietta Earley, chairman of the Red Cross nursing services, and Mrs. Holmes Cessna, chairman of the Motors Corps, will direct the operations of those units should a flood occur.

**To Buy Preservers**  
The main function of rescue service was delegated to the Cumberland Police Force, with the Red Cross obligated to purchase life preservers which will supplement equipment the police unit already has.

Personnel who will staff emergency headquarters will be supplied by Mrs. Irving Millenson, chairman of staff aid.

It was agreed that the Allegany County Civil Defense unit will be requested to cooperate in the plans formulated at this morning's meeting, and that Mrs. David Moreland of Ridgeley be informed of the plans, which are to tie in with those in Ridgeley and Wiley Ford.

Torrington and Finan said there are approximately 125 cots available for an emergency, with enough bedding to take care of that number of cots.

Mrs. Rosenbaum explained the difficulties that arose following the 1936 flood pertaining to shelter and food, pointing out that one of the major "headaches" was storage for items which were voluntarily offered to help the flood victims' plight.

Sanner said the usual avenues for bedding, furniture, food and home appliances will be utilized by the Red Cross.

**Food Distribution  
Slated Tomorrow**  
Surplus food will be distributed to residents of the Ridgeley area between 9 a. m. and 1 p. m. tomorrow, according to Mayor Charles H. Fryer, who said the distribution will take place at the City Building.

In the event that bad weather might cause the postponement of the food distribution, it will take place during the same hours on Saturday, Mayor Fryer said.

**Reservists Return  
From Active Duty**  
The 37 members of Army Reserve units in the area, known as the Allegany County Contingent, have completed their six months of active duty, spokesmen announced.

The group is still obligated to participate in the annual two-week summer training with their units, it was explained, as well as the weekly training period.

# D'Alesandro To Visit City On Monday

Candidate Plans  
Visit To Plants;  
At Hotel In Evening

Mayor Thomas D'Alesandro of Baltimore will spend Monday and Tuesday on tour in Allegany County in behalf of the Democratic's "harmony ticket" for the May primary.

Simon F. Reilly, Allegany County campaign manager for the ticket comprised of J. Millard Tawes for governor; Mayor D'Alesandro for U. S. Senate; State Sen. Louis Goldstein for comptroller, and C. Ferdinand Sybert for attorney general, made the announcement this afternoon.

The Baltimore mayor is expected to arrive in the Queen City Sunday evening. Reilly said plans call for him to spend Monday in Cumberland on a "shoe-leather" campaign.

He will make an effort to work on visits to most local industries and business establishments, Reilly added.

Monday night Mayor D'Alesandro will be available at the Allegany Hotel to meet with members of the Democratic Party interested in the candidacy of the Tawes-D'Alesandro-Goldstein-Sybert ticket.

Reilly emphasized that no invitations are being issued to confer with the mayor, but urged all party members to make an effort to meet the head of the nation's sixth largest city.

Tuesday he will tour the county.

**Snow And Fog  
Unexpectedly  
Hit District**  
Gloomy, foggy, London weather put in an unexpected appearance today after a freak snowfall hit Western Maryland west of Hagerstown last night.

The snow appeared to be concentrated on the Allegany-Garrett county line. Frostburg and Big Savage Mountain had five inches while the Bloomington-Swanton section had from four and a half inches to five inches.

Oakland had one inch, Accident and New Germany, two inches; LaVale, three inches; Cumberland 2.8 inches; Town Hill two inches; Hancock, one and a half inches; and Hagerstown, one-half inch. The forecast had been for rain.

At noon today, G. Bates Chaires, District 6 engineer for the State Roads Commission said the warming temperatures had practically all roads in Allegany and Garrett counties bare.

The outlook for Allegany and Garrett Counties calls for today to have rain or drizzles, with tonight being cloudy and milder. Tomorrow is to have scattered showers. The overnight low is to be between 35 and 40 degrees, with tomorrow in the middle to upper 40s. Saturday is to be rather cloudy and somewhat colder.

There was much fog over the section. East of where rain and no snow, was experienced there were icing conditions.

**Study Jobless  
Pay Hike Set**  
The Legislative Council will conduct a study of a bill to liberalize Maryland's unemployment compensation law.

The bill got an unfavorable report from a Senate committee in Annapolis yesterday and the bill was referred to the Legislative Council.

Delegate Noel Spier Cook who, with Delegate Lester B. Reed, introduced the bill in the House of Delegates, reported he requested the House Judiciary Committee, of which he is a member, to refer the matter to the Legislative Council for interim study.

Delegate Cook said he did that after receiving word that the Senate Judicial Proceedings Committee had given an unfavorable report to the companion measure introduced by Senator Charles M. See in the Senate.

Both bills would have increased from 26 to 39 the number of weeks eligible persons may receive unemployment benefits. No state now provides compensation for more than 26 weeks but federal legislation has been proposed to extend the limit to 39 weeks.

**CHURCH GROUP INSTALLED** — The newly elected officers of the Methodist Men of McKendree Methodist Church were installed in ceremonies recently. Pictured left to right are George Ashby Jr., secretary-treasurer; Henry L. Davis, devotional chairman; Charles E. Trimble, president; Earl L. Bracey, lay leader; Rev. G. T. C. Bell, pastor; James W. Morton, publicity.

Shrimp And Rice Make Good Salad

SAN FRANCISCO — (INS) — Shrimp and rice are always nice, but dust them with a little curry and serve as a salad for a delicious Lenten menu surprise.

Here's a Curried Rice Salad recipe from Fred Aeberhardt, supervising chef for a chain of the important San Francisco area restaurants:

1 cup rice  
1/2 cup cooked shrimp  
1/2 cup cooked green peas  
1 tablespoon chopped pimientos  
1 tablespoon curry powder

1/2 cup mayonnaise  
French dressing  
Cook rice in one-half gallon of water for 18 minutes. Wash in cold water and drain well. Now add the shrimp, green peas, pimientos, curry, mayonnaise and dressing. Salt as needed. Mix the ingredients and serve on crisp lettuce leaf. Garnish with hard-boiled eggs and sliced tomatoes.

Add sliced pimiento-stuffed olives to cream sauce and serve with braised or broiled chicken.

Lenten Recipe Comes From Canada

SALMON PATTIES, a Canadian favorite, fit into Lenten meals.

By CECILY BROWNSTONE, Associated Press Food Editor

Forty-below weather, in my Canadian childhood, sometimes sized onion (chopped), flour, 3 meat that lunch and supper to 4 tablespoons butter.

Method: In a medium-sized iron skillet, melt 4 tablespoons butter. Add onion and salt. Stir in bread crumbs. Add salmon liquid in can, salt, mustard and PATTIES — brown and crisp on the outside, mix well, breaking up outside, flavorful and soft inside. (It is not necessary to But much as we liked salmon remove bones — they provide call I suspect that one reason we liked salmon so much was because the patties were in a small skillet; add onion and cause of the inexorable rule in cook slowly, stirring often, until with the tiny sweet gherkins we brown; stir into salmon mixture, were mad about. Other accompaniments: Rinse hands in cold water and paniments to the patties were shape mixture into flat patties, old-fashioned pan-fried potatoes, using about 1/4 cup for each, creamed green peas, buttered (Mixture may be quite soft.) carrots. For dessert, that old Spread about 2 tablespoons flour Canadian winter standby — cut up on a large piece of waxed paper, oranges and bananas — would place patties on flour to coat, probably turn up.

Nowadays you might enjoy, turner to turn. Melt 2 tablespoons serving salmon patties with Tar-butter in a skillet (about 10 far Sauce and a salad. If you inches; add half the patties or, have an electric skillet, you can as many as the pan will hold cook the patties right at the table, without crowding. Fry slowly. My mother used to use dry until hot through and browned on bread crumbs in the salmon pat- both sides. Add 1 or 2 table- ties she made but nowadays fresh spoons more butter if necessary bread crumbs seem to be in favor to fry remaining patties. Makes and so here's a rule using the 14 to 16 patties.

**SALMON PATTIES**  
Ingredients: 4 eggs, 4 cups (8 slices) fine fresh bread crumbs (crusts included), 1 can (1 pound) salmon, 1 teaspoon salt, 1 tea-

Macaroni Salad Is Old Favorite

Macaroni salad is an old favorite in many a family for a stick-to-the-ribs cold supper during Lent.

1/2 cup vinegar  
1/4 cup sugar  
1 teaspoon salt  
1 medium-sized cucumber, diced  
1 medium-sized onion, thinly sliced  
1 tablespoon salt  
3 quarts boiling water  
2 cups elbow macaroni (eight ounces)  
1 1/2 cups creamed cottage cheese

Combine vinegar, sugar, one teaspoon salt, cucumber and onion; chill one to one-and-one-half hours.

Add one tablespoon salt to rapidly boiling water. Gradually add macaroni so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander. Rinse with cold water and drain.

Drain cucumber mixture and combine with macaroni and cottage cheese. Mix lightly but crisp salad greens, if desired. Makes four to six servings.

Do not buy frozen vegetables that are even slightly softened; packages should be frozen hard.

Mrs. M. V. Filbert

New discovery gives sweeter, fresher taste to margarine

Secret recipe provides far superior flavor—no price increase

It's true. An exclusive recipe discovery gives the new Mrs. Filbert's Margarine a flavor never before possible... the real true taste you look for in the most expensive spreads. You'll realize you can't buy a finer spread, no matter what you pay. The Filbert family guarantees you'll be pleased, or double your money back.

Try chopped celery and cucumber in egg-salad mixtures. For a "quickie" refreshment, vanilla ice cream in ice-cold apple for the crowd, serve a scoop of apple cider.

Red Devil Casserole Prepared With Sardines

Sardines in tomato sauce can come in handy for Lenten lunches or light suppers, particularly since they can be combined with rice, macaroni or noodles for a tasty casserole.

The sardines, caught off the coast of Maine and packed by the same people who make devil-dam, are good pantry shelf staples for emergency meals or for a good Lenten meal.

This recipe for Red Devil Casserole makes four servings.

2 four-ounce cans sardines in tomato sauce  
2 cups noodles  
1 buffet size can tomato sauce  
Lemon slices

Cook noodles according to package directions, drain, put in greased casserole dish and arrange sardines on top. Cover with tomato sauce. Reheat in oven until hot through, then serve with lemon slices.

Tastier Way to Serve LENTEN DISHES!

Make Lent Meal Of Bouillabaisse

SAN FRANCISCO — (JNS) — Ellen Eden, home economist for a tomato packing firm (Contadina) calls this hearty concoction Bachelor's Bouillabaisse and suggests that it be served with bibs for each guest—in the San Francisco Fishermen's Wharf manner—for Lent.

1 large onion, sliced  
1 clove garlic, crushed  
1/2 cup olive oil or salad oil  
1 can tomato paste  
1 can condensed clam chowder  
1 quart water  
2 teaspoons basil  
2 teaspoons salt  
1 pound fish fillets, cut into two-inch pieces

2 pounds cooked shellfish (one kind of combination of shrimp, clams, crab, oysters, lobster) 1/2 cup dry white wine (such as sauterne)  
2 tablespoons chopped parsley  
Cook onion and garlic in oil, add tomato paste, chowder, water and seasonings. Cover and simmer 20 minutes. Add fish and simmer 10 minutes; add shellfish and wine; simmer until bubbling. Have ready two hot bowls. Strain broth in one and fish in the other. Sprinkle fish with parsley. Serve fish and broth over toast in individual bowls. Makes about eight cups.

Tartar Sauce Easily Fixed

Tartar sauce is an easy way to pep up Lenten fish dishes. This recipe recommends you start out with one cup of mayonnaise, to which you add two tablespoons of finely chopped scallions, one teaspoon lemon juice, one tablespoon finely chopped parsley and two tablespoons chopped dill pickles.

If you have a blender, you can eliminate the chopping. Make this sauce at least two hours before serving to permit the flavors to blend.

Chuck And Chicken Put On Best Buy Food List

By The Associated Press

Housewives beset by record high food prices will find two old bargain favorites, chuck roast and chicken, at special prices in many supermarkets and groceries this week.

This week's Bureau of Labor Statistics figures confirmed what food shoppers have suspected for some time, and the supermarket meat experts apparently figured the housewives could be tempted best with the two bargain reliables.

Chuck was selling at 49 cents a pound and chicken at 45 cents a pound in some stores in New York metropolitan area. This was a far cry from steak in the 80s or 90s and veal chops at \$1.19 a pound.

Veal Prices Higher

Veal prices were up four to nine cents a pound and veal lovers have little hope for the immediate future. Calf marketings have been slipping as farmers strive to rebuild cattle herds. Rib roasts and steak also were higher in scattered areas.

Eggs were higher by two to eight cents a pound in most areas, but prices are expected to turn around shortly as cold weather abates and hens start to increase their output. Distribution of available supplies has been hindered recently by bad weather.

Fruit and vegetable prices remained higher than normal again but the inflexible laws of supply and demand should work in the housewives' favor in a few months.

Growers of spring vegetables are expected to start planting bigger crops earlier than usual to cash in on current high prices, and some growers of winter vegetables are trying to get seed to sow a late winter crop. Prices should go down again when these crops start reaching market.

For the present, however, bargains are hard to find among fresh produce. Potatoes and onions, although higher in price than a week ago, are reported to be the best bet available among vegetables.

Apples Are Best Buy

Celery, carrots, lettuce and broccoli are fairly good buys, pro-

Baked Olive Omelet Hearty And Delicious

If you've been looking for an easily prepared dish suited to Lenten menus, here is a recipe to add to your file. Fix a baked omelet which is hearty and delicious with chopped stuffed olives and cottage cheese. This baked olive omelet recipe serves four.

6 eggs, separated  
1 cup milk  
1 cup cottage cheese  
1/2 teaspoon pepper  
1/2 cup chopped pimiento  
1/2 cup stuffed green olives  
2 tablespoons butter or margarine

Beat egg yolks until thick and lemon colored. Add milk, cheese, pepper and olives; mix lightly. Beat egg whites until stiff but not dry. Fold into egg yolk mixture. Melt butter or margarine in 10-inch skillet. Pour in egg mixture. Bake in moderate oven (350 degrees) 30-40 minutes or until set.

Tasty Combination

Liver and bacon make a well known combination but for added variety, combine slices of canned luncheon meat or ready-to-serve meat such as bologna or spiced ham with panfried or braised liver.

Snap With Bacon

To add distinction to a serving platter of a breakfast entree, serve bacon curls. To prepare, loosely roll strips or half strips of bacon and fasten with wooden picks. Panbroil bacon curls the same as bacon strips.

Meal That Satisfies

How often do you serve plump, juicy pork sausage links for dinner? Both the chief cook and the family will enjoy a hearty Saturday night supper built around pork sausage links and baked beans. A crisp salad, hard rolls, beverage and dessert are all you need to accompany this meal.

Planning a tea? Small cupcakes are easy to bake, frost, store and serve. Use a white-cake batter for some of the cakes and top with a fudge frosting and a nut garnish. Use chocolate batter for the remaining cakes and top with a fluffy white frosting and chocolate sprinkles.

**SHRIMP-RICE SALAD**

Cook 1/2 cup rice (regular or quick), drain and chill. Combine 1/2 pound cooked and cleaned shrimp with 2 tbs. olive oil, 2 tbs. lemon juice, 1 tsp. Sterling Salt, 1/2 cup snipped parsley, 1/2 garlic clove, mashed, 1 tsp. prepared mustard. Stir and mix until well blended. Add rice. Toss all together. Chill. Serve as appetizer, or as salad. 6 servings.

Any dish has extra zest, extra flavor richness when cooked and seasoned with Sterling Salt!

## Driver Faces Grand Jurors In Road Death

BEDFORD—A Bedford County coroner's jury recommended Tuesday night that Ray D. Myers, 33, of Roaring Spring, be held for grand jury action in the February 15 death of Ray Kennedy, 49, also of Roaring Spring, in a two-car collision on snow- and ice-covered Route 59 east of Bedford on Mile Level.

Immediately after the jury action, a charge of involuntary manslaughter was filed against Myers by chief investigating officer Flori Palmer before Bedford Justice of the Peace H. Cyril Bingham. Myers waived a preliminary hearing and was fired on a \$1000 bond to await grand jury action in May.

In another inquest held Tuesday evening, the same coroner's jury ruled that the January 14 wreck of a Trailways bus on the ice-covered turnpike near Beck, in which three bus passengers died, was "unavoidable." It recommended that the bus driver, Gordon Hileman, 38, of Uniontown not be held for grand jury action.

### Beer Drinking Admitted

In the inquest into the Route 59 death, Myers admitted on the witness stand he had consumed eight bottles of beer in the five or six hours prior to the tragedy. Kennedy was a passenger in a car operated by Myers when it skidded on the icy highway and smashed into another car driven by William W. Smith, 21, of RD 1, Artemas.

When pressed by District Attorney E. W. Van Horn Jr., Myers denied that he was intoxicated to the point where it affected his driving at the time of the crash. He also denied having anyone else in the car at the time of the crash.

Myers attributed the crash which killed his companion to ice and snow; he denied that the beer he had consumed had anything to do with it.

Two other witnesses took the stand in the Kennedy inquest. They were Trooper John Hayward, who told of his preliminary investigation of the accident, and Smith who gave his version of what happened. Smith said that he had eaten lunch at the Willows Restaurant not far from the scene of the tragedy just before the collision. He told the jury that he was going at about 25 miles per hour at the time.

### Pike Not Cindered

In the inquest into the bus wreck, three witnesses, Cpl. Howard Reppert of the State Police, Charles N. Paris of Pittsburgh, who was operating a rig along the pike at the time of the accident, and bus driver Hileman all testified that the roadway at the spot where the bus crashed into a bridge support and split in two was not cindered at the time.

Paris and Hileman also agreed that 35 miles per hour restricted speed limit signs had not been posted in the area at the time of the tragedy. Hileman said that he was driving at around 40 miles per hour when the crash occurred. He said that he had noticed the icy spot as he approached the bridge and had attempted to put his bus back into third gear in order to slow it down and gain more traction.

However, the bus began to slide and he did not get it into third gear. It hit the icy medial strip and then the bridge support.

One bus passenger, Mrs. Paul Shank of McKeesport, was called to the stand and testified that the bus driver had been warned of icy conditions when the bus was forced to halt at the scene of another accident on the super-highway shortly before the bus itself crashed.

## Conservation Meeting Set

BECKLEY — Gov. Cecil H. Underwood and H. K. Pyle, chief of the forest service for the U. S. Department of Agriculture, will be speakers here at a March 27-28 conference on water and related resources.

The conference is being sponsored by the West Virginia Chamber of Commerce through its committees on agriculture, forestry, tourist development and water resources.

Objectives of the conference are to stimulate interest in a long-range program of conservation and development of water resources in the state, improvement of quality and quantity of water is a real chance to help yourself, supplies, and mobilization of forces concerned with development County.

Shantung, a variety of silk fabric, derives its name from a province in China.

Second day speakers will include Robert C. Smith of the Battelle Memorial Institute's department of economics and State Conservation Director Warden N. Lane.

### Can't Win All Times

RICHMOND, Va.—Thieves stole the hubcaps four times in nine weeks from the car of Richmond policeman K. S. Marcuse and got away. Marcuse says they may not be so lucky in the future.

## Somerset County Maple Festival Parade March 21

MEYERSDALE — One of the highlights of the 1958 Somerset County Maple Festival will be the annual parade to be held Friday, March 21 at 7:30 p. m. In past years the giant parade has attracted thousands into the community to follow the line of march.

The parade will honor Pennsylvania's Queen Maple XI, Miss Eileen LaBute of Berlin-Brothers valley Joint High School, and the 10 members of her court. Chairman of the parade committee is Emerson Suder, president of the Meyersdale Volunteer Fire Department.

Two hundred invitations to high school bands, drum and bugle corps and marching units in the tri-state area have been sent out, and parade officials are expected to have many units to participate in the parade.

Cash prizes totaling \$615 are being offered to entries in 10 different categories. Top first prize money of \$70 each is offered drum and bugle corps and community bands. Second prize money is \$35.

Other divisions of the parade and prizes are as follows: Out-of-town high school bands, first \$40; second \$25; marching units, first \$40 and second \$25; 4-H Club; school floats, first \$40 and second \$25; miscellaneous floats, first \$40 and second \$25.

In past years a trophy has been awarded to the best county high school majorette marching in the parade. This year, the trophy from Gimbel Brothers in Pittsburgh will be awarded to the best Somerset County high school band. Competition for the trophy is expected to stir up rivalry between high school bands from the county's 12 high schools.

A new feature, to advertise the community's resources and manufacturers of Somerset County, will be window displays depicting various industries of the county and Smith who gave his version of what happened. Smith said that he had eaten lunch at the Willows Restaurant not far from the scene of the tragedy just before the collision. He told the jury that he was going at about 25 miles per hour at the time.

The window display thought was conceived with the idea that since numerous tours bringing persons from Washington, Pittsburgh and dozens of other cities in Pennsylvania will be conducted through this area, it gives Somerset County an opportunity to advertise its communities, resources and products to manufacturers.

With this in mind, the Maple Festival committee has decided to use all available window space in Meyersdale to depict the dairy, coal, maple, lumber, quarrying, manufacturing and agricultural industries, plus recreational facilities.

Service Offered Free The advertising service is offered to firms and communities without charge. However, they are to furnish the display. Sherwood Holbert, president of the Meyersdale Chamber of Commerce, is in charge of procuring and assigning window space.

In introducing this new feature a number of points to be featured in the displays have been suggested. However, more can be added by the displayer. Points such as products manufactured or produced, number of employees, amount of payroll, value of products produced and the size of investment should be included in the display.

Information for the displays can be secured from the Agricultural Extension Office in Somerset, the County Coal Operators' Association and many other similar groups. Officials of the festival require that window displays be set up by Monday, March 17, and they be left intact until after March 23, the last day of the 1958 festival.

County firms and communities are asked to advise the Maple Festival as soon as possible whether or not they wish to take advantage of this opportunity to tell their story in the form of a window display. Immediate action is also required so that adequate window space can be reserved.

In introducing this new feature to the county, Herman E. Base, general chairman of the 1958 Maple Festival states, "This is a real chance to help yourself, supplies, and mobilization of forces concerned with development County."

Shantung, a variety of silk fabric, derives its name from a province in China.

Second day speakers will include Robert C. Smith of the Battelle Memorial Institute's department of economics and State Conservation Director Warden N. Lane.

## Delegates To Government Event Named

KEYSER — The West Virginia Education Association will sponsor its eighth annual "Know Your State Government Day" in Charleston Monday with about 400 school students from 40 counties attending.

State officials will outline their duties in appearances before the students and Gov. Cecil H. Underwood will speak at a luncheon meeting.

Delegates from Keyser High School will be Miss Eleanor Blackburn, daughter of Mr. and Mrs. C. S. Blackburn, Burlington, and James Bosley, son of Mr. and Mrs. T. R. Bosley, New Creek. They will be accompanied by Owen S. Schaeffer, junior class sponsor at the high school. Students attending the event are elected annually by their classmates.

Plaques Awarded Two units have been awarded a plaque for the best window display of Scouting during National Boy Scout Week by Tri-Valley District.

Chairman Arthur Haught has announced that in the troop-post division Troop 39, sponsored by Grace Methodist Church, was the winner. The unit is led by Scoutmaster Lester Oates Bernard Markwood.

First place award in the Cub Scout division was achieved by Pack 39 of Grace Methodist Church. Oran Brown is cubmaster and has registered over 70 boys. Nine units utilized store window displays to display their accomplishments in the year-round program of Scouting. Judging units were Troops 63, 82, 64, 36 and 39. Explorer Post 39 and 86, and Cub Pack 39. Judges were Arthur Haught, Keyser and Dr. Charles Park, Petersburg.

Plan Heart Dance Keyser Lodge 662, Loyal Order of Moose, will sponsor a dance Saturday, beginning at 9:30 p. m. for the benefit of the Heart Fund. Music will be furnished by The Cavaliers.

Other activities are planned with members of the Women of the Moose, Chapter 191, assisting.

## Rep. Staggers Wants Study Of Rural Problems

WASHINGTON (AP)—A West Virginian wants President Eisenhower to appoint—as Theodore Roosevelt did 50 years ago—a county life commission.

Rep. Staggers (D-W.Va.) wrote Eisenhower that "this is an appropriate time for a commission to be appointed to carefully study our pressing rural problems."

The White House in reply said the matter is under study and that Staggers' comments in support of such a commission will "have careful attention."

Staggers in his letter recalled that Roosevelt named such a commission which "made some very important contributions to the life of the United States, even though its prime concern was life in rural areas."

"May I urge," Staggers wrote, "that you appoint another such commission to explore the very much changed situation in agriculture, in related industry, and in the suburban movement that is in a sense retreat from the city to rural areas at the same time that actual farm population is decreasing."

"I believe this to be a very crucial situation in American life, which requires study and intelligent handling," Staggers added. Roosevelt in a message to the Congress transmitting a report of the old commission said "farming does not yield either the profit or the satisfaction that it ought to yield and may be made to yield."

"There is discontent in the country, and in places discouragement, and they lie intact until after March 23, the last day of the 1958 festival."

County firms and communities are asked to advise the Maple Festival as soon as possible whether or not they wish to take advantage of this opportunity to tell their story in the form of a window display. Immediate action is also required so that adequate window space can be reserved.

In introducing this new feature to the county, Herman E. Base, general chairman of the 1958 Maple Festival states, "This is a real chance to help yourself, supplies, and mobilization of forces concerned with development County."

Shantung, a variety of silk fabric, derives its name from a province in China.

Second day speakers will include Robert C. Smith of the Battelle Memorial Institute's department of economics and State Conservation Director Warden N. Lane.

Shantung, a variety of silk fabric, derives its name from a province in China.

WINS TWO TOURNAMENTS—Joseph Inskeep Jr. (left) receives a trophy for winning the championship flight of the Westvaco Golf Club's fall tournament. The presentation was made by John Fox, Keyser, manager of the Oakland Country Club last season. Inskeep also won the club's spring tournament and was the recipient of another trophy for that honor. The trophies were presented at the golf club's recent first awards dance at Jake's Place in Westernport.

## Bible Class Dinner Today

BARTON—The Men's Bible Class will sponsor a dinner for members and their wives in the Methodist Church assembly room today at 6 p. m.

Music and entertainment will be featured. Walter Metz is chairman of the affair.

### Brief Mention

Mrs. Quail Andrews, New Brighton, Pa., is spending several weeks with her father, William Schramm.

Andrew Penman is recovering at his home after an attack of virus infection.

William Ayres, local merchant, sustained a broken arm in a fall on the ice at his home. He is recovering at his residence on High Street.

Another in a series of dances will be held at the firemen's armory tomorrow from 10 p. m. to 1 a. m. Happy Laughlin's orchestra will furnish the music. Proceeds will go toward the building of a new Catholic church which is nearly completed.

Mr. and Mrs. John Rhodes and children of Detroit are spending some time with Mrs. Daisy Hyde and family.

George Crowe is able to be out after suffering a leg injury several weeks ago.

Mrs. Laura Warnick and son, Leslie, returned from a week's visit with relatives in Pontiac, Mich.

Mrs. Thomas Smith, who suffered a stroke sometime ago, and has been a patient at Potomac Valley Hospital for two weeks, was removed to the home of her sister, Mrs. Dora Foltz, Littlestone, W. Va.

## Founder's Day Play Presented

LONACONING — A founder's Day play featured Tuesday night's meeting of the Central Parent-Teacher Association in the school auditorium.

The play, under the direction of Mrs. Doris Lee Struck, was entitled "Suppose It Hadn't Happened." Taking part were Mrs. Mildred Love, Mrs. Ann Foote, Mrs. Betty Fazenbaker, Mrs. Wanda Gardner, Mrs. Phyllis Nicol and Harold Meyer.

Mrs. Thelma Inskeep, president, presided. A discussion on the proposed swim program was held and another meeting of the committee is scheduled for tonight. It was also announced there will be two more meetings of the child study groups. The attendance count of parents was awarded to Miss Marian Pickens room and Mrs. Betty Long room.

Mrs. Ora Mae Lewis, chairman of the Allegheny County Heart Association, will speak at the March meeting on "Health and Others Your Heart."

Refreshments were served by Mrs. Robert Miller, Watercliff Street, has been ill for the past three weeks.

## James T. Kelly Presented Haywood Memorial Trophy

LUKE — The Gerald Haywood Memorial trophy was presented recently to James T. Kelly at the first annual awards dance of the Westvaco Golf Club at Jake's Place in Westernport.

The trophy, top award presented by the golf club, is based on golfing ability, sportsmanship and participation. The winner is selected by vote of the club membership.

Joseph Inskeep Jr., winner of both the spring and fall tournaments, was presented with the championship trophy for each, plus a larger trophy presented by John Fox, Keyser, manager of the Oakland Country Club last summer.

Trophies presented for the fall tournament included: Dave Hopkinson, runnerup to Inskeep in the championship flight; Oliver Crowe, first flight; and Louis Kelly, runnerup; Elmer Marsh, second flight; and David Marple, runnerup. Wayne Raines, third flight; and Charles Weight, runnerup.

Spring tournament trophies went to James Kelly, first flight; John G. Leech, second flight; Robert J. Wilson, third flight; Leo Mazzoni, fourth flight; and William Kelly, fifth flight.

Approximately 50 couples attended the dance.

The committee in charge of arrangements included Carl Salek, chairman, Warren Lee Mann, Inskeep and Ernest C. Cowell.

### Ellerslie

ELLERSLIE—Mrs. Oscar Leydiz was honored a recent evening with a surprise birthday party given by her children. Guests were Mr. and Mrs. Arthur Miller, David and William Miller, Mr. and Mrs. Donald Johnson and sons, Mr. and Mrs. George L. Barger and son, Mrs. Cloyd Miller and daughter, Mr. and Mrs. Jude Shroyer, Cathy Shroyer, Mr. and Mrs. Curtis Hickie, Kimberly Hickie, Mrs. Ruth Hagenbuch, Robert and Steven Hagenbuch and Miss Shirley Turley.

William Albright is a patient in Memorial Hospital.

Mr. and Mrs. Ralph DeVore visited in Baltimore.

Mrs. Ruth Hagenbuch and Mrs. Evelyn Leydiz entertained with a surprise birthday party for Mrs. Anna Mae Cook. Guests were Mr. and Mrs. Warren Lohr, Mrs. Mary Cook, Mrs. Zuma Burkett, Nial Cook, Ronald Cook, Brenda Leydiz, Robert and Steven Hagenbuch.

Co-hostesses with Mrs. Ludwig are Mrs. Richard Troughen, Mrs. James Angel, Mrs. Charles Godwin and Mrs. T. P. From.

Report Shows Westvaco Net Income Down LUKE—The cost-price squeeze combined with reduced rates of operation cut into the earnings of West Virginia Pulp and Paper Company during the first quarter of fiscal year 1958, ended January 31, David L. Luke, president, reported yesterday.

The paper company's net income for the period amounted to \$1,899,000, equal to 33 cents per share, as against \$3,042,000 or 53 cents per share for the same period in 1957.

Net sales remained on a par with last year, amounting to \$47,937,000 for the first three months of 1958 as compared with \$46,550,000 for the first quarter of 1957.

At a meeting held Tuesday afternoon, the company's board of directors declared a regular quarterly dividend of 40 cents per share on the company's common stock. The dividend is payable April 1, 1958, to stockholders of record at 3 p. m. on March 10, 1958.

Luke attributed part of the decline in earnings to the increased capacity of the industry at large combined with the downturn in the general economy of the country. These two factors held the demand for pulp, paper and paperboard below current capacity, both of the industry and the company, he said.

"Just as the boom of a year ago was more apparent than real, so is the outlook of today better than a superficial appearance might indicate," Luke said.

"At some point the fundamental forces working toward correction of the current imbalance are bound to be reflected in improved demand and higher prices for our products," he observed.

These forces, he said, are the continuing growth in the demand for paper products, recovery of the general economy and the factors responsible for increasing costs of production.

Frostburg State Teachers  
Students Receive Awards

W. Virginia  
Miscellany

By The Associated Press  
Mountain State miscellany:  
Director G.R. Spindler announced Thursday that the eighth annual short course in coal preparation offered by the West Virginia School of Mines will be conducted during the first term of the university's summer semester, June 4-July 16, at Morgantown.  
The Mountsview city council is looking into two other possible sources of new revenue following rejection of a proposed front foot property tax in a recent special election. The council has asked the city attorney to look into the possibility of requiring a \$2 municipal driver's license and to draw up a proposed ordinance to increase the charge for residential garbage collection from \$1 to \$1.25 a month.

U.S. Senators Paul Douglas (D-Ill.) and Warren Magnuson (D-Wash.) have been scheduled for speeches in West Virginia next month at places to be announced. Chairman Hulet C. Smith of the State Democratic Executive Committee has announced.  
William S.F. Coleman, associate professor of speech and dramatics at Glenview State College, will serve as critic-judge of the seventh annual Little Kanawha Regional March 4 at that college, it was announced today.

Secretary of State Helen Holt will address the April 22 dinner meeting of the Raleigh County Republican Women's Club at Beckley.  
Miss Shirley Uphold of Morgantown recently was named "Ward 3 Sweetheart" of the U.S. Army Hospital at Fort Benning, Ga., where she will be in charge of the educational conference and two-day "get acquainted with business and industry" program for its students March 24-26. H.G. Jepson, Wheeling insurance executive and a member of the college's President's Council, is chairman of the week-long affair.  
The recent Greenbrier Valley stock sale collected \$13,614 when 63 consignors sold 227 head of livestock.

Charleston Police Chief Dallas Bias reported yesterday the appointment of six new patrolmen, bringing the city's police strength to 121 men.  
Summers County's board of education has voted to cooperate with the West Virginia University Agriculture Extension Service by employing a teacher of vocational agricultural agriculture and to provide shop facilities at Hinton, Talcott and Sandstone high schools for adult classes expected to be opened next fall.

Circuit Judge Don J. Eddy of Monongalia County has ordered Morgantown's prosecuting attorney to investigate two reports of malfeasance of office by magistrates in that county.  
Dr. J.A. McCraw, Boone County's health officer, has announced that that county's semi-annual foodhandlers conference will be held March 4 at Comfort and March 5-6 at Madison.  
Beckley's fire department has received a new civil defense truck, but the large vehicle has caused a parking problem. Acting Mayor Clarence Bibb told the city council that the truck cannot be parked inside either of Beckley's fire stations.

Wall Street  
Hears...

NEW YORK — (INS) — Wall Street Hears:  
Temporary "sold-out" condition seen by many at root of market improvement late Tuesday and yesterday.  
Oklahoma Natural Gas sees from Fort Knox, Ky., which earnings for year ending Aug. 31 is bringing aid and comfort to rise to \$2.20 from \$1.86 in previous year.  
Curtis Publishing anticipating record advertising and circulation this year for Saturday Evening Post.  
Prospects favor a continuation of the Middle South utilities up-trend in earnings this year even though some modest contraction of industrial activity may occur. John C. Gibson, who was visited by Merrill Lynch, Pierce, Fenner & Smith in a new study of the utility industry, Common share earnings for 1958 may exceed 1957's \$2.41 by 10 per cent.  
Hertz Inc. 1957 net will be above the record 1956 figure of \$6.62 a share.  
Singer Manufacturing has formed an "excellent chart pattern," says Martin Gilbert at Bache & Company.  
Market comment — David W. McKnight of G. H. Walker and Company:  
"A cautious open-minded stock market policy rather than an outright bearish one would seem to fit the present facts."

Slight Oversight  
Made In Calendars  
BALTIMORE — (U) — The Maryland Civil Defense Agency distributed 1958 calendars designating most of the special holidays in heavy type.  
The only one missing was Civil Defense Week—Oct. 12-15.

Employment  
Will Decline  
In W. Va. Area

CHARLESTON (U) — The State Department of Employment Security has reported employment will decline slightly in manufacturing and non-manufacturing industries of the Wheeling-Steubenville, Ohio area in the next two months.  
The agency also reported that during a four-month period, however, seasonal gains in non-manufacturing industries will join some expanding durable goods industries in increasing non-agricultural wage and salary employment above the present level in the area.

The state department based its employment forecast on the anticipated manpower needs of 121 area business establishments.  
Unemployment in the bi-state area increased by 7,650 persons since mid-November through mid-January. That total was part of an 8,300 increase compared to January of 1957.  
The agency said the present level of unemployment is the highest ever recorded for the area since it was given its present geographic limits by the U.S. Census in 1950.

The unemployment total was equal to 11.5 per cent of the area's civilian labor force. Unemployment is expected to increase past the current level by mid-March and then fall somewhat below it by mid-May.

The state agency said employment in the Huntington-Ashland, Ky.-Ironton, Ohio area, based upon the anticipated manpower needs of 113 area establishments, will decline slightly in the next two months and expand slightly above the present level within the next four months.  
Employment in the Charleston metropolitan area is expected to increase slightly during the next two to four months, with that estimate based on reports from establishments employing 46 per cent of the non-agricultural wage and salary workers of the area. However, unemployment increased 27.1 per cent during the past 60 days, the agency reported.

Business  
Briefs...

NEW YORK — (INS) — The Radio Corporation of America (RCA) reported today it achieved record sales last year of \$1,176,277,000, a rise of 4.3 per cent over 1956. Net profits, however, dropped to \$38,549,000, or \$2.53 per common share, from \$40,031,000, or \$2.65 the previous year. The lower earnings were attributed in the annual report to "softening of general economic conditions and the highly competitive situation in the radio-TV industry."

NEW YORK — (INS) — Elsie did well in 1957. The annual report of the Borden Company showed today record sales of \$931,220,622, about 6.2 per cent ahead of the previous year, and earnings of \$23,995,321, or \$5.14 per share, also new highs for the company. Profits in 1956 were \$23,602,746, or \$5.01.

PITTSBURGH — (INS) — Record sales of \$182,663,000, up nine per cent, and peak operating earnings of \$7,007,000, or \$3.99 per share, were reported today by Blaw-Knox Company. Profits in 1957 totaled \$6,966,000, or \$3.97 a share. The 1957 net was increased by a non-recurring credit amounting to 51 cents per share.

PARKERSBURG (U) — The Air Force Chief of Staff Appreciation Award was presented today to James J. Omerberg, Wood County Civil Defense director.  
Presentation of the award in recognition of Omerberg's "unsparing efforts to spur public interest in air defense" was made at a Lions Club luncheon.

The meeting broke up with no apparent agreement on candidates. (AP Photofax)

Library Given  
Book Donations  
By Area People

FROSTBURG—Five books written and published by Rev. S. Franklin Logsdon, a native of Frostburg, were donated recently to the Frostburg Public Library by Mr. and Mrs. George Savage, 42 Wright Street. The books, of a religious theme, are: "Linger at Calvary," "Thou Art My Portion," "Lest Ye Faint," "The Lord of Harvest" and "Crucified To Live."

Rev. Logsdon is the son of Mr. and Mrs. Joseph Logsdon, Depot Street, and has served pastorates in Canada, New York, Pennsylvania and most recently in Holland, Mich.  
This past year he resigned his pastorate in Holland to enter a full-time ministry of Bible teaching in all parts of the country.

Another donation to the library was "Good Christian Men," written by Rev. H. Martin P. Davidson, rector of St. John's Episcopal Church, Broadway. The book was donated by Dr. and Mrs. Eugene Smith, Frost Avenue.

Recent addition of newly published books were "Please Don't Eat The Daisies," "All The Golden Doors," "Drives My Green Age," "Bridge To The Sun" and "Riders of Judgement."

Some 200 new children's books have been purchased and added to their selection.  
According to Mrs. Walter Mackay, librarian, many of these books deal with science, rockets and satellites, and are of interest to adults as well as children. Many new volumes of science fiction have also been placed.

Brief Mention  
Rose Ann Grove and Dewey Grove, both of Lonaconing, were admitted to Miners Hospital as surgical patients.  
Cub Pack 44, sponsored by the Hill Street School Parent-Teacher Association, will meet tomorrow at 7:30 p. m. in the school.  
Miss Katherine Close will entertain the St. Martha's, St. Mary's and the Senior Guilds of St. John's Episcopal Church this evening at 8 in the Potomac Edison building.  
Cub Pack 33, sponsored by the College Lab School PTA, will hold a blue and gold dinner this evening in First Presbyterian Church, Broadway, at 6:15.  
Howard Shuman, chairman of the Frostburg Industrial Development Company, has requested that all officers and workers meet at City Hall at 7:30 p. m. today.

Award Presented  
PARKERSBURG (U) — The Air Force Chief of Staff Appreciation Award was presented today to James J. Omerberg, Wood County Civil Defense director.  
Presentation of the award in recognition of Omerberg's "unsparing efforts to spur public interest in air defense" was made at a Lions Club luncheon.

Oil Magnate  
Honored At  
College Event

BETHANY (U) — Oil millionaire Michael L. Benedum of Pittsburgh, a Harrison County native, was honored at Bethany College's Founders Day convocation today. It was the second in an annual series of convocations launched by Bethany to honor West Virginia natives who have distinguished themselves in various fields. The first program last spring honored the late H.C. Ogden of Wheeling, founder of the Ogden newspaper chain.

Principal speaker today was to be Paul G. Benedum, nephew of Michael Benedum, who was unable to be present in person because of another engagement. Michael Benedum earned the sobriquet "the great wildcatter" because of his pioneering of new oil fields.

Underwriters OK  
McCoolle Firemen

MCCOOLE — The Maryland State Fire Underwriters have notified insurance agencies of Allegany County that the volunteer fire company of McCoolle has been placed on the approved list.

This means that the community of McCoolle and residents within a radius of four miles will have a cheaper insurance rate. There are now a total of 11 volunteer companies of Allegany County and two of Garrett County on the underwriters' approved list.

Paul C. Haberlein, president of the Allegany-Garrett County Volunteer Firemen's Association, is urging all member companies to take steps to qualify for approval by the underwriters.

Companies seeking approval must have a certain amount of fire-fighting equipment which is up to standards of the underwriters, and must pass a test.

Piedmont Councilman Quits  
Mill Post To Enter Business

PIEDMONT — W. Garland Cheshire, East Hampshire Street, a pipefitter at the Luke plant of the West Virginia Pulp and Paper Company where he has been employed for 18 years, has tendered his resignation, effective Saturday.

Cheshire, a member of the Piedmont Town Council and a World War II veteran, will enter into the plumbing business Monday at 29 Armstrong Street in Keyser. The trading name will be W. Garland Cheshire Plumbing and Heating.

Three plumbers will also be employed by him: James F. Cheshire of Antioch, W. Va., but no relation; William Reynolds, Keyser and Harold Ellifritz, New Creek.

A meeting of Kappa Delta Bible Class will be held Monday at 7:30 p. m. in Trinity Methodist Church. Mrs. Kemper Cline and Mrs. Thomas Kelly will be hostesses.

The annual dinner meeting of the Westernport Homemakers Club, scheduled for tomorrow evening at Trinity Methodist Church here, has been cancelled. The club, however, will meet at the church at 7:30 p. m. tomorrow.

cooperation toward lighter use of state roads during a period after the cold snap in which the ground beneath the highways began to thaw and became soggy.

Jobless Pay  
Beats Record

CHARLESTON (U) — Jobless benefits of \$900,789 paid in West Virginia in the week ended Feb. 22 represented the highest total for such a period during the nation's current recession.

Employment Security Director Henry L. Ash said new claims filed last week totaled 5,830, up slightly from 5,754 in the seven days ended Feb. 15.

# Area Tourney Action Gets Underway Tonight

## Piedmont Hi Meets Hawks At Keyser In 'B' Feature

Tournament basketball, where almost anything can happen, takes over the scholastic spotlight tonight as three of the four area West Virginia Class "B" sectionals are listed at Keyser, Moorefield and Shepherdstown. The fourth, carded for Berkeley Springs, starts tomorrow night.

Piedmont, Moorefield, Paw Paw and Hedgesville will carry the roles of favorites.

**Lions Lose Only Two**

The Lions, who have bagged the Potomac Valley Conference and Mineral County League crowns, also boast the best record of the 12 contending quints. Coach "Huck" Miers' hoopers have lost only twice in 20 starts and have an undefeated mark against the teams in the Section B-B rounds at Potomac State College.

Paw Paw, enjoying a banner season, has a combined record of 15-4 for the year and sports a mark of five wins and only one defeat in the Section 14-B event at Berkeley Springs.

Moorefield, although not having its usual great record, nevertheless, has the best mark in the Section 15-B affair at Moorefield with the Jackets being 3-1 against in 72 tallies against high-scoring competition in the tourney. Over-Port Ashby but the Eagles flew home with a 96-72 victory. Mathias did even better, racking up one more counter but failed to produce as Petersburg took a 93-73 triumph.

The Vikings, though, had troubles of their own, dropping a 73-71 battle to Moorefield. Capon Bridge matched Mathias with a 73-73 points in 32 minutes of play and Romney had its sharp shooters marking up almost three points a minute and walking off with a 96-73 triumph.

The best record in the area belongs to one-beaten LaSalle (20-1), but the Explorers take a back seat for the high-scoring average. That belongs to the hoop-happy Eagles from Fort Ashby. Coach Quentin Sayers' club, in racing to a 15-6 record, have been good for an average of 72.2 per game. The Explorers are third with a 65.8 behind powerful Piedmont's 66.4 showing.

But despite your ability to pour in points, the opposition must be held and in this department the Explorers lead in the immediate vicinity by allowing their opponents only 47.1 per effort. North Hagerstown, which gave up 50 points in the loss to Allegany Tuesday night, still shows the best record with a 44.5 in winning 16 of 20 games. Frederick, its CVAL title hopes fractured but not completely broken by the hustling Fort Hill cagers the same evening, 59-53, is runnerup with a 46.3 average.

LaSalle, with the 60 markers by Hyndman and Bruce of West-ernport being tops against it, has the highest point spread when taking the court. In bagging 20 victories in 21 attempts, the Geatzmen have an 18.3 margin over their opponents. Paw Paw has a 15.4 edge and Piedmont a 14.6.

When Fort Ashby missed by two of tying for most points in a game by routing Capon Bridge, 120-52, the Eagles also picked up the biggest victory margin in razing 76 more points than the luckless Capons that night.

Valley won by 65 in rapping Mt. Savage, 91-26; LaSalle was on top by 54 in clouting Northern of Accident, 94-40, and Capon enjoyed some success of its own with a 60-point edge over Oldtown, 65-25.

Two of the three leaders in game average had to settle for 43 points in producing one of their triumphs. LaSalle held Allegany to 37 in its 40-37 triumph while Piedmont was glad to be content with the same number in taking Valley across, 40-33. North Hagerstown has the lowest when 33 points held up in the one-point victory over Frederick. Frederick, Mt. Savage and Capon Bridge also finished with 40 to bag victories.

Fans probably thought they were back in the old center-jump days for five games of the many played in the near tournament stretch to Williamsport (Pa.). High goes the booty prize for heart points in four quarters as the Billporters could get only 23 in being rapped by North Hagerstown, 58-23.

Other lows were Valley 91, Mt. Savage, 26; LaSalle, 57; South Hills, 28; Oldtown 60; Finestone, 24; and Capon Bridge 65; Oldtown, 25.

Mt. Savage and Beall had horrible years, ones that coaches "Eddie" Finzel of the Mounties and Johnny Thomas of the Indians would just as soon forget. It also is revealed in the point-spreads of the opposition why some of the miseries overtook the clubs.

Savage, able to average only 44.4 per start, surrendered 64.6 to its foes and a 20.2 deficit. Beall, although far behind, occurred second place with a 12.1 in accounting for 57.7 and giving (Continued on Page 17)

**TOP CARD IS THE DECK**—St. Louis Cardinal manager Freddie Hutchinson, right, checks scales as Stan (The Man) Musial, 1957 National League batting champion weighs in at St. Petersburg, Fla., spring training camp yesterday. Infielder Dick Schofield, left, checks Stan's waistline for a gag. Others are shortstop Al Dark, second from left, and outfielder Wally Moon. Stan hit .351 last year, highest since '51, to capture seventh NL batting title. The Man needs only 43 hits to reach 3,000 hit mark. If successful, he will become eighth player in major league history to achieve the feat. Rain caused postponement of first Card workout.

## Robinson's Job As Bird To Be Tough

SCOTTSDALE, Ariz. — (INS) — The heir apparent to George Kell's third-base job with the Baltimore Orioles realizes he has a tough assignment ahead of him. But young Brooks Robinson is determined to make the grade as the successor to the retired Kell.

"I know it's not my job yet," the 20-year-old Robinson declared. "I'm going to have to win it on my own and I'm certainly going to try."

Before he retired, the masterful Kell took Robinson under his wing and started grooming him for the third-base post. But an injury last season almost ruined Robinson's chances for making the big time.

Started in Legion Ball. The youngster from Little Rock, Ark., tore some ligaments in his knee while sliding into first base. The injury required surgery and Robinson spent a major part of the season with San Antonio in the Texas League, where he hit .266.

Robinson, who got his start in American Legion ball five years ago, played only 50 games for the Orioles in 1957 and hit only .230. This is far below the customary .300 performance manager Paul Richards could expect from the likes of a Kell.

Robinson, who always has been a good fielder, hopes his batting mark will improve — as does manager Richards.

Brooks says his knee is "in fine shape now" after playing winter ball in the Cuban League. "I gave it a thorough test," he says. "It will be okay."

**Look For Added Punch**

The Orioles, who appear to have the pitching and the defense this season, are looking for added batting punch to get into the first division.

Richards expects Larry Doby, the ex-White Sox star, to supply the long ball which has been missing from the Oriole attack.

"We lost some offensive punch in the infield when Kell retired," the manager declares. "Bobby Boyd gives us power at first base and I'm hopeful that Robinson can take over at third."

Richards doesn't expect Robinson to blossom into a .300 hitter overnight, and the manager and his coaching staff intend to spend much time with the infielder in an effort to correct his batting flaws.

## Willie Willing To Settle For 30-35 Homers In '58

PHOENIX, Ariz. (AP)—Willie Mays, who hit 51 home runs in 1955, says he'll be glad to get 30 or 35 for the San Francisco Giants this season.

"Those pitchers don't give you anything good to swing at when you get up to 50 home runs," the 26-year-old centerfielder adds.

But Manager Bill Rigney has no such worries.

"I think Willie is the guy who's gonna break Babe Ruth's record of 60 home runs," says Rigney. "You know, I wouldn't be surprised if he does it this year—in Seals Stadium."

And if yesterday's batting practice session is any indication, the muscular Mays may be on his way. Mays bunted the first pitch neatly between the plate, the mound and third base.

He clouted the next pitch over Municipal Stadium's right center field wall, some 450 feet away. Another pitch, another smooth swipe, and another ball went sailing out of the park in left center. The next hit was a pop-up.

But he rapped his last one on a line against the center field wall, 420 feet away.

**FORT MEYERS, Fla.** — Danny Murtaugh, starting his first full term as manager of the Pittsburgh Pirates, plans to run a different kind of training camp than his predecessor, Bobby Bragan.

Bragan, now manager of the Cleveland Indians, stressed fundamentals at his two training sessions with the Pirates. He was fired late last season.

Murtaugh's opening drill was spoiled by rain yesterday, but he told his players:

"This is not an instruction camp. I think the boys who get to the big leagues should know the fundamentals. We are here to get ready to play, so get in shape."

**LAKELAND, Fla.** — The 46 members of the Detroit Tigers spring squad swing into twice-a-day workouts tomorrow with hopes of building one of the strongest inticels in the major leagues.

Manager Jack Tighe has shortstop Billy Martin, acquired from the Kansas City Athletics in an off-season trade, first baseman Ray Boone, second baseman Frank Bolling and third baseman Reno Bertoia.

Two are in relatively new positions. Martin, a third baseman and second baseman since he came to the majors, never has played shortstop regularly. Boone has worked at first base occasionally.

Yesterday's scheduled workout was rained out.

**ST. PETERSBURG, Fla.** — Alvin Dark, last year's shortstop for the St. Louis Cardinals, denies he objects to a proposed switch to third base.

The Cardinals plan to move Dark to third and put Eddie Kasko, a two-year man with the Cards, at short.

Asked about reports that he objects to playing at third, Dark said:

"That's absolutely untrue. The Cardinals are paying me a big salary. I'll play anywhere it will do the team the most good."

Cardinal Trainer Bob Bauman said the 35-year-old Dark is in splendid condition.

Said Bauman: "A lot of boys much younger than Dark could take a lesson from him. He's in terrific shape."

## Dupas Seen Next In Line For Brown

HAVANA (AP)—Joe Brown, world lightweight champion from New Orleans, considered a possible title defense against nimble Ralph Dupas today after his "easiest fight," a first-round knockout of Cuba's Orlando Echevarria.

In an atmosphere packed with political tension and after spending 72 hours under protective guard from Cuban rebels, Brown calmly fired two crushing rights that disposed of the Cuban champion in 2 minutes 50 seconds last night.

**No Incidents**

There were no incidents although fears of rebel sabotage held the crowd to an estimated 12,000—some 6,000 under seating capacity.

"I'm happy about two things," the unmarked 32-year-old Brown said. "First, of course, the quick victory over Echevarria. Second, being free of the corps of police bodyguards who insisted on shadowing me."

"No, I haven't signed for anything," he added in answer to a report that arrangements were set for a title bout with Dupas. "But there is the possibility. We'll see about that when I get back to New Orleans."

**Dupas Bout May Satisfy**

The U.S. National Boxing Assn. has warned Brown that unless he meets challenger Kenny Lane in a title bout by April 11, his title may be vacated. But a bout with Dupas, No. 4 contender from New Orleans, might satisfy the requirement.

The two smashing rights were the only requirements the champion had to meet last night. The first spilled Echevarria on his haunches for a mandatory eight count. Instead of trying to last out the round, the Cuban came back with a free-swinging attack and ran into the payoff right that dropped him on his back for the full count.

Echevarria weighed 136½ to Brown's 135½.

**Hermanettes To Meet**

Players and officials of the Hermanettes softball team are to meet Sunday, 2 p. m., at Radio Station WFTO to organize for the coming season.

**Marshall Denied Chance At NIT**

DAYTON, Ohio (AP)—Marshall College isn't going to play basketball in the National Invitation Tournament (NIT) in New York this year.

Yesterday the Mid-American Conference Commissioner, Dr. David Reese of Dayton, said "No." He explained that Mid-Am policy forbids any but the NCAA post-season tournament.

Yesterday, four member college presidents also said "No." They are a majority of the seven member presidents, so Dr. Reese said he stopped after pulling the first four and getting a "No" from each.

**CAMPAIGN STILL ON**

NEW YORK (NEA) — Oldest thoroughbred race horse among the top 20 money winners is Find, eight-year-old gelding, owned by Alfred Vanderbilt and winner of \$661,354 so far.

**GEORGE Thomas**, Detroit Tiger home player, has a brother Jerry who is a pitcher in Detroit's farm system.

## Moose, Hermans Clash For City Lead Tonight

Only one game is carded in the City Basketball League tonight on the Fort Hill court but it will snap the two-way tie for the lead and could decide the second-half race.

Battling for top slot in the circuit at 8 o'clock will be Old Germans and Moose. Both clubs have won six and lost only once during the second-half race. Moose bagged the first-half championship.

The other scheduled fray, between Chaney's Transportation and Forty and Eight tonight has been cancelled.

**Hermans Move Into Tie**

Old Germans slipped into the knot for first place last night with an 87-57 victory over Forty and Eight on the Carver court thanks to a second-half rally.

Old Exports put their record at 5-2 and stayed a game behind the deadlocked leaders in third place with a 107-73 trouncing of Knights of Columbus in last night's other action.

Forty and Eight, winless in six previous starts, held the Hermans close for the first half, being on the short end of a 39-32 count when the intermission began. The Brewers tossed in 21 points in the third stanza and finished with 26 in the final period for their triumph. The losers could produce only 25 counters over the last two quarters.

Jim "Ice Water" Eckard paced the winners with 20 points while Ronnie Diehl dumped in 18. Ed Riley scored 15 for the Boxcar Society cagers.

**Pence Tops Scorers**

Bob Pence, who took the evening's scoring honors with 31 points, put Old Exports in front, 20-19, and his club never trailed against the Casey's. Until Pence's second-quarter bucket the game had been knotted five times. Exports then went on to ram in 64 points in the last half after getting a 44-30 edge at the intermission.

"Buck" Smith caged 27 points and Clay Smith wound up with 24 as the Old Exports tallied 64 goals. Norm Geatz was high for the Casey's with 22 counters. The loss was the sixth in seven tries for the Knights.

# Robertson Slips Back Into College Cage Scoring Lead

## Hits For 50 Points, Club Nears Berth In Tourney

By ED WILKS  
The Associated Press

Oscar Robertson, a quiet kid who plays the role of hatchman for Cincinnati, has shot back into the individual scoring lead in major college basketball while giving the Bearcats all but an official berth in next month's NCAA championships.

He bagged 50 points, 25 in each half, as Cincinnati downed the tourney-hopeful St. Louis Billikens last night 91-74. The Bearcats, No. 3 in the Associated Press poll, now are 21-2 and have pocketed no worse than a tie for the Missouri Valley Conference title.

Bid Seems Assured  
Even if Cincinnati should be upset by Wichita Saturday and wind up in a deadlock with Bradley for the crown, it's a sure bet the Mo-Valley will select the Bearcats as its NCAA representatives.

Miami (Ohio) and Tennessee Tech won their conference championships, which carry automatic berths in the NCAA Tournament, but only Miami definitely is going to the playoffs.

Miami knocked off Marshall 62-73 for its fifth Mid-American title in seven years and now will meet Pitt in the Mid-East regionals at Evanston, Ill. March 11. Tennessee Tech defeated Morehead 66-63 in overtime for the Ohio Valley crown, but may not go to the NCAA since three men on the squad are four-year men and are not eligible for the tournament. Morehead, the runner-up, might go instead, meeting Notre Dame at Evanston.

Owls Extend Streak  
Temple, ranked No. 5 and headed for the NCAA, ran its winning streak, longest in major college play, to 20 with a breezy 77-51 job on Lafayette as Guy Rodgers scored 21. St. Joseph's (Pa.) rapped La Salle 82-77 in a battle of NIT hopefuls.

## Ten Braves Still Holdouts, Drills Begin Saturday

BRADENTON, Fla. 2 — Milwaukee Braves General Manager John Quinn is beginning to frown just a little because 10 of his world champions remain unsigned and some of them won't even talk to him.

"Sure it would be a relief to have everyone in the fold and ready to go to work Saturday when spring training opens for the full squad," Quinn said. "I'm doing my part trying to contact all the unsigned, but if they don't answer the telephone we can't get together."

Quinn is not sure where most of them are. They are always "out" when phone calls are put through to their winter homes.

Those sitting it out include pitchers Lew Burdette, Bob Buhl, Gene Conley and Don McMahon; infielders Red Schoendienst, Johnny Logan, Frank Torre and Felix Mantilla; and outfielders Wes Covington and Bob Hazle.

There was a report that Mantilla was as close to the Braves' camp as Jacksonville, Fla., and that Conley was on the way South, but Quinn couldn't verify it.

The general manager expected to get some support at the bargaining table from Club President Joseph Carrinos, who was due to arrive last night, and bring a bit more authority into the talks.

## Orioles' Shorter Fences Approved

BALTIMORE 2 — The Park Board has given final approval to the Baltimore Orioles' plans to shorten outfield fences at Memorial Stadium.

Foul lines in the spacious park will remain at 309 feet. However, the new fence will start from the left and rightfield walls at 382 feet, instead of 405, and the deepest point in center field will be 410, instead of 420.

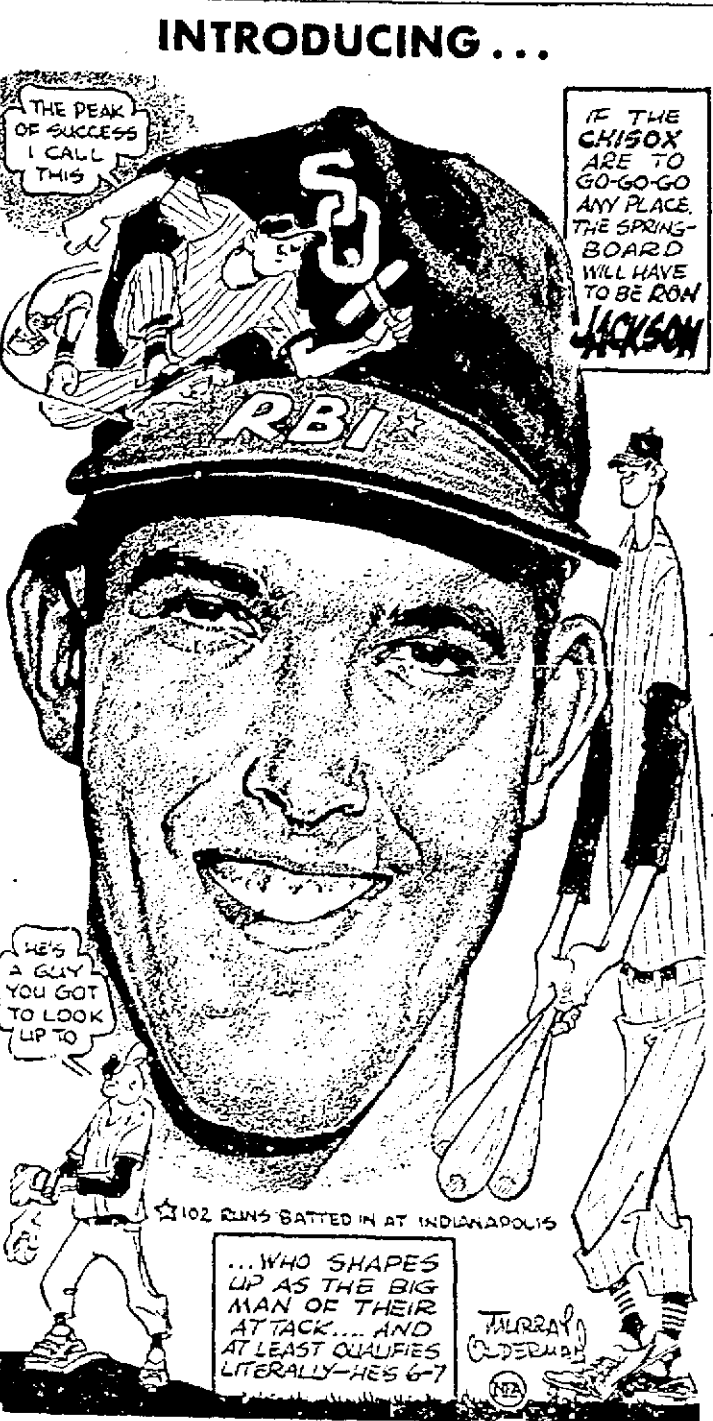

The Park Board gave its approval at a meeting with Orioles officials yesterday.

## Day In Sports

(Continued from Page 16)  
up just a shade under 70 points (69.5) to its foes.

Fort Hill (15-5) ranks fifth in scoring average with a 62.6 on 1,256 counters and is tenth defensively by a 53.9 for the opposition on 1,076 markers.

Surprisingly, Allegany, which chopped down North Hagerstown in a 30-40 win Tuesday, is sixth on total defense by allowing only 31.5 points while compiling a 12-7 record. Also has tossed in buckets and free throws at a rate of 38.1 each start and is 15th for offensive operations.

## Terps Win To Assure Tie For Fourth Slot In ACC

By The Associated Press

The broiling Atlantic Coast Conference basketball race is at a standstill tonight, the lull before the hectic two final days of the regular season. No conference places are definitely assigned.

In the only action involving an ACC member last night, fourth-place Maryland downed non-conference George Washington, 56-46, at College Park, Md.

## Celtics Grab Second East Title In Row

By The Associated Press

Coach Red Auerbach is still trying to "find out how we made it." But it's no puzzle to the rest of the National Basketball Assn. as to why the Boston Celtics again are champs of the Eastern Division.

The Celtics, defending NBA champs, did it again in their division last night, clinching their second pennant in a row with a 106-99 victory over the Detroit Pistons in the windup of a double-header at Olympia Stadium.

They did it in their accustomed style, with Bill Sharman and Bob Cousy popping away from outside and Big Bill Russell controlling the backboards and scoring when he got the urge.

Among them they accounted for 55 points in what was a runaway before the Celtics relaxed after building up a 17 point lead with five minutes remaining. While they were at it, the Celtics held the league's leading scorer, George Yardley, to 19 points which left him 105 points shy of George Mikan's one-season NBA scoring record with five games remaining.

Hawks Tuff Royals  
In the other game of the Detroit doubleheader, St. Louis' Western Division champs culled the Cincinnati Royals 105-103.

At Syracuse, the hometown Nationals opened up a three-game hold on second place in the east over Philadelphia by thumping Minneapolis, 119-90, after New York had downed the Warriors, 112-90.

## CITY REC LEAGUE CAGE SUMMARY

### GAMES TONIGHT

HIGH SCHOOL AMERICAN  
Fort Hill 7:00 vs. Green Ridge Boys  
G.M. Brown's Connection vs. Main's Chinos.

### HIGH SCHOOL NATIONAL

### YOUNG BOSS

PITTSBURGH (NEA) — At 40, pionship and Burch High of Del. Manager Danny Morthaupt is younger than any of the Pirate coaching staff under him.

## West Virginia Lands Two On All-Southern

RICHMOND, Va. — West Virginia's Lloyd Sharrar, the man who sweeps the backboards for the nationally-ranked Mountaineers, did the same sort of a job in the balloting for the official 1958 All-Southern Conference basketball team announced today.

Sharrar, a 6-10 pivotman, was named on every first-team ballot by members of the Southern Conference Sportswriters Association. His teammate Jerry West, the Mountaineers' leading scorer, and Washington and Lee's Don Flora, the SC's top scorer, also missed being unanimous selections.

Others named to the first team were William and Mary's Roy Lauge, one of the conference's most accurate shooters, and George Washington's Gene Guar. Greenville in the finals of the Sharrar and Flora, both seniors, are the only first-team repeaters. Guarilla, a junior, was a second-team winner a year ago. As a unit, the All-SC first team averages a stunning 6-5 in height and packs a scoring wallop that averages nearly 92 points a game.

The second all-SC unit, a team with a future look, includes only one senior, West Virginia's take-charger Guy Don Vincent. Two Juniors, GW's Howard McDonald and Furman's Dick Wright, plus sophomore Art Musselman of The Citadel and freshman Bobby Ayersman of Virginia Tech also won berths.

## Tech Beaten By Wesleyan In Title Game

BUCKHANNON, W. Va. — West Virginia Wesleyan turned its attention today to the forthcoming NAIA Basketball Tournament at Kansas City after settling an old score with rival West Virginia Tech.

The Bobcats uncorked a blistering first half assault to roll up a 51-31 lead and went on from there to bounce the crippled Tech, Golden Bears, 93-73, last night at the NAIA District 29 playoffs.

First Playoff Title  
It was Wesleyan's first playoff championship in the six-year history of the event and enables the Bobcats to compete in the Kansas City event, March 10-15. Previously, winners of the State Conference tournament automatically won a berth at Kansas City.

It was Wesleyan's second victory in four meetings with Tech this season. The two teams have dominated the conference all season long—going unbeaten against the other 15 league teams—but knocking each other off.

Tech won two scheduled clashes from Wesleyan to gain the league's season crown. Wesleyan turned the tables, however, and whipped Tech last Saturday for the loop's tournament championship before coming up with the district NAIA title decision.

Tech, with two regulars crippled and another out with injuries, was unable to put up much of a battle against the hot-shooting Bobcats last night.

## Loes Sharp In Workout

SCOTSDALE, Ariz. 2 — Billy Loes for the first time this year has shown a loose pitching delivery and Baltimore coaches and players are breathing easier.

Although he had been in camp for nearly a week, Loes had done nothing but shotgun the ball around until yesterday. He had complained bitterly that his chronic sore arm was giving him trouble.

But yesterday, the big right-hander threw for nearly 15 minutes to catcher Gus Triandos and according to Triandos, Loes looked every bit as good as he did last year at this time.

"I thought he threw real good," Triandos said. "He tossed some pretty good fast balls and some real good curves and sliders."

Manager Paul Richards is counting on building a pitching staff around Loes, Connie Johnson and Jack Harsman, who was obtained from the White Sox and may not be able to play because of a back injury.

NATIONAL League umpire "Dusty" Bogges has gone a long way on his legs. During his career, Bogges has played more than 1,500 games of professional baseball, umpired more than 2,000 ball games, and refereed more than 2,800 basketball and 500 football games.

## Bowie Cancels Racing Today

BOWIE, Md. 2 — Racing was cancelled at Bowie today because of rugged footing caused by the recent big snowstorm.

Bowie officials said Joseph Flanagan, representing the Maryland Racing Commission, ruled the track unfit for use today.

Bowie hoped last night's and today's light rains would help settle the track so the meeting could resume tomorrow.

The track has been in bad shape since a Feb. 15 snow storm that cancelled five days of racing. Yesterday two horses fell, one in the first race and another in the seventh.

Bernard fell in the first race, broke his shoulder and had to be destroyed. Battle Over fell in the seventh but struggled to his feet and galloped on behind the field.

Track Superintendent Marty Meyer said a quick thaw had "taken the bottom out of the track" but that with rain his crew could "float the course back to a better condition."

## Loes Sharp In Workout

SCOTSDALE, Ariz. 2 — Billy Loes for the first time this year has shown a loose pitching delivery and Baltimore coaches and players are breathing easier.

Although he had been in camp for nearly a week, Loes had done nothing but shotgun the ball around until yesterday. He had complained bitterly that his chronic sore arm was giving him trouble.

## Bobcats Meet Shenandoah, Keyser Rally

Frostburg State Teachers College cagers, with their best won-lost record in history already a certainty, invade Dayton, Va., to meet Shenandoah College.

The Bobcats of coach Waldon Skinner place and eight-game winning streak on the line against the Dominion Staters and will be gunning for their 17th victory in 20 starts. It is the last-quarter rally, 56-51.

The contest was the finale for both quints, Keyser finishing with a 15-6 record while the Westernporters bagged five wins and lost 16.

Bruce held the lead until the final three minutes when Keyser caught the Bulldogs, 43-43, with 2:50 remaining. A goal by Gary Ready put the invaders on top for the first time as the Golden Tornado had wiped out a seven-point deficit from the close of the third period.

Keedy led the scorers with 16 points while Ronnie Smith came through with 15. Bill Whitson, freshman forward, was high for Bruce with 17 counters while Eddie Carter chipped in with 16.

Bruce center Larry Crossland fouled out in the fourth quarter. Keyser's lineup was:

Player	G	F	P	T
Keyser	2	6	0	4
Hollingsworth	3	5	3	9
Smith	6	3	6	15
Keedy	5	6	3	16
Brown	4	0	4	8

Low Bid On School Work By Hazelwood

Four Offers Made On Allegany High School Addition

An apparent low bid of \$865,410 to build an addition to Allegany High School that would feature the largest gymnasium in Allegany County public schools was submitted to the Board of Education yesterday by the George F. Hazelwood Company.

There was only \$2,640 between the Hazelwood proposal and the next lowest bid of \$862,770, submitted by the George Construction Company.

Other bidders were the Charles R. Scrivener Company, Baltimore, \$885,000, and Samuel N. Zappas, Texaco in Prince George's County, \$970,000.

The bids were opened by Dana Johannes of the Silver Spring architectural firm of Johannes and Murray, which drew up the plans and specifications for the Allegany addition. He opened each of the four bids he turned it over to Superintendent of Schools Ralph R. Webster.

Besides representatives of the interested bidders on hand for the bid opening included William H. Goppert, attorney to the Board of Education; Joseph M. Miller, this city, one of the five members of the Board of Education; and William Blocker, also of the Johannes and Murray firm. Webster indicated after the bid opening that the Board of Education probably will meet within a week to award the contract, which undoubtedly will go to the Hazelwood firm.

Six alternates were submitted with each of the four bids and the school superintendent indicated interest in accepting two of the six. One alternate will add \$2,550 to the cost of the Hazelwood bid. It calls for cut limestone steps and paving in lieu of concrete finish at the main entrance landing and steps to the gymnasium along the Sedgewick Street side of the addition. Another alternate would add \$3,494 to the Hazelwood price. It calls for electrically-operated windows in lieu of mechanically-operated windows in the gym.

With these two alternates which the Board of Education presumably will be asked to approve, the Hazelwood total bid would amount to \$871,870 or \$4,364 less than the comparable figure of \$876,234 submitted by the George firm.

There will be an enclosed corridor linking the new addition to the existing school. It will run according to Mrs. Norval Vander along the edge of the school property nearest Rose Hill Cemetery. The girls will complete plans. There also will be a breezeway for conducting a Heart Fund soliciting the existing school and citation Sunday, Mrs. Vandervort the addition along the Sedgewick Street edge of the building.

The gymnasium floor will be converted for use as a library, 109 by 123 feet in size and there. This Allegany High School now will be seating accommodations for 3,954,000 for 2,110, including 716 in a hall of the \$1,200,000 included in a safe for, say, TV vaudeville.

Also included in the addition is a program approved by the General Assembly in Annapolis last year, are shower rooms, four music rooms and two art rooms. The new present obsolete gymnasium will from state incentive funds.

FIRST — Mary Margaret Douglas, University of California nursing senior, became the Navy's first Nurse Corps Candidate, when she took the Nurse Corps Candidate program, recently instituted by the Navy, allows qualified student nurses to join the Navy while continuing their education.

Brode Files For County Commissioner

A second Democratic candidate for county commissioner and the first Republican candidate for the State Central Committee both filed officially with the Allegany County Board of Election Supervisors yesterday.

The Democratic candidate for county commissioner is William J. Brode, RD 1, Frostburg, who resides at Clarksville.

Brode, who is a charter member of Clarksville Volunteer Fire Company, formed in 1942, manages the Clarksville Fire Hall. He also is a member of the Eckhart Square Circle Sportsmen's Club and the Woodmen of the World of Frostburg. He has managed the fire hall the past seven years.

A native of Hoffman, Brode is married and is the father of three children. He attended Beall High School in Frostburg. Previously filed for county commissioner on the Democratic ticket was James P. Russell of Mt. Savage.

Danville Club Plans Heart Fund Appeal

The Danville Girls 4-H Club will link the new addition to the existing school. It will run according to Mrs. Norval Vander along the edge of the school property nearest Rose Hill Cemetery. The girls will complete plans. There also will be a breezeway for conducting a Heart Fund soliciting the existing school and citation Sunday, Mrs. Vandervort the addition along the Sedgewick Street edge of the building.

The gymnasium floor will be converted for use as a library, 109 by 123 feet in size and there. This Allegany High School now will be seating accommodations for 3,954,000 for 2,110, including 716 in a hall of the \$1,200,000 included in a safe for, say, TV vaudeville.

The Board of Zoning Appeals of the City of Cumberland will meet in the City Hall, Cumberland, Thursday, February 27, 1958, at 3:00 o'clock, P. M., to hear the following appeals:  
Clyde S. Silder, 811 Louisiana Avenue, who has made application to occupy Lots Numbers 107, 108, and 109, Byrd Avenue, Dorn Addition, for dwellings (3 apartments); said building to have concrete block foundation, brick veneer walls, asphalt shingle roof, measuring 64 x 28 feet, 1-story, situated in Residential "B" Zoning District, and owned by the applicant.  
Thomas L. Popp, 231 North Lee Street, who has made application to occupy part of lot Number 10, Glenmore Street, as dwelling, 38 x 28 feet, same to set back from Glenmore Street 10 feet, corner of building to be on property line on Edgevale; said building is 1-story in height, to have concrete block foundation, brick veneer walls, shingle roof, measuring 38 x 26 feet, situated in Residential "B" Zoning District, and owned by the applicant.  
Allegany Homes Company, 16 South Liberty Street, who has made application to build 28 feet 10 inches x 36 feet 10 inches dwelling on lot Number 2, W. F. Donley Addition, on East First Street; said building is to be 1-story, to have concrete block foundation, brick veneer walls, asphalt shingle roof, measuring 28 feet 10 inches x 36 feet 10 inches, situated in Residential "A" Zoning District, and owned by the applicant.  
At the said time and place, any person may appear and testify as to the use of the said premises or object to the issuance of said occupancy permit.  
JAMES C. GARDNER, Chairman  
WILLIAM B. ORNDORFF, Secretary

# Vital Statistics On Army's Satellite Team

AP Newsfeatures  
Here are thumbnail sketches of the key men in the Army satellite team, now working to top their achievement in putting the Explorer in orbit on their first try. Many came to the United States from Germany and most work at the Redstone Arsenal and Army Ballistic Missile Agency in Huntsville, Ala.

DR. WERNER VON BRAUN, German-born scientist who terminated the U. S. satellite program, probably ranks as the nation's top missile man. He is 45. Von Braun in his earlier years directed development of the German V1 and V2 rockets which blasted the heart of England and nearly turned the tide of World War II.

He came to the United States in 1945, under a contract with the U. S. Ordnance Corps. He has been at Redstone Arsenal since 1950 as technical director for guided missile development.

MAJ. GEN. JOHN BRUCE MEDARIS commands the Army Ballistic Missile Agency at Redstone. Born in Mildred, Ohio, May 12, 1902, he enlisted in the Marine Corps in 1918. He served in France during World War I.

Law offices of Edward J. Ryan, Cumberland, Md.

**ORDER OF PUBLICATION**  
Betty L. Byars, R. 1, Frostburg, Md. vs. Robert Byars, Box 443, Kirbyville, Texas. No. 25161 Equity.

The object of this suit is to procure a decree of divorce A Vinculo Matrimonii of the plaintiff from the defendant. The bill states that the parties were married 25th, 1932, in Hennesseyville, South Carolina, and one child Linda was born September 30th, 1933. That the defendant is a non resident of Maryland and the plaintiff is a resident of Maryland. That the defendant deserted and abandoned the complainant on March 1st, 1956 and such desertion has been continuous and uninterrupted for at least eighteen months and is without hope of reconciliation. That the complainant may have the custody of the child of said marriage.

It is thereupon, this 25th day of February, 1958, by the Circuit Court for Allegany County, in equity, ordered that the defendant show cause, if any he has, on or before the 27th day of March, 1958, why a decree should not be granted as prayed, provided a copy of this order be published in some newspaper published in Allegany County, Maryland, once a week for four successive weeks before the 12th day of April, 1958.

**During The Balance Of February WE PAY THE TAXES**  
ON ANY USED CAR PURCHASED FROM US  
Many people put off buying a better car until March or April in order to clear up their income taxes. Do you realize used cars sell for \$100 to \$200 less in February over Spring prices? You save by buying now on the car you select!

**HERE'S THE PLAN:**  
No. 1—Come in—select the car of your choice. Try it, drive it—satisfy yourself that it is a good car and a good buy.  
No. 2—Make your trade in the regular way—Get the allowance on your car, if trading, and determine the difference to pay.  
No. 3—Then the tax will be figured and your deal will be credited for the amount of the additional tax. For example, if the difference on your trade is \$1,000 and the additional tax on the car purchased is \$47.80, your deal would then be reduced to \$952.20 instead of \$1,000.  
No. 4—If you prefer, we will give you our check for the amount of the additional tax, instead of deducting it from your deal.

**IMPORTANT**  
This is important to you because you buy your car for less in February and it comes to you TAX FREE . . . Our selection is at its best! many one-owner, low mileage cars in stock, and more coming daily from trades.  
Check our cars and prices in Automotive Classified

DR. VON BRAUN

later studying mechanical engineering at Ohio State University. He was commissioned as a second lieutenant in the regular Army (infantry) in 1921. He served widely in the European theater during World War II and was promoted to major general in 1955. He was designated commanding general of ABMA in November, 1955.

MAJ. GEN. JOHN A. BAR

For Sale By The State Roads Commission  
Sealed bids will be received until noon, Tuesday, March 4, 1958, at the office of the State Roads Commission at Baltimore, Maryland, offering to purchase the following:

No. 1—The improvements on the former Joseph A. Bender property at 617 Montreal Avenue, Cumberland, Md., consisting of a 1 1/2 story, 5 room, and bath, frame house.  
No. 2—The improvements on the former Albert C. S. Owens property at 623 Montreal Ave., Cumberland, Md., consisting of a 2 story, 6 room, 2 bath, frame house.

The above are located on the proposed highway improvements known as the Industrial Highway.  
All of these improvements must be removed down to the ground line by midnight of the twentieth calendar day following the date of notification to proceed.

Details, bidding forms and special bidding envelopes may be obtained at the State Roads Commission's Office, Braddock Road, Cumberland, Md. Inspection Monday through Friday by contacting same office. Phone PA 4-5670.  
Adv.-N-T-Feb. 19-20-21-22-23-25-26-27-28 Mar. 1.

CLAY is deputy commanding general of ABMA. He was born Aug. 27, 1900 in Colorado Springs, Colo. Graduated from the U. S. Military Academy in 1921, his army duty has been in artillery and ordnance fields.

DR. W. H. PICKERING is director of the Jet Propulsion Laboratory at the California Institute of Technology, which designed the solid-fuel stages of the rocket which hung the satellite in the heavens. Born in Wellington, New Zealand, he received a doctorate in physics at Cal Tech in 1936. Associated with the Jet Propulsion Laboratory since 1944, he has been director since 1954.

DR. JAMES A. VAN ALLEN is a pioneer in high altitude research. He is head of the Department of Physics at State University of Iowa. He designed the cosmic ray equipment being flown in the satellite.

DR. GILFORD G. QUARLES is the scientific and technical consultant to the commanding general at ABMA. He joined the agency staff last November. He formerly was director of the Ordnance Research Laboratory at Pennsylvania State University. He was graduated by the University of Virginia, receiving a doctorate degree in 1934. He became acting professor of physics at Mercer University, Macon, Ga., in 1934, and joined the University of Alabama faculty as assistant professor of physics in 1935.

DR. ERNEST STUHLINGER heads the research projects office at ABMA. Prior to his present assignment he was chief of the technical feasibility studies office at Redstone Arsenal.

He was born in Niederfimbach, Germany, Dec. 19, 1913, and was graduated from the University of Tuebingen in Germany.

DR. ERNEST D. GEISSLER is chief of the Aeroballistics Laboratory at ABMA. He was born in Chemnitz, Germany, on Aug. 3, 1915, and studied at the Technical University of Dresden. He formerly worked under Von Braun at the German Guided Missile Center at Peenemuende, Germany, on the theory of control and stability in guided missiles. He was

MAJ. GEN. MEDARIS

among the first German scientists to come to this country.

HEINZ HERMAN KOELLE is chief of the preliminary design section, ABMA. Born July 22, 1925, in freestate Danzig, he is a graduate of Bender Oberschule in Breslau and the Institute of Technology, Stuttgart.

DR. KURT H. DEBUS directs ABMA's firing laboratory. He prepares tests and fires experimental controlled ballistic missiles. He was born Nov. 29, 1908, in Frankfurt, Germany. He worked as an assistant professor at the Technical University, Darmstadt, Germany, on development contracts for the Peenemuende Guided Missile Center before coming to the United States.

DR. HANS F. GRUENE is deputy chief of the missile firing laboratory at ABMA. He was born in Braunschweig, Germany, on May 24, 1910. He formerly was a research engineer with the Siemens Corp. in Germany. He is a graduate of the Technical University in Braunschweig, Germany.

EBERHARD REES is deputy director of the ABMA development operations division. He was born April 28, 1908 in Trossingen, Wuerttemberg, Germany. He received his technical education in Stuttgart and at the Dresden Institute of Technology.

DR. WALTER HAUSSER-MANN serves as chief of the guidance and control laboratory of the development operations division at ABMA. Born March 2, 1914 in Kuenzelsau, Germany, he received his B. S. degree in electrical engineering from the Technical University at Stuttgart, and his master's degree in electrical engineering at the Technical University of Darmstadt.

ed to 45 days and start on the second Wednesday of February instead of the first Wednesday. He said this would permit taking advantage of later estimates of revenues as well as giving more time for budget study. The Senate appeared agreeable and is to act on his amendment to Bertorelli's bill today.

The Board of Revenue Estimates, in giving finance chairman its bad news yesterday, said the income tax collections will be down \$2,015,000 from previous estimates — \$675,000 in the current fiscal year and \$1,340,000 in the year which begins July 1.

Sales tax collections will drop off by \$1,000,000 more than originally figured, they said. Collections will be off \$700,000 in the current year and \$300,000 more next year.

**Changing Picture**  
These two tax drops total \$3,015,000 from predictions made last November, but the federal government is giving the State \$820,000 in aid for medical care which will offset part of the decrease.

Lowering the estimates is also affecting Gov. McKeldin's original predictions of what boosts in the income and sales taxes will yield next year, further complicating the matter.

The governor originally requested that the 50 per cent sales tax boost be applied next November since the 7 months it would be collected would produce enough to balance the budget. Today he has prepared legislation to ask that it go into effect Aug. 1 because of the revised revenue picture.

The 50 per cent income tax boost he proposed would be effective for the entire calendar year of 1958, and if adopted as proposed taxpayers will have to make up six months of it now being taken out of their pay. The increased rate wouldn't go into effect until July 1 for withholding purposes.

### Mary Haworth Mail...

Editor's Note: Mother-in-law moved in six years ago, and wife has hated every minute of it.

DEAR MARY HAWORTH. We took my mother-in-law into our home six years ago. I have hated every minute of it. She has five children, but because my husband always has been her hard working son, she is still exploiting him.

She has a pension of \$110 a month, and a bankroll of \$10,000 in savings, from a house she sold. But she gives us only \$10 a month for her room, these six years; and while I wouldn't dream of renting a room to anyone else for that small sum, I have let it ride, as she is John's mother.

I had thought she might increase the payment, of her own accord; but never. All this time she is buying furniture, clothes and such for three other children—two daughters and her "baby son," now 25.

I have talked to our pastor, who said to "take the bull by the horns and do it now." So I am trying to determine the right course. I have reached the point where I don't even care to talk to her, so I'd rather she didn't stay with us.

### Older Woman Does Nothing

I know John wouldn't want to put her out, so I intend to raise the room rent; and if she doesn't like it she can move. I know her daughters won't want her; they just want her to visit and bring gifts, as she always does.

I do all the housework, even cleaning her room and doing her laundry. She is healthy, but she just sits; doesn't even sew or embroider. And it is terribly vexatious to have another person in the kitchen, at the stove, cooking a different meal. So I would rather she moved—unless you have a better solution.

If she were sick or had nothing, I would keep her gladly. But to see her saving at our expense, while helping the others—I just can't take it any longer. Please advise me, as to fair charges and so on.—W.Y.

### Money Isn't The Real Issue

DEAR W.Y.: Putting a right price on a furnished room-for-rent in a private dwelling is a strictly individual matter. However, the fair market price, figured on an impersonal basis, in a good or middle class neighborhood, probably would be less than \$40 a month, nowadays. And it might go as high as \$60 per month.

I know a widow, financially astute, who maintains a large and comfortable apartment, on a modest income, and also manages to travel a good deal, by renting out two bedrooms at \$60 each per month. These are leased by professional women, who are permitted home privileges and kitchen privileges as part of the package; and who consider the set-up very desirable, as does their landlady.

As for how to solve your mother-in-law problem—and her housing needs—I'm not sure it is wise to beat about the bush, by simply upping the rent, as though money were the sole issue, in the hope that she'll take the hint and move. She might not.

She might only use the rent boost as a talking point, to make a case against you, as her alleged persecutor—complaining first to John and then to the others (or vice versa); and eventually inducing John to vote against you and reduce the rate back to \$10. Thus defeating your aim. Which would make an already bad matter that much worse.

### Certain Steps Are Necessary

When your pastor advised you to take the bull by the horns and do it now, he probably meant for you to lead out, in getting down what's got to be done, to save yourself from collapse. So, if you feel she must live elsewhere—and I agree—you should take necessary steps to arrange the transfer. Be civil about it, but adamant. Also be frank. Don't doubt-talk about your purpose—and the need of it, for her sake and yours, since you aren't congenial.

1. Make clear to John that a change is imperative. 2. Cite the pastor's advice, in support of your right to insist upon justice to yourself in the situation. 3. Draft a brief, firm, clear letter-copy to be sent to all her children—setting forth the unarguable fact that their mother's need of housing is a family problem, a collective concern, not just yours and John's. Say that new arrangements must be made; and their ideas or offers are wanted. 4. If they don't respond cooperatively, it means they are indifferent or defensive. In which case, have the clergy help you find a colony of oldsters, where she'd fit in, and move her there.—M.H.

Mary Haworth's column is only through her columns, not by mail or personal interview. Write her in care of The Evening Times. (King Features Syndicate)

Broomball is a favorite sport for skaters in Canada, the players using a football which they propel with brooms used similarly to hockey sticks.

### Your Horoscope

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

For Friday, February 28, 1958

MARCH 21 to APRIL 20 (Aries) — Wait to determine carefully what you should do, then proceed; but be equally careful not to make mistakes through haste or overconfidence. Don't depend upon past knowledge only.

APRIL 21 to MAY 21 (Taurus) — Aspirations rise from yesterday's base. Venus urges you to put forth all sensible effort to gain new ground in whatever your field, and make little home improvements, too.

MAY 22 to JUNE 21 (Gemini) — Mercury in propitious position. The fire and ambition generated now can be of great help in climbing up the ladder of success. But don't neglect your duties as well as stabilizing new affairs. Go, but without too much gusto.

JUNE 22 to JULY 21 (Cancer) — A conscientious, thorough attitude will put you and help those about you out from the early and lasting winnings. Control the emotions. Your kind of sturdy patriotism is needed.

JULY 22 to AUG. 23 (Leo) — Dignity, magnanimity, frankness and trust are strengthened under aspects as today's when you keep your best self in tune. A healthy cooperative spirit pays.

AUG. 24 to SEPT. 23 (Virgo) — And here we note the vitality and coordination so sorely needed these days. Give all you can within reason. It will boost your stock, aid loved ones, make you feel good.

SEPT. 24 to OCT. 23 (Libra) — Good natured disposition and thoughtful at all assets to place today above the lion and tact will hold down enemies.

OCT. 24 to NOV. 23 (Scorpio) — By your general stability and direct approach you can make some notable decisions and place into effect just-right arrangements and solutions. Work hard for this worthwhile aim.

NOV. 24 to DEC. 21 (Sagittarius) — Having what one wishes is gratifying at times only. But doing graciously what one must, can really have a happier outcome. An expansive, warm period with right help.

DEC. 22 to JAN. 20 (Capricorn) — Watch that these attributes are present to round out a successful day: prudence, creditability, constructive execution, proper system. Strive, but main gain good humor, too.

JAN. 21 to FEB. 19 (Aquarius) — Your intuition, foresight and talent for seeing and being happy as you work. Birthdays through, and cutting through, red tape can do wonders now. Exercise!

### L'L ABNER

YES, AH IS DAID, TOO—SAME AS YOU—IS CARY GRUNT—

AH MUST OF DONE SOMETHIN' POTTEN AH DIDN'T NOTICE WHILE AH WAS ALIVE—

THIS'LL KILL YOU, YOKUM—YOU IS ALIVE!

### STEVE CANYON

HEY, GOLDEN BOY! I THOUGHT YOU HAD GIVEN MIZZOU UP FOR A LIFE OF NOBLE THOUGHTS AND DEEDS!

LATCH OVEN, YOUR WATCHDOG HAS BODY-GUARDED ME FROM THE OTHER ARMY SO WELL HE HAS HARDLY HAD TIME TO SQUEEZE IN A FAST PITCH OF HIS OWN!

I'M HERE ON ASSIGNMENT, MIZZOU—COL. BRUCE THANKS YOU MAY BE A FIFTH COLUMBIAN PLANTED HERE BY THE ARMY TO SIGNIFY THEIR SEA UNITS WHEN THE WAR GAMES START...

I PERSONALLY THINK THE COLONEL HAS READ TOO MANY HORNBLOWER STORIES BUT HE SENT ME OUT—MIZZOU, WHY IS YOUR HAND SHAKING?

WAY—NOTHING STEVE, NOTHING AT ALL...

### RIP KIRBY

OH, MR. KIRBY, THAT'S WONDERFUL NEWS! IF YOU HELP ME FIND THE TREASURE, YOU CAN HAVE ANY PART YOU THINK IS FAIR...

WE'D BETTER NOT DIVIDE THE PEARLS UNTIL WE'VE COME TO THEM, BUT IT'S WORTH A TRY!

A FEW DAYS LATER, A PLANE CARRYING TEELA, KIRBY AND DESMOND, AMONG OTHER PASSENGERS, WINGS OVER THE PACIFIC...

THIS INTER-ISLAND STEAMER IS BRINGING YOU CLOSER TO HOME, PRINCESS. HOW DO YOU FEEL?

HAPPY, BUT FRIGHTENED TOO. AFTER BEING AWAY, IT ALL SEEMS SO STRANGE AND DIFFERENT.

### MYRTLE

NOW WHAT DO I DO WITH A NEW FROCK? I NEED A NEEDLE?

WELL, NO! I CAN HARDLY WAIT TO HEAR OF YOUR NEW RECORD!

OH—OH—I REMEMBER NOW—I TAUGHT YOU TO POP A COIN IN THE POPPER!

### CAPTAIN EASY

TECHNICIANS WORK FEVERISHLY AS THE CONTROLS AND INSTRUMENTS ARE GIVEN FINAL CHECKS.

SHANDY'S AT THE LAB FOR HIS LAST DRILL IN CHECKING THE SATELLITES SPIN WHEN IT IS BLASTED INTO ORBIT.

CAN HE BE TRUSTED TO FOLLOW YOUR INSTRUCTIONS EXACTLY?

YES—TO SAVE HIS OWN NECK! WE'VE DRILLED HIM FOR EVERY EMERGENCY WE CAN FORESEE! I THINK HE'S READY!

AT THE MISSILE TEST CENTER THE CYCLOPS IS STATIC TESTED, FIRED WHILE LASHED TO THE PAD TO CHECK ITS ROCKET MOTORS.

### BOOTS AND HER BUDDIES

OH—HMM! FAMILY LIFE! JUST AS IN THE GOOD OLD DAYS.

HERE'S A MAN TO SEE YOU, POP!

GOOD HEAVENS!

### FRECKLES AND HIS FRIENDS

JUST HOLD THE DRAPES EVEN WITH THE TOP SO I CAN CHECK THE LENGTH AGAIN!

SURE NOW!

HEY! THERE'S JUNE!

JUNE! WAIT A SEC AND I'LL WALK WITH YOU!

YOU CAN GO NOW, FRECKLES! I'LL GET YOUR FATHER TO HELP ME!

### ALLEY OOP

I MUST SAY YOU FELLOWS PICKED A NICE PLACE TO LAND YOUR MOON ROCKET.

LIKE WE SAID, DOC, THIS WAS THE FIRST AND ONLY LAND WE SAW.

IT'S NOT A VERY LARGE ISLAND, BUT IT'S GOT SOME PRETTY INTERESTING STUFF ON IT.

OH, I CAN SEE THAT ALL RIGHT!

OH, I DIDN'T MEAN THE GIRLS. COME ALONG, WE'LL SHOW YOU SOMETHING!

MORNING, THE DAY AFTER DR. WONMUNG STUMBLED ASHORE ON THIS REMOTE SOUTH SEA ISLAND.

### MICKY MOUSE

GOOFY!

DON'T WORRY! I'LL BE THERE IN 10 MINUTES!

I BELIEVE IN PROFITABLE MISTAKES!

QUESTION IS—NOW HOW DO I GET DOWN?

## Culture Plan Draws Blast

LOS ANGELES — (INS) — Matt Cvetie, former FBI counterespionage agent, described America's Cultural exchange program today as "a dangerous experiment."

Cvetie said he met many "so-called cultural representatives" during his nine years as a party member and found their primary motive not culture, but the dissemination of Soviet propaganda.

The 48-year-old ex-undercover man said he opposes the program because it allows the Soviets to flood the U. S. with its agents.

He said the agents are not necessarily the artists but the persons who escort them.

Cvetie, in Los Angeles on a lecture tour, is writing another book on his experiences as a secret operative. His first, "I Was A Communist For The FBI," was a best-seller and was the basis of a television series.

Non-skid chains for automobiles were invented by an English ship-builder, Charles Parsons.

## School Observes Boy Scout Week

The 48th anniversary of the Boy Scouts was observed recently by Pack 23 and Troop 23, sponsored by the Parent-Teacher Association of John Humbird School, with a covered dish supper at the school.

Rev. Kenneth W. Grove gave the invocation. Following the dinner, each of the patrols entertained with a demonstration on fire building and first aid. The explorer crew described various knots and their uses.

Willis V. Smith, scout executive for Potomac Council, and Clyde Cessna, neighborhood commissioner for Pack and Troop 23, gave short talks.

Appreciation awards were presented to Sarah Berry, Elhel Grimschaw, Carl Taschenberger, and Leroy Saville for their service with Pack 23 and Troop 23 respectively. Awards for the Cub Pack were presented by George Warner, cubmaster; awards for the troop were presented by Wallace Smith, advancement chairman.

Rev. Raymond Campbell gave the benediction.

## Pickets Say Boat Almost Strikes Them

GALLIPOLIS, Ohio (AP) — Utility Workers Union of America pickets aboard boats in the Ohio River yesterday said a tow boat almost ran them down. It was delivering coal to the strike-bound Kyger Creek power plant.

The 14 barges of coal were the first to arrive at the plant since the strike began Sunday. They were also the first to arrive since ice on the river thawed enough to allow traffic.

The UAWA plans to protest to the United Mine Workers. Deckhands on the barges are members of the UMW District 50.

James G. Cox, administrative assistant for the Ohio Valley Electric Corp., which operates the Kyger Creek plant, had reported the plant was "running short of coal." He said the stockpile was enough, however, to last for 80 to 90 days.

The plant, which supplies power for the Atomic Energy Commission plant in Pike County, uses eight tons of coal a minute. Yesterday's shipment was 15,000 tons.

Cox said supervisory personnel are having no difficulty keeping the plant operating smoothly.

In a public hearing yesterday, Gallia County Common Pleas Judge Robert M. Betz, who issued a restraining order Monday limiting the number of pickets at the plant, ruled that he had authority to issue the order.

The UAWA had contended that the order must come from a federal court since the Kyger Creek plant is involved in inter-state trade. Judge Betz, however, ruled that he had authority because he was trying to protect law and order.

The hearing was to be continued today to determine whether the order should be continued.

The hearing was to be continued today to determine whether the order should be continued.

## White House

(Continued from Page 11)

anged for Thursday, March 6, at 10 a. m. at the plant.

The contract expires on April 8. Attending the meeting besides Cline and members of the union's negotiating committee, were Hudson Nix, Amecole plant personnel director, Kenneth Williams, B. B. Lucas and Fred Hutchison, of the personnel department.

## Moose Governors To Meet Tonight

The board of governors of Cumberland Lodge 271, L.O.O. Moose, will meet today at 7 p. m. at the lodge home to consider applications for membership. An initiation is planned next Thursday.

The lodge convention committee will meet at 7:30 p. m. to further plans for the state convention that will be held here in June, according to Ernest B. Treat, chairman.

## Dies Of Injury

EASTON, Md. (AP) — Harry B. Blades, 62, of nearby Cordova, injured Monday when a train hit a truck, died yesterday at Eastern Memorial Hospital.

## Obituary

(Continued from Page 11)

in the Allegany County Infirmary, Cumberland, following an illness of 12 years.

Born at Upper Tract, she was a daughter of the late Owen and Belle (Rexroad) McCullough. Mrs. Simmons was a member of Keyser Assembly of God Church.

Surviving is a half-brother, Charles McCullough, RD 3.

The body will be at the Rogers Funeral Home after 7 p. m. today.

Mrs. Christian Hulver  
BAKER, W. Va. — Mrs. Christina Hulver, 78, of McCauley, near here, died Tuesday in the Winchester Memorial Hospital.

A native of this area, she was born February 4, 1880, a daughter of the late Nicholas and Mary Catherine Baughman. Her husband, George Hulver, preceded her in death.

Survivors included a daughter, Mrs. Freda C. Ruby, of Baker; two sons, Raymond A. Hulver, Winchester, and Lyle Hulver, Wardsville; a sister, Miss Leah Baughman, of Baker; 11 grandchildren and two great-grandchildren.

Services will be conducted tomorrow at 2 p. m. at the Mount Moriah Lutheran Church by Rev. Gordon K. Zirkle. Interment will be in the church cemetery.

O. A. Sharpless  
Otha A. Sharpless, 79, who had been a funeral director at Blaine, W. Va. for the past 54 years, died yesterday in Garrett County Memorial Hospital, Oakland.

Mr. Sharpless was active in his business until a week ago when he became ill. He had been a patient at the hospital since Sunday.

Born February 4, 1879 at Elk Garden, W. Va., he was a son of the late Benjamin and Amy (Paugh) Sharpless.

He was a member of Mt. Carbon Lodge 28, AF&AM of Piedmont, W. Va.; Cumberland Consistory Scottish Rite; Ali Ghan Shrine, Cumberland, and the Kitzmiller Lions Club. He also was a member of Mt. Belhel Methodist Church at Kitzmiller.

Surviving are his widow, Anna (Beckman) Sharpless; a daughter, Miss Mildred Sharpless, at home, and five sisters, Mrs. Sue Loomis and Mrs. Lucretia Will, both of Westernport; Mrs. Virginia Bunting, Pocahontas City; Mrs. Bessie Wilson, Piedmont, and Mrs. Mary Boring, Bayard, W. Va.

Services will be conducted Saturday at 2:30 p. m. at Mt. Belhel Methodist Church by Rev. Charles Pence, pastor, and Rev. Allen Parrish, former pastor. Burial will be IOOF Cemetery.

The body is at the residence. The body will be taken to the church at 12:30 Saturday.

Earl R. Hill  
Earl Robert Hill, 64, of Cresaptown, died yesterday in Sacred Heart Hospital where he was admitted February 2. He had been in ill health for three years.

Born at Borden Mines, a son of Robert and Anna (Eisel) Hill, he was a retired employee of the Celanese Corporation.

Mr. Hill was a veteran of World War I and was a member of Cresaptown Fire Company, Cresaptown Methodist Church and Henry Hart Post 1411, Veterans of Foreign Wars.

Surviving are his widow, Myrtle (Boor) Hill; a son, Robert E. Hill, Cresaptown; a daughter, Miss Aloma Rose Hill, at home, and four sisters, Mrs. Roy Arnold, Mrs. Emma Arnold, Mrs. Elizabeth Boyer, all of Frostburg, and Mrs. Margaret Christofeld, Pittsburgh.

The body is at the John J. Hafer Chapel of the Hills Mortuary, Braddock Road and U. S. Route 40, where the family will receive friends from 2 to 4 p. m. and 7 to 9 p. m.

Services will be conducted at the funeral home Saturday at 3:30 p. m. by Rev. Raymond M. Crowe, pastor of Cresaptown Methodist Church. Burial will be in Frostburg Memorial Park.

Pallbearers, all members of the Cresaptown Fire Department, will be Satina Femi, Samuel Brown, Leonard Cosner, James McKee, Paul Appel and Harold Miller.

Frank Strah  
Frank Strah, 77, formerly of 25 Oak Street, died last Saturday in Spokane, Washington.

The body will be brought to the Hafer Funeral Home here.

Skelley Services  
A requiem mass for Michael W. Skelley, 84, Pinto, who died Tuesday in Sacred Heart Hospital.

## Youth Facing Arson Charge In Hotel Fire

CAMBRIDGE (AP) — A 16-year-old youth, with a record of juvenile delinquency convictions, was charged last night with arson in connection with the Hotel Cambridge fire last month.

The hotel, which still hasn't reopened and probably won't, was badly damaged. Damage has been estimated at about \$50,000.

Police Chief Bruce Kinneman said that John Ross Davis Jr. of (249 Race St.) Cambridge was booked on charges of arson, destruction of property and petty larceny.

The youth was picked up last Tuesday night on an initial charge of stealing from parked cars. After questioning, the arson charge was filed.

Kinneman said Davis gave a statement in which he said he broke into the office of L. Philip Skinner, in the hotel building. While in the office he lit a cigarette, the statement said, and when Davis thought someone saw him from the outside he dropped the cigarette and flamed match and fled. The match fell into some papers, the boy's statement said.

Kinneman's office has been investigating the cause of the fire since it occurred.

## Firemen To Meet

The Allegany-Garrett County Volunteer Firemen's Association will meet Sunday at 2 p. m. at the Baltimore Pike Fire Hall. Tickets for the annual smoker, planned April 19, will be distributed.

will be celebrated tomorrow at 9 a. m. at St. Ambrose Catholic Church, Cresaptown. Burial will be in the parish cemetery.

The body is at the George Funeral Home where rosary will be recited at 7 p. m. today.

Pallbearers will be Harry, Harmon, Ferman, George and Edward Barton and Thomas Smith.

VAN METER — Mr. and Mrs. Kermit H., Cabins, W. Va., a daughter this morning in Memorial.

Freshwater clams spend the early part of their lives as parasites on fish.

## Space Flight Prediction

LOS ANGELES — (INS) — Aviation pioneer Eddie Rickenbacker said today ultra-sonic space flights carrying as many as 1000 or 1500 passengers will be possible within 25 years.

The World War I air ace, now general manager and chairman of the Board of Eastern Air Lines, said America's position of opening new worlds through nuclear-powered space exploration is comparable to Columbus.

"But," he added, "unlike ships comparable to the Nina, Pinla and Santa Maria, space travelers hence will be conveyed through the skies in rocket ships as luxurious as the ocean liners United States, and the Queen Mary."

Rickenbacker, 68, said the United States will be the leader in the space age "because it is far better mentally prepared than Russia."
